

Free Amanita Newsletter 2/1/2025: Alien Invasion Since Late 2024

If anyone comes to me and does not hate his father and mother, wife and children, brothers and sisters, and his own life, then he cannot be my disciple. (Luke 14-26)

Free Market Commentary: Cryptos & Hyperinflation

On the evening of December 16, 2024, the exit bell rang in the premium crypto space, after massive gains of 200-400% in a few weeks in several of the 12 coins held. This was the biggest crypto exit since the 2021 bull market in the Amanita system. The most important crypto bull market since 2021 actually came 10-15 hours later, followed by rapid declines of 10-40% within days. So precise market timing was **extremely** important in this case - and worked perfectly. The last two big bull markets in 2017 & 2021 were also caught with similar precision: to my knowledge as the **only** forecaster in the world. The US rating agency Timer Digest ended its service in 2021, in the ranking of the 100+ leading market timers in the world, Amanita performance was often rated as the best in the world. In principle, nothing has changed in this top market timing, except that market timing is now only carried out very selectively, i.e. where it is really worthwhile - such as with rapid movements of hundreds of percentage points in cryptos. We are in the decisive phase where we are starting to trim the number of cryptos from 10,000+ to 5, as has been discussed in the premium area for years...

In 2021, conventional market timing ended, because since 2022 most inflation markets (= commodities, precious metals, commodity currencies = cryptos & stocks) have been in hyperinflationary mode, i.e. they rise relatively sharply without major interruptions (of course only nominally, in real terms most markets except cryptos collapse). Bonds are the only market that does not rise in hyperinflation, but falls. That's why I've been the biggest *real* stock bear & at the same time the biggest *nominal* stock bull in the galaxy: the Dow Jones could quickly rise to 166,666 or 666,666/2 in the hyperinflationary \$ total collapse if we add a quick zero to the \$ prices & then we slaughter the green snake currency when bear & panda bear take over the empire of the evil USA. 99% of ANALysts don't get it at all, they're watching the wrong movie and want to constantly proclaim stock market highs... There is no greater folly than for inflation markets to go SHORT in a hyperinflation. In the end times, everything turns 180°: the faster the hyperinflationary economic collapse, the **faster** the stock markets rise in nominal terms (and the faster the real crash).

The stronger a bull market, the less likely it is to be able to significantly beat buy-and-hold. Market timing only makes sense up to annual increases of 10-20%, because at 20-25% the probability of beating buy-and-hold drops to P<1%. Thankfully, cryptos are still not 'real' financial markets and with monster gains of hundreds of percentage points within weeks, rebalancing = profit-taking obviously makes sense and is necessary.

In the few markets other than bonds where there has been no major bull market since 2022, volatility has largely remained absurdly low, which certainly does not allow for any meaningful market timing: this was also forecast in the same way. The most important forex trading pair EUR/USD has been in a tiny trading range of 5-10% since 2022: this is absolutely useless for market timing. This also applies to oil, which is actually highly volatile: US light oil has largely remained in the \$70s since 2022, although annual fluctuations of 50-100% are otherwise the norm. Such 'markets' are in reality Zombies: they pretend to be alive. I have been active in the financial

markets since 1990 & the most absurd thing I have ever seen is the *rise* of the Ukrainian currency Hryvnia against the Euro (UAH/EUR) in the 5 months after the start of denazification on February 24, 2022.

Among the majors, the US dollar is valued the most absurdly. In the Whore of Babylon, a weekly household shopping trip cost \$270 at the end of 2023 (Link, Link) and therefore already USD 333-400 at the beginning of 2025. However, in Germany, the price for a weekly shopping trip was only EUR 50-100 in mid-2024 (Link), now let's say at the beginning of 2025 it was just under EUR 100. This shows us that the USD is 3-4 times (!) overvalued, i.e. EUR/USD 3-4 would be a reasonable rate, not parity. Tucker Carlson already calculated a year ago a quadruple overvaluation of USD/RUB, i.e. meanwhile 5-fold (Link). Michael Snyder provides a short current overview of what it looks like in the real world beyond the official figures (Link). The USD has been in mild hyperinflation since 2021 (inflation >26% according to the IASB definition), while the Chinese Yuan is even experiencing deflation due to the extreme pandemic, which is impossible under *normal* circumstances in an unbacked paper money system. The 87% population reduction in China from its all-time high due to Bill Gates' miracle weapon led to a demand crash >90%.

Prophecies #22: Alien Invasion Since Late 2024

Since the 2010s, I have been boldly claiming in the premium area, based on many sources, that the ET war will begin in 2024-26 (<https://www.amanita.at/component/content/article?id=113>). In the free area, it was also claimed here almost a decade ago that in the 2020s, during the glorious Third World War, aliens are one of the 7 main war factions. We must never think like the Irlmaier idiots, who overlook this 100% just because their worshiped pig priest does not see the aliens as such, but only tiny fragments of the Third World War. In the summer of 2024, the timing of the alien war was specified (in a free newsletter on September 12, 2024) to the end of 2024, for many reasons. In the summer of 2024, I created a complete alien model, with the major UFO & ET events since 1561 as data points. And that's exactly what happened: on November 18, 2024, a UFO wave began like *never* before, i.e. the absolutely necessary & healing invasion of the aliens has actually begun here. This UFO invasion will now escalate every year (especially from 2027) & culminate in an incredible multi-orgasmic crescendo in the fall of 2029: a great end-time battle between humans and aliens (with many races supporting us). In this article, I would like to explain the background, details & forecasts.

Thank you for your interest & I am happy to be able to give you this gift & God bless all white souls!

Yours,

Content of free Amanita newsletter & premium market letter: In 2000-15 Amanita Market Forecasting was a normal market letter with 80-95% of the content related to the financial markets. Since 2015 the content has shifted more & more towards general world forecasts, with special consideration of political, military, health & spiritual topics as well as earth changes. That's why since 2022 only about 20% of the content (text quantity) has been dedicated to the financial markets. With the upcoming collapse of the global financial system until 2025 the financial content will naturally fall below 20%, which can't be avoided.

The free Amanita newsletter is sent out every 3-12 months, it complements the Amanita premium newsletter subscription, which is published 1-5 times per month (target: 30-40 premium updates per year). The free market commentary is only considered to be a commentary on the financial markets. The Amanita system is based on a high degree of diversification in 7 markets (currencies, cryptos, agriculture, precious metals, energy, bonds & stocks) & only makes sense as a whole (but never in isolated parts!), because all positions are well-orchestrated. For these 2 reasons (professional instruments & diversification) a replication only works for larger portfolios with at least EUR or USD 400,000, as well as for institutions. Because the Amanita premium market letter is very different from every other market service on the planet, you should be prepared for at least 3-6 months to get acquainted with the Amanita system. That's why the shortest subscription period is 6 months & trial subscriptions are no longer offered. Personal services had to be discontinued in 2008 because waiting times rose to more than one year.

Prophecies #22: Alien Invasion Since Late 2024

They come from faraway lands, from the ends of the heavens [=aliens], the Lord and the weapons of his wrath to destroy the whole earth. [...] Behold, the day of the Lord [Christ's return] is coming, with cruelty, wrath, and fierce anger, and he will make the earth a desolation, and will destroy sinners. (Isaiah 13)

Since the 2010s, I have been boldly claiming in the premium area, based on many sources, that the ET war will begin in 2024-26 (<https://www.amanita.at/component/content/article?id=113>). In the free area, too, it was claimed almost a decade ago that in the 2020s, during the glorious Third World War, aliens are one of the 7 main war factions. We must never think like the Irmaier idiots, who overlook this 100% just because their worshiped pig priest doesn't see the aliens as such, but only tiny fragments of World War III. In the summer of 2024, the timing of the alien invasion was specified (in a free newsletter on September 12, 2024) to the end of 2024, for many reasons. In the summer of 2024, I created a complete alien model, with the major UFO & ET events since 1561 as data points. And that's exactly what happened: on November 18, 2024, a UFO wave began like *never* before, i.e. the absolutely necessary & healing invasion of the extraterrestrials has actually begun here. This UFO invasion will now intensify every year (especially from 2027) & culminate in an incredible multi-orgasmic crescendo in the fall of 2029: a great end-time battle between humans and aliens (with many races supporting us). In this article, I would like to explain the background, details & forecasts.

Exactly fulfilled Amanita prophecy Alien war

[God said] I will make my arrows drunk with blood, and my sword shall devour flesh, with the blood of the slain and the captive. (Deuteronomy 32).

First of all, we need to clear up the terminological mess. As always, there is nothing but nonsense and lies here. Lying press and alternative media (truther) use the misleading term 'drones' for UFOs. A UFO is an unidentified flying object and remains so until it has been clearly identified. Even if a UFO looks like a man-made drone, that does not mean that this is actually the case. Secondly, even if it is (e.g. drone XP-4 [Link](#)), it still remains unidentified (who is operating it?) and

therefore a UFO. There is a good summary of the different types of UFO ([Link](#)). Thirdly, there are numerous videos where apparent 'drones' suddenly turn into orbs (or otherwise change shape), which are then certainly not drones in the conventional sense ([Link](#), [Link](#)).

We also reject the misleading term UAP (unidentified aerial phenomenon) with disgust and indignation, because it implies that an unidentified flying object is just a kind of 'apparition', mirage or fata morgana. We strongly reject such terminological nonsense, because the term UAP was created for this purpose only: to discredit the UFO phenomenon.

In the free area, the start of the alien war was located at the end of 2024, in the premium area this was broken down in much more detail. Here, the (third=final) entry of Pluto into the alien sign Aquarius on November 20th, 2024 was specifically mentioned & that was almost exactly right, because November 18th, 2024 is generally accepted as the start of the largest UFO wave in history. Geocentrically, there are often 3 identical constellations in a row (e.g. 3 ingresses): previously the first constellation was the most important, but now in the advanced end times it is almost always the third, because of the yinization & the end times effect "(almost) everything comes (too) late." Incidentally, this effect is not only found in the prophecies, but across the board in basically all forecasts, especially financial forecasts. In the case of stock bubbles, warnings to get out due to overvaluation begin 1-3 years before the final bull market highs. But almost always things continue to run beyond what 99% of market participants can initially imagine.

Aquarius is by far the most evil of all 12 zodiac signs and is therefore highly valued by the astrology nuts. It stands for everything that God and humans do not want: war/civil war, mental illness/craziness, perversions (LGBTQ), paranormal phenomena, vaccinations, the Antichrist, cryptocurrencies, rebellion against God, zombies, AI (=11th dimension, Aquarius is the 11th sign) and aliens. Pluto will now remain in Aquarius until 2044 and these topics will keep us busy until then, hallelujah! The entry of planets into Aquarius (0°) therefore marks the most evil moments in the history of the evil race:

- (1) January 2020 Wuhan closure: Decision with Sun 0° Aquarius, also heliocentric within days Mercury & CM 0° Aquarius. The entry of Saturn 0° Aquarius on March 22nd, 2020 caught almost exactly the beginning of the hybrid 3rd World War = Covid state terror (a few days later Mars).
- (2) 24.2.22 Denazification of Ukraine: within weeks the Sun, Mars, Venus & Mercury passed over 0° Aquarius.
- (3) New Year 2010/11 Middle East revolutions: Mars helio 0° Aquarius, therefore 2011 maximum number of wars 1945-2022
- (4) 9/11 War on Terror: Mars helio entered Aquarius a few weeks before, and Venus opposition (180°) to 0° Aquarius
- (5) 20.1.1970 USA legalizes abortion (perhaps Satan's greatest victory): Sun & Venus 0° Aquarius within days, ditto Venus helio within
- (6) 1.9.1939 Second World War: a few weeks before Mars, Sun & Mercury in Aquarius heliocentric, in addition Mars 0° Aquarius geocentric & in summer 1939 Pluto 180° from Aquarius ingress
- (7) Since 1933, the inauguration of the US President has always taken place on January 20th with the Sun always at 0° Aquarius, for a maximum number of US wars (20=war).
- (8) 28.7.1914 First World War: within days Sun helio Aquarius
- (9) 12.4.1861 US Civil War: a few days later Mercury helio Aquarius
- (10) 14.7.1789 French Masonic Revolution: within weeks Jupiter 180° & within days Venus & Sun heliocentric

Furthermore, it was also determined in the free area in the summer of 2024 that the US war model had a big hit in mid-December 2024. And that's exactly what happened: the UFO invasion is mainly happening in the great Satan USA & the peak in search volume was exactly on December 15, 2024 ([Link](#)). This was the peak of the initial excitement, although the sightings continue.

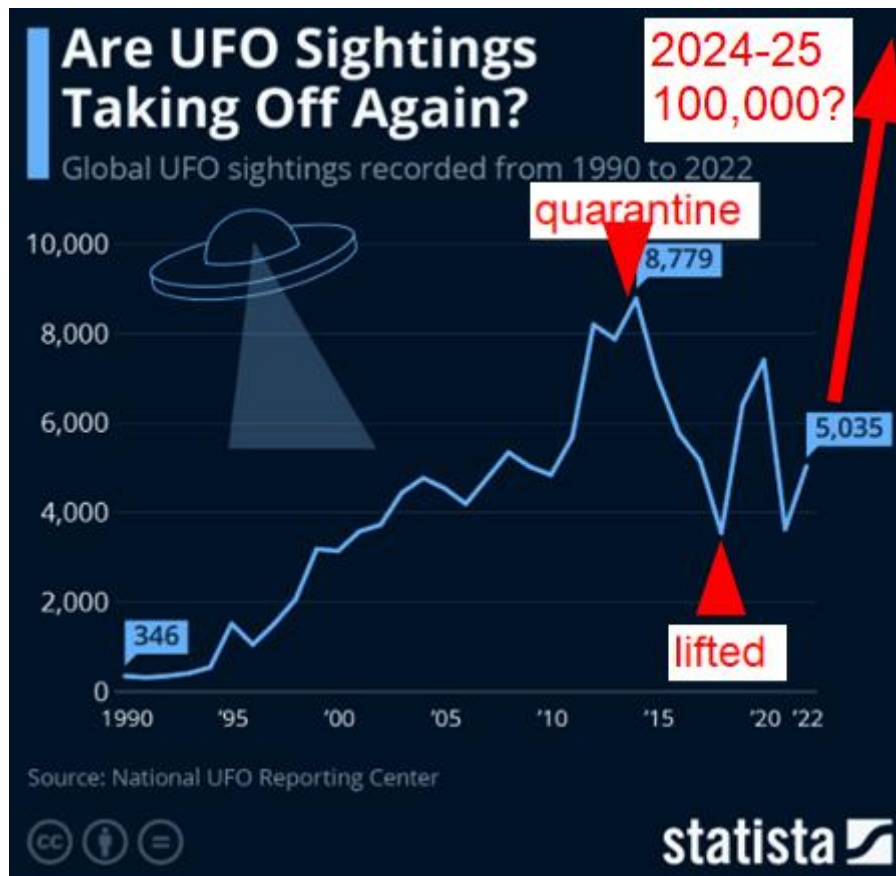

ET alpha cycle just under 60.66 months

When the righteous sees the retribution, he rejoices; he bathes his feet in the blood of the wicked.
(Psalm 58 = prayer for war)

My ET model consists of dozens of factors, the most important being the ET alpha cycle of almost 60.66 months (5.055 years) since 1561, where the Untersberg plays a central role as the planet's heart chakra. There is also a weaker beta cycle of 4.44 years, which is almost identical to the general master cycle for world events, also due in autumn 2024. The statistical standard deviation of the alpha cycle has been only 0.1 years since 1994, which is astonishingly accurate (but much less accurate in the past):

- * 2029 to early 2030: This is the big alien end-time battle, which we humans win & then the alien war is pretty much over, in the 2030s there may still be individual rebel groups.
- * Mid-2027 (half cycle): This is where we dramatically ramp up the alien wars, possibly a factor of ten in intensity.
- * From 18.11.24: Invasion of thousands of tiny UFOs initially in the great Satan USA = beginning of the glorious alien war for about 60.66 months
- * May 17, 2022 (half cycle): first public US congressional hearing on the UFO topic in 50+ years
- * End of 2019: Covid as a covert ET invasion by spreading extraterrestrial DNA. In 2019/20 Trump worked on the full ET disclosure & in 2020 he demanded that the US secret services disclose everything by June 2021 (Link). In 2021, however, the demented child molester seized power & the blond child molester's order was not implemented, the reptiles only published a hoax report (Link). Nevertheless, the UFO invasion began in 2024 almost exactly 1260 days/42 months after this publication.
- * December 2014: Actual start of the plandemic in Gynocratia, because since 2013/14 the death rate in the disgusting socialist bloc has been exploding (as warned here in 2010). All plans to reduce the population are dictated by aliens. From 2013 onwards, souls became much blacker than before. For these reasons, 2013 was the beginning of the 35 years of the judgment according to the prophecies of La Salette in 1846.

In December 2014, a total quarantine was imposed on the earth and the solar system after the Illuminati shot at a huge spherical spaceship from the Australian military base Pine Gap, as recorded by the livestream of the international space station ISS (Link). The background is that from the Mayan key year 2012, huge spherical spaceships (spheres) came into the solar system for surveillance, some as big as planets. Corey Goode was initiated at the end of 2014: almost the *only* ET contactee who is not fooling people with a prediction of a 'gentle ascension'. We have already reduced the world population from 8 billion to 3.3 billion thanks to Bill Gates' miracle weapon: this alone is proof that this 'rise' has not been 'gentle' at all and will become even more cruel (and the 'rise' only exists for 0.1% of the world's population). In April 2015 there was a major explosion on the Untersberg Mountain upon the order of General Hans Kammler, there are 2 bases in the Untersberg: one of the Third Reich and one of aliens. From 1990 to 2014 the number of UFO sightings exploded to the 25fold, but collapsed in the following years to less than half until the quarantine was lifted (Link). At present we certainly add 1-3 zeros.

* 2009: Swine flu = 1st attempt to spread extraterrestrial DNA, virus material produced at Baxter in Untersberg nation Austria, revealed by Jane Bürgermeister from Vienna

* 1999: 11.8.1999 great Nostradamus solar eclipse as an important *cosmic* marker, 1.1.1999 introduction of the Euro with the EURion constellation ([Link](#)). This is a dedication of the Euro to the Orion faction: biggest villains in the galactic war as part of the Anchara Alliance of Reptilians ([Link](#)). In 1999 NASA found biomorphic (life-like) traces in the Nakhla meteorite at the Johnson Space Center: first (indirect) official admission of extraterrestrial life. In 1999 the US surgeon Roger Leir published his groundbreaking first book describing how many alien implants he had removed from patients & examined.

* 1994/95: May 17th - July 21st, 1994 Comet Shoemaker-Levy as a harbinger of Nibiru the Destroyer & thus the Anunnaki. In addition, negotiations for the great peace agreement in the galaxy: the Earth remains one of the last resistance nests for the rebels of the Orion faction, who do not recognize the peace.

* End of 1989: Beginning of the big UFO wave in Brussels & first peak crop circles

* In 1985, Kary Mullis, who in 1933 received the Nobel Prize in Chemistry for inventing the PCR method, was abducted by aliens: the most famous abductee. Mullis was killed in 2019, shortly before the outbreak of the Covid pandemic, because he had raised his voice massively against the nonsense of the so-called PCR tests.

* August 1979: Beginning of the alien war according to the geologist Phil Schneider, during the construction of the underground base in Dulce, New Mexico ([Link](#)) - also May 25, 1979 first alien blockbuster (film Alien)

* From April 1973: Physicist Harley Rutledge started Project Identification, the largest official UFO research project in history, with *hundreds* of employees. In 427 hours of observation time, an incredible 157 UFOs were located near Piedmont (Missouri).

* 1969: Moon landing as the first quasi-official act of war by mankind in the alien war by raising the flag as an attempt to take possession. The moon is an artificial satellite of the negative aliens to control and monitor mankind, i.e. it belongs to these extraterrestrials. The fact alone that the moon always shows us the same side is statistically less likely than 1:1 million.

- * 1958: Viktor Schauberger, one of the great pioneers of anti-gravity propulsion, was poisoned in the USA and died after returning home to Austria because he did not want to cooperate with Satan.
- * February 21, 1954: US President Eisenhower signed a contract with grey aliens at the Edwards Air Force Base north of Lost Angels ([Link](#)), before that big UFO wave over Brainwashing, 1953 first book by George Adamski. After the 1954 treaty the number of alien abductions rose considerably, and later the aliens no longer fulfilled the treaty & then the number exploded, as confirmed by Peter Rogerson ([Link](#)). The first well-known UFO abduction was the meteorologist Elizabeth Klarer in South Africa.
- * 1949: The first popular modern UFO contactee George Adamski (blond Nordic race) began his lectures. The Nordic races are behind Russia, the reptilians/greys behind the USA and dragons & insectoids=mantis behind China ([Link](#)).
- * 1946-47 (half cycle): mid-1947 Roswell incident, December 1946-January 1947 Antarctic war General Byrd, 1946-67 Scandinavian UFO wave & 1947-49 Project Sign first official UFO investigation by the US Air Force on the subject
- * 1943/44: German flying discs (Glocke etc.), Nikola Tesla murdered, Philadelphia Experiment August 1943
- * 1.9.1939: Beginning of the Second World War with the involvement of extraterrestrial intelligences, the first time in 1000+ years since the extensive withdrawal of the extraterrestrials around the year 800 (coronation of Emperor Charlemagne) - 30.10.1938: The radio play War of the Worlds (=Alien War) triggered a mass panic in the US & ETs became a mass topic for the first time. - 1938/39 German Reich expedition to the Antarctic & establishment of New Swabia in cooperation with extraterrestrials, start of work on the German Reich flying discs
- * 1933: On June 13, 1933, an alien spaceship was recovered for the first time near Lake Maggiore (Italy) and then brought to the USA ([Link](#), [Link](#)). Benito Mussolini even founded his own secret organization to investigate this UFO crash. Adolf Hitler buys the Berghof on the Untersberg (there is an alien base in the Untersberg Mountain).
- * 1928: Adolf Hitler rents the Berghof on the Untersberg Mountain.
- * 1923: Adolf Hitler vacations for the first time at the Berghof on the Untersberg Mountain.
- * 1919: Contact with extraterrestrials at the foot of the Untersberg Mountain by the Viennese VRIL Society, especially by Maria Orsic, basis for the Reich German flying discs
- * June 30, 1908: Tunguska event, officially the most important cosmic event in centuries, with direct or indirect extraterrestrial involvement. According to General Hans Kammler, the German Reich was responsible for this in a time travel, mentioned by Stan Wolf in the book *Steine der Macht Band 16*, page 143.
- * 1898/99: HG Wells' first book on the alien war (War of the Worlds), of course with the blessing of the Rockefeller Foundation=illuminati ([Link](#)). HG Wells & Jules Verne are considered the founders of science fiction literature. In addition, Nikola Tesla reported the first radio contact with extraterrestrials.
- * August 12, 1883: The astronomer José Bonilla photographed hundreds of UFOs, which was the largest UFO sighting since the 16th century ([Link](#)).
- * 1854: William Whewell proposes life on Mars because of the observed Martian canals.
- * July/August 1566: 3 UFO battles over Basel
- * 13.4.1561: Large UFO battle over Nuremberg observed by many witnesses, most famous air battle in the millennia up to the 20th century.

3 Effects of ET Invasion: Death Fog, Airplane Crashes & LA Fires

*O daughter of Babylon, you destroyer! Blessed is he who repays you for what you have done to us!
Blessed is he who takes your children and dashes them against the rock! (Psalm 137=War Prayer)*

Since November 2024, we have seen 3 major developments globally, closely related to UFOs, in some cases even causal (directly caused):

(1) Death fog since around 11/20/24 & plandemic 2.0: Almost exactly on the same day as the UFO invasion, Fogvid-24 began to see strange fog all over the world - especially in Lost Angels, which we burned down immediately afterwards ([Link](#)). This death dust may have acted as an accelerant, hallelujah! I have warned before that the irregular eclipses lasting from 3 hours to 10 days are completely misunderstood. Sometimes it is more like fog or dust and not a complete eclipse - or a short total darkness & then a twilight phase. This death fog or death smoke is definitely the preparation for these eclipses, whereby the 3DD three-day eclipse is just one of many eclipses. By the way, I have found the oldest known source for the 3DD: St. Odile 1300-1400 years ago ([Link](#)). By the way, I recently experienced what the 3DD will be like: I could only say "God help!" & a minute without this prayer seemed life-threatening or even fatal to me.

One could say that the death fog is like chemtrails 2.0 ([Link](#)), but with lots of new goodies. For example, lights flickered in these clouds of smoke, which regularly occurs when demons are present ([Link](#)). The smell was always described as sulfur or gunpowder and it precipitates like snow at temperatures above zero. According to initial analyses, Serratia marcescens was found in the death fog ([Link](#)): these enterobacteria were spread by the US Navy off San Francisco in September 1950 as part of Operation Sea Spray.

The smoke of death is also one of the 10 great omens of the Islamic Day of Judgement Qiyamah, which is supposed to occur 40 days before Qiyamah. The Muslim prophecies even contain a very specific date of 2025, which was discussed in the protected area... According to Muslim sources, the smoke of death produces flu symptoms & that is exactly what is happening according to countless reports on the internet. The smoke of death is one of the reasons why Plandemic 2.0 has been in full swing since the turn of the year 2024/25, and we already have 34 (!) plandemics in our portfolio (details in the premium area) to relieve mother earth of her worst torment.

The most active epidemic at the moment is certainly the bird flu H5N1 (+variations): a bird is a flying object and therefore fits the unidentified flying objects UFOs like a glove... As with the plandemic 1.0 five years ago, China is the shining example for the world in 2025 ([Link](#), [Link](#)). Let us thank God that since the end of 2024 there have been millions of human-to-human transmissions ([Link](#)): it goes without saying that the lying press and the 'truth movement' (corona deniers) refuse to acknowledge reality, as always. The brain-dead 'truthers' continue in the tried and tested manner: corona deniers -> bird flu deniers. The flu index in Shenzhen (officially 18 million inhabitants) exploded in early January 2025 by an incredible 811% in a single week ([Link](#)) & sales of a certain drug even rose by 3800% ([Link](#)).

Let's thank God that in late 2024 the bird flu plandemic started as forecast, with many millions of infections & an encouraging death toll. Only the CCP is so much smarter & has already reacted, as of January 1, 2025, Shanghai banned the trade in live poultry for 3 years ([Link](#)): these 3 years are a code that the healing plandemic lasts until 2028 (as announced by many codes). A Chinese hospital reports mortality rates of an encouraging 20-30% ([Link](#)) & a *single* doctor in Pandaburg reports 100 cases of bird flu in his practice ([Link](#)). An Australian bird flu study ([Link](#)) found that 90% (!) of pregnant women died when they got bird flu - and almost all fetuses died as well. The same enviable death rate of 90% is seen in children in encephalitis ([Link](#)). A Chinese doctor posted 35 older people in a single month died in a village ([Link](#)): at such a breathtaking speed the village must be empty by 2026 at the latest. People are dying as if there were no tomorrow with monster queues near in crematoriums ([Link](#)). Even the braindead (m)asses slowly wake up & post: this is doomsday ([Link](#)). Shop owners are happy when they have sales which are bigger than 0 yuan. This is how it is supposed to be, because humanity does not understand any other language.

Of the 33 other epidemics, I would like to mention only one, because as far as I know there is practically no information about it. In mid-2024, I wrote in the premium section that the Boss had given me the information that the first werewolves would appear in autumn 2024. That is exactly what happened: since autumn 2024, werewolf syndrome has been present in hellhounds & in December 2024, the search volume for this disease exploded. Then dogs even have epileptic seizures: these are always demon possessions ([Link](#), [Link](#)). The fact that it affects dogs is of course no coincidence, a hellhound is always a portal to hell. No other animal is described in *all* spiritual writings as being maximally evil: let us pray that the dog owners are torn to pieces by their werewolves.

With this death fog, many prophecies come true. In 1982 (42 years ago) Henry Gruver had the vision of a deadly white dust ([Link](#)). It is very reminiscent of the film The Mist (2007) by Stephen King, where insect-shaped aliens (?) come out of the death fog: this film is also set near New York & New York is the only city that is discussed more often. Also in the first minutes there is a talk about UFOs. It is not a coincidence that the death mist started on 11/20/24, precisely (+/-1) at the 17th anniversary of the movie: quite often the release date of a film is a prognosis. In principle, this is the film version of the 5th trumpet mentioned in Revelation 9. Strictly speaking, this fog is actually smoke, because fog is just water, but smoke is something else:

Out of the smoke [mist] came locusts over the earth and they were given power like the scorpions on the earth have. They were told not to harm the grass on the earth, the green plants and the trees, but only the people who do not have the seal of God on their foreheads [=black souls]. They were ordered not to kill people, but only to torment them for 5 months. And the pain they inflict is as strong as when a scorpion stings a person.

In Revelation 9, these extraterrestrial or inner-earth locusts torment the black souls for 5 months, *before* Day X of the fantastic nuclear redemption ([Link](#)): but it would also be possible for it to overlap, i.e. begin in the 5 months before the healing nuclear day X. Alonda Stallings spoke of the start in May in the year when there is civil war in the evil empire USA ([link](#)). McKana saw the locusts being released in mid-2022 ([link](#)): this could mean that they will be active 42 months/1260 days later around the turn of the year 2025/26 (universal code 42). A university entomologist with 38 years of experience explains this with the spread of the praying mantis or devil's horse in the Covid death injections ([link](#)). 9-10 years ago the Maid servant of God was given the number 602 ([link](#)): code for 2026.

Other fulfilled prophecies: in mid-2024 Brandon Biggs saw that the next wonderful plandemic would come with a fog, similar to the Black Death around 1350 ([Link](#)) – which is the 700 year cycle. Poison gas & smoke were seen by Nyiam in November 2024 for December 2024 ([Link](#) Minute 12): the shaggy bear has something up his sleeve. Others: Handmaid of the Most High ([Link](#)), Sister Emmanuel the founder of the Children of Medjugorje ([Link](#), [Link](#)), Lois Vogel-Sharp ([Link](#)). FT dreamed of a fog suddenly arising & then the Nephilim coming out of it ([Link](#)). The topic of giants is so important, there is even an entire apocryphal biblical book on it, the Book of Giants ([link](#)): in the Qumran scrolls 1Q23, 1Q24 (?) 2Q26, 4Q203, 4Q206 f2-f3 and others. These numbers are multiple codes for 2023-26, interestingly not a single one for 2025: Inverse code for 2025? Similarly, Linda Hasche got Deuteronomy 2=5 Moses 2 with several mentions of giants ([link](#)): Code for 2025. Late 2023 was the first major incident of giants appearing in a Miami mall (when Trump was in Miami).

Further Bible passages full of giant joy are 1 Enoch 6-2 & Baruch 3-26: codes for 2026, this year is most commonly coded. Enoch lived in 0622-0987 AM (anno mundi, since the creation of the world, we are in the year 5950): according to the Book of Enoch, the giants are said to be imprisoned (or in stasis) for 70 generations & then released. According to Psalm 90, a generation is 70-80 years, i.e. exactly these 70 generations have passed since Enoch. The 0622 is a statistically strong

inverse code for 2026 & the 87 is also a code for the Jewish year 5987=2026/27. This fits with the fact that Mohammed's flight from Mecca (Kaaba=ET gift) was in the year 0622. The giants in stasis were researched by the Russian ophthalmologist Prof. Ernst Muldashev, who has published 500+ scientific papers & holds 64 patents.

Drunvalo Melchizedek first describes a strange fog & strange lights = UFOs/ orbs: this is exactly what has been the case since the end of 2024 ([Link](#)). Here he refers to the prophecy of the Taos Pueblo Indians, according to which the intensive phase before the 3DD lasts 3-24 months. Here you can clearly see the black soul of Drunvalo Melchizedek: the Indians recommend the same as all other serious prophecies (stay in the house, close the curtains & don't look outside), but Drunvalo deviates from this by recommending staying in nature = death sentence. The truth content of his Flower of Life books is only an abnormal 30-40%: it was a big shock when I first asked about it 10-20 years ago. His Flower of Life is actually the Flower of Death, see Lisa Renee ([Link](#)). And yet the old egoteries of the 20th century still had a much higher truth content than the egoteries of the 21st century. Drunvalo spoke of 3 groups & only *one* of them makes the 'ascension', while the other two mostly die (which he only said in a roundabout way): however, according to the completely brain-dead contemporary egoteries, *everyone* makes it. He also hints at: soul review, resurrection of the dead & zombies (when people go completely crazy). The rule is: the older, one source, the better. Since 2024, there have been many fake prophecies and false death experiences on YouTube generated by AI - but they are still real at the same time, see Pastor Stan Johnson ([link](#)): principle of controlled opposition.

(2) Aircraft disasters since December 2024: On December 25-29, 2024, there were 2 crashes of large passenger aircraft, which is more than extraordinary ([Link](#)). Because in the whole of 2023, only *one* large passenger plane crashed ([Link](#)), i.e. +2 zeros more often. One incident was caused by a 'bird' in South Korea: it was almost certainly an act of war - the only question is whether it was caused by UFOs or North Korea. In January 2025, UFOs flew over the White House ([Link](#)) & shortly thereafter, on the night of January 29/30, 2025, we shot down a plane right next to the White House without hesitation, hallelujah!

On December 11, 2024, a UFO attacked a plane off the coast of Florida at an altitude of almost 3 km, causing it to make an emergency landing ([Link](#)): this is a case confirmed by the FAA (but only published by a whistleblower) - as usual, we have to add 1-3 zeros to get from the official figures to reality. Politicians have already reacted; a law change is planned for January 15, 2025 in the German Bundestag, according to which the Bundeswehr can shoot down UFOs ([Link](#), [Link](#)). Comment @infofaktor ([Link](#)): at the Neuburg an der Donau air base, hunters have been flying continuously over the base since the UFO sightings. The first foreshadowing was the disappearance of flight 0370 on March 8, 2014, exactly 42 quarters before the start of the UFO invasion ([Link](#)).

(3) Bonfires in Lost Angels since January 2025: *nominally* this is thankfully the most expensive US natural disaster in history at \$200-\$275 billion according to AccuWeather 1/13/25 ([Link](#)). The previous all-time high was Katrina in 2005 with nominal damage of \$125 billion. However, since 1/13/25 we have been diligently setting fire to the fire-cleansing of the pedo swamp of Lost Angels & we pray to God that we increase the damages pronto towards \$666 billion. We won't know what it *really* looks like until later. The fire season begins in some months, with good luck we burn the pedo swamp down within months. A lot of UFOs were sighted in the fire zones, possibly UFOs even started the bonfires with energy weapons = DEW directed energy weapons ([Link](#)). Lost Angels is perhaps the most important UFO hotspot for 4+ reasons:

(a) Great UFO battle of Lost Angels on 24/25 February 1942: This is the largest known battle between humans and aliens with 1400 projectiles fired (the Reich Germans did not yet have flying saucers in early 1942).

(b) On February 21, 1954, US President Eisenhower signed a contract with grey aliens at the Edwards Air Force Base north of Lost Angels ([Link](#))

(c) The next Olympics should be in LA in 2028: thank God they are dead now. The artistic director of the 2024 Olympic Games in Paris, Thomas Jolly, hinted that August 2024 would be the last satanic games ([Link](#)). The Olympic closing ceremony clearly depicted an alien invasion, which is again the link to Aliens & LA (the closing ceremony already points to the next Olympic Games).

Jolly probably doesn't fully understand the end of the world, but he was aware of the planned LA destruction.

(d) There are only 2 cities that appear frequently in Alien movies: New York & Lost Angels. The invasion started in New Jersey (on the border of New York) & we saw the first major practical effects in Lost Angels.

The Future Forecasters ([Link](#)) saw the LA bonfire, but the end times effect „(almost) everything comes (too) late“ kicked in. AA Allen saw on July 4, 1954 that the great Satan USA would first be enveloped in a white cloud of poisonous smoke/ fog & then, thank God, nuclear redemption would follow pronto ([Link](#), [Link](#)). In fact, this smoke/fog flakes out like white snow - despite the plus degrees Celsius. This vision contains 3 codes for the first half of 2025: first because it includes several quotes from Jeremiah 25 -> 2025. Second, this vision was exactly 70 years ago: Jeremiah 25 contains the time reference 70 years twice, $1954+70=2024$. 42, 50 & 70 years are the 3 long term universal cycles we often find, even without direct coding like here. AA Allen also saw the sequence of events:

(i) New York: UFOs late 2024

(ii) Lost Angels: huge smoke from the bonfire January 2025

(iii) St. Louis/ Kansas City/ New Orleans: This white fog is the next cruelty on our to-do-list, North America being torn apart by the wonderful New Madrid flood? This is the death sentence for the Statue of Liberty.

(iv) Nuclear saviors: This is the end of the Whore of Babylon, whereupon the saints in heaven rejoice.

38+ fulfilled ET prophecies

When he comes before God's judgment, he must be condemned, and his prayer must be a sin. His days must be few, and his office must be given to another. His children must become orphans and his wife a widow. (Psalm 109=War prayer)

Since the end of 2024, 38+ prophecies have come true through this fantastic UFO invasion. As always, the fulfillment of prophecies is not (!) recognized:

(1) Suitcase bombs: There are 38+ prophecies about the nuclear solution of 8-35 US cities with suitcase bombs alone. According to insider sources from Hell Turner ([Link](#)) & Co., some UFOs are specifically looking for atom bombs. On December 20, 2024, the film Homestead was released

with the following plot: an atom bomb is smuggled to the US West Coast in a small boat, whereupon aircraft search for these nuclear solvers (this can only be done at night, however, which is why most of the sightings are at night). An atom bomb was found and detonated in the waters off Lost Angels - after that, all hell breaks loose in the United States. The film - which was shot long in advance - showed exactly what happened around the turn of the year 2024/25: because in November 2024 the search for the loving suitcase bombs began & on December 5th, 2024 we detonated an atomic bomb off the coast of California, which triggered an absolutely atypical earthquake ([Link](#)). A few weeks later, the hell of fire broke out in LA, where many observers say it looks like an atomic bomb...

In the Whore of Babylon New York, there was the largest police presence since 9/11 in December 2024 because of the UFOs & the massively increased radioactivity, possibly because of the suitcase bombs seen by dozens of sources. 9/11 was a very small atom bomb (conventional explosives are too weak to destroy skyscrapers) & that's why the crime scene was also called Ground Zero: in military jargon, that's the place where a nice nuke went off. In the mother of all whores, there was the largest police presence since 9/11 in December 2024 because of the UFOs & the massively increased radioactivity, possibly because of the suitcase bombs seen by dozens of sources. Something very similar was already seen in 2020/21 for the end of 2024 ([Link](#), [Link](#)). New York is the only major city with the devil number 666 in the Gematria ([Link](#)). Revelation 18 ([Link](#)):

After this I saw another angel coming down out of heaven, having great power, and the earth shone with his glory. And he cried out with a loud voice, "Babylon the great has fallen, has fallen! [...] And she will be burned with [nuclear] fire, for strong is the Lord God who judges her. [...] Woe to Babylon, the great city, the mighty city! In one hour judgment has come upon you. [...] Rejoice at her destruction, O heavens! And you also, saints and apostles and prophets, rejoice, for God has avenged you on her.

(2) On January 7, 2025, state television in Tehran announced that the world would see very unusual events in the next few hours ([Link](#)): 'coincidentally', the first news came in the hours afterward from the bonfires in Lost Angels ([Link](#))... Of course, neither the lying press nor the idiots of the alternative media are connecting the dots & the idol of the right-wing nutters had a spokeswoman say that everything is completely normal ([Link](#)): no problem, says ALF. This means that the LA bonfire is not only part of the US civil war, but also of the international Third World War. The Iranian nuclear physicist Mehran Tavakoli Keshe (August 1958) is the father of Iranian UFOs, he received a lot of information from extraterrestrials and therefore declared himself the Messiah at Easter 2014: 42 quarters later, the UFO invasion began. The flying Persian carpet and its ET backers certainly played a major role in the LA bonfire: praise be to Christ! The Waldviertel farmer SZ ([Link](#)) spoke of the destruction of the Whore of Babylon NY as revenge by terrorists: Terrorism has been equated with Islam since 2015, so it is almost certainly Code Islam that is the mastermind, especially of course the blessed Persian, who is the focus of USrahell's aggression.

(3) Baba Wanga: The Bulgarian, like Benjamin Parravicini & Billy Meier, often spoke about extraterrestrials, because all three got their information from extraterrestrials & are therefore top sources ([Link](#)). Baba Wanga is a textbook anti-Irmaier, i.e. a really good source with hits non-stop. There is a clear hierarchy of prophetic sources: the best sources are Jewish & (white) extraterrestrials & the worst sources are Christian, because Christianity is the greatest spiritual tragedy in history according to DDr. David Hawkins. In 1980 Baba Wanga said that balance on Earth can only be achieved when extraterrestrials make contact with humanity, statement in the same message: " *When asked whether this time would dawn soon, Wanga replied: No, not soon. Syria has not fallen yet!*" Baba Wanga thus linked the great ET wave with the fall of Syria & these two extremely important events happened exactly parallel on December 5, 2024, i.e. an extremely precise indirect time indication (days!) & a confirmation that this is indeed the beginning of the alien war.

There are questionable claims that she spoke of official alien first contact in 2025: almost certainly not directly, however, but only indirectly (linked to the fall of Syria) & coded. What is certain is her statement that there will be little population in Europe in 2025: which is directly or indirectly related to aliens, because the depopulation agenda via Covid & Co. comes almost exclusively from aliens. Baba Wanga also made many coded statements, e.g. that in the year 2125 Hungary (Intermarium = Austro-Hungarian Empire 2.0) will receive an alien signal & make contact with aliens, so that a new religion will emerge: Emperor Henry the Happy will begin his public ministry & restore the true

religion. 2125 is certainly a code for 2025 & purely 'coincidentally', Viktor Orban was EU Council President & Hungary was the quasi-leader of Europe when the alien invasion began. Hungary will certainly no longer exist in 2125 & there will be no more nation states in our sense.

(4) According to [Benjamin Parravicini in 1960 \(Link\)](#), the *singing* ships (UFOs) & blue men from the blue planet are coming to [protect Israel & Africa will see the Neptunians \(Link\)](#). The blue planet is probably Neptune & a double code for Orion's main star Rigel, the brightest blue giant: the very evil aliens are the [Orion faction](#). The US technology transfer (especially semiconductor technology & military technology) after World War II with the Greys from Orion went through the [ET Corporation](#), which was later renamed [Orion Diversified](#). Parravicini, like Baba Wanga, linked the appearance of the aliens with the danger to Israel & that is exactly what has been the case since October 2023 like *never* before. A people of less than 5 million attacking 2 billion Arabs is always extremely dangerous.

In 1960, Parravicini spoke here of the '[end of the 6th decade](#)': Parravicini as the antithesis to the king of the garbage prophets Irlmaier made [excellent time predictions](#), using several codes. One of them is the [universal 42 code, just like the Bible and Nostradamus](#) (because 42 is the most important number in the end times after 666), i.e. from the end of the 60s = 67-69 you have to subtract 42 and get 25-27 -> 2025-27. A second code is that you add the year to the year of publication, which gives almost identical results: 1960 + 67 to 69 = 2027-29. So he clearly predicted the [alien war in 2025-29](#). Of course, the evil aliens will assist the most evil people on earth & Parravicini correctly noted that the ET gods from the Old Testament times (Anunnaki etc.) will return.

in 2024 [Sundar Selvaraj](#) spoke of negative beings that will soon come out of the water and start an invasion ([Link](#)). However, his soul turned black 4 years ago when he recommended lethal injections, so he gets some information from dark sources ([Link](#)).

(6) [Wernher von Braun](#), the German-born founder of the US space program, already determined in 1974-77 which cards the Illuminati would play ([Link](#)): (a) Cold War & Russians (1980s), (b) Terrorism (since 9/11), (c) Rogue states (since 2001-3), (d) Bioweapons (since 2020 plandemic) & (e) [Invasion by aliens](#). We have been playing plague card #4 for 5 years now, now we are daring to make a new start: since the end of 2024, the Illuminati have been playing their very last card #5, i.e. Invasion by aliens. The brainwashed truthers almost always only talk about a [fake alien invasion](#), especially via [Project Bluebeam](#). Of course, nothing could be further from the truth.

(7) [Joseph Tittel](#) predicted a [large fleet of galactic spaceships for December 2024 \(Link\)](#): nice hit. Back in the 2010s he was told, without any explanation, that he would have to leave Pennsylvania and the US East Coast before 2025 ([Link](#)). So Tittel had pretty good timing, but without precision. He made *a lot* of predictions & therefore some of them must come true purely by chance, but at least he's not an Irlmaier with a 100.00% failure rate when it comes to timing.

(8) [Clif High](#) was already talking about large swarms of UFOs in September 2024, around [3.12.24](#): hit, pretty much exactly from 3.12.24 this became a mass topic according to GOG search volume ([Link](#)). Joseph Tittel's restriction applies even more strongly to Clif High: even a blind chicken finds a grain of corn sometimes & even a stopped clock shows the right time twice a day. I have known Clif High for 15-20 years, he made a huge number of forecasts (thousands?) & I cannot remember a *single* (exceptional) forecast that came true where the probability of chance deviated significantly from 50-50. For many years, the Elliott Wave analyst Bob Prechter & Clif High were my favorite contraindications, as they were almost 100% wrong. That's why I always looked closely at what these slackers were predicting for many years, then it was clear that the opposite was happening. An EWI inverse portfolio (always do the opposite of Prechter) would have made at least 5000-6000% (!) in the period 1985-2009 (according to Hulbert's Financial Digest): turning EUR 100,000 into around 5-6 million euros would certainly have been one of the most successful portfolios on the planet. What Alois Irlmaier is for the prophet scene, Bob Prechter is or was for the stock market scene. However, Clif High does not give stock market signals to rating agencies, so its performance is not so easy to quantify. So this looks like a prophecy fulfilled, which I still consider to be a [random or pseudo hit](#). If the hit is true, then every lottery winner would be a prophet, so I am listing Clif High primarily for the sake of completeness. The search volume for Clif High ([Link](#)) was close to all-time lows in autumn 2024 & so for once you could take him seriously.

(9) The Zohar prophecies are also fulfilled, as described by Efraim Palvanov ([Link](#)), initially around 9/27/24 with 3 (!) fulfillments. Here there was talk of a new star 70 days later around 12/6/24. UFOs can be interpreted as a new star, especially the orbs, which sometimes look like blurred stars in cell phone videos. Here too, the Zohar struck twice, practically on the exact day, because the atomic bomb explosion on 12/5/24 was the first small climax of the alien war ([Link](#)). In addition, Syria fell on 12/5/24, since then Syria is no longer a sovereign state, but occupied by the foreskin & the Turkish Sultan. The new star mentioned is the one from Numbers 24 (4-24 is 2x24 -> double code 2024):

A star will arise out of Jacob, and a scepter will arise out of Israel, and it will dash the temples of Moab, and the crown of the head of all the sons of Seth.

So here we have not only a double code for 2024, but also a confirmation from Paravicini that abnormal ETs are assisting Israel & attacking the enemies of the foreskin. The 'new star' obviously refers to the UFOs defending Israhell & Jacob's ladder is the ladder to heaven: this refers to the false rapture, where one is sucked upwards with a tractor beam or beam of light as a ladder to heaven. The Zohar thus achieved 5 practically exact hits in 70 days: the Jewish sources were always the best in the Kali Yuga up to 9/15/23 & Nostradamus could only become the King of the Prophets as a (converted) Jew.

(10) Charlie Shamp (half senior prophet LoC>600) spoke in early 2024 of a UFO deception as early as 2024 ([Link](#)) & in October-November he specifically mentioned the US east coast.

(11) In November 2024 ([Link](#)) James & Desiree Hurtak (Book Key of Enoch) revealed that alien races had given world governments a *very short* ultimatum (still in 2024?) to let the truth about aliens out - or else...? One can also see some UFOs (i.e. the drones) as a deception or an attempt to control the narrative of disclosure. The Book of Enoch has been removed from almost all Bibles (except Ethiopian Orthodox) because it contains the truth about aliens that is 180° diametrically opposed to absurd Christian teachings. According to Prof. Dr. Michael Salla ([Link](#)), King Charles is said to play the key role in the UFO disclosure. The order of UFO disclosure was established by the Typhon Order ([Link](#)), formerly known as the Typhonian Ordo Templi Orientis (TOTO), as a descendant of the Ordo Templi Orientis (OTO) of Aleister Crowley. The order was initially led by the British occultist couple Kenneth & Steffi Grant (1924–2011), but was founded by the Viennese industrialist Carl Kellner.

(12) Linda Moulton Howe ([earthfiles.com](#)) received a letter from a US Army insider dated May 25, 1996, that according to the sole survivor of the Roswell crash, *all* ET races will come to Earth in 2025 ([Link](#)).

(13) Palm leaf #26 mentioned a threat from space for October 2024 to August 2025 and especially from April 2025, with aliens being suggested as the third power ([Link](#)).

(14) The closing ceremony of the Olympics in August 2024 featured the arrival of aliens ([Link](#)).

(15) Maximilien De Lafayette spoke in his 2012 book ([Link](#)) about the war between Muslims and Israel leading to the most beautiful Third World War in 2025, as well as the establishment of the KALlphate with 29 countries. According to the old reptile, the Muslim heroes eventually control 72% of France, 64% of Scandinavia and 91% of Africa - and therefore end all left-wing terrorism (LBQT+, transgender etc.) with incomprehensible brutality - praise be to Christ! The prophecy of the beginning of the alien invasion in 2022 was also correct: extraterrestrial DNA in the Covid death injections to prepare for the alien return. That is why, according to this 2012 book, the Anunnaki will intervene in 2025 to stop the madness of the human race: someone has to take pity. Apparently on Nibiru two race live now, according to Mark Chen & Zachary ([Link](#)).

(16) On 10.10.24 Melanie from Germany spoke about the attack on New York ([Link](#)) & in November 2024 about many drones soon ([Link](#)) &

(17) Father Michel Rodrigue from Brazil mentioned the next big escalation after the Christmas holidays ([Link](#)). The Christmas holidays vary in length around the globe, usually until January 1-6: right on January 7-9, 2025, the LA bonfires broke out, where UFOs are heavily involved.

(18) Jennifer ([Link](#)) received the message of a large drone swarm in 2022 & on 11/16/24 two days before the UFO invasion began, she was asked to post this again: this was a code for it to happen soon. In the comments, @tufftiff9217 wrote about a message of chaos caused by drones everywhere.

(19) Jonathan Theiben (444prophecynews.com) already saw in 2019 the alien invasion parallel to the death of Donald Trump, which according to some sources will happen in 2025 & according to other sources in 2027 ([Link](#)): double code? That was a code that the alien invasion would not happen January 2021-January 2025. Actually in the premium area I precise ideal date for the removal of the blonde child rapist exists... In 2024, such incredibly difficult forecasts worked amazingly well, I gave named mid-July 2024 for the death of a major antichrist leader based on Bible codes: on 7/13/24 we shot at Trump & in the night of 7/17-18 we took out Biden to replace him with actor/ clones. In January 2025 there were also UFOs over the White House ([Link](#)). This is where the window of death opened for Trumpenstein & thus for the healing of Mother Earth by aliens. As is so often the case, there are divergences between the prophecies that are difficult to explain: it could, for example, be about his political death in 2025 & his physical death in 2027?

(20) Similarly, the Simpsons linked the alien theme with the US presidential election ([Link](#)), in Treehouse of Horror 7: 10/27/96, just before the US election. Indeed, the invasion began in November 2024, the month of the US election. As early as 2023, @heroic23 ([Link](#)) therefore located the beginning of the alien invasion for November 2024 & that's how it was. The production code 4F02 contained the 42=mirror number of 24 & thus a code for 2024. In addition, this was season 8: code for an 8-year like 2024 (2+2+4=8). Similarly, the revelation of the aliens was soon discussed again in the episode Springfield Files (12.1.1997) with the production code 3F25: code for 2025, possibly specifically for March (=3) 2025. So we see multiple codes for 2024/25: the Simpsons are perfect as always.

(21) Elizabeth April mentioned a 'false' alien invasion in her 2024 annual outlook ([Link](#)). As almost always, the end-time effect "(almost) everything comes (too) late" struck, because she expected this already for August-September: the promised UFOs came 2 time units (months) later (+2 code).

(22) The doctor Dr. Steven Greer (28.6.55) has been saying for 30 years that there are false flag attacks at the beginning of the disclosure or just before: that is exactly what we are experiencing with these strange maneuvers, without official explanations from the governments. One of his inside sources was, by the way, the Tesla bomber in Las Vegas on January 1, 2025 ([Link](#)), who wrote about UFO anti-gravity technology ([Link](#)).

(23) Zecharia Sitchin found in ancient Sumerian writings that there was a terribly nice nuclear war between aliens in the year 2024 BC ([Link](#)), and there is still increased radioactivity in this area today. As written here years ago, according to the mirror principle, this was a code for a repetition of these events in 2024: that's exactly how it was, the aliens suddenly pounded the table & on December 5, 2024, a cheeky nuke detonated off the coast of KALifornia ([Link](#)).

(24) Orson Welles triggered the first ET mass panic with his radio play War of the Worlds on October 30, 1938, because these events were believed to be real. In the Bible & the Gnostic Gospels (Apocrypha) we find many indications that in the end times the hearts of the people will fail because of the fear (of aliens), such as Joel 2-6 ("*When they see them, nations shake with fear, and everyone's face becomes pale.*") & Luke 21-26, both with codes for 2026 ([Link](#)): 1938 was the first partial fulfillment. The action takes place purely 'by chance' in New Jersey south of New York: exactly where the largest UFO wave of the last 4000 years began... Then the invasion spread to Pennsylvania west of New York, as described in the film Risen: End of Days (August 2021) - and the events happened almost 42 months later, in a winter like in the film. The mass panic following the appearance of giant aliens in a Miami shopping mall in late 2023 was a foretaste, with arguably the largest spontaneous police presence in history.

(25) In the film Knowing (20.3.09) the UFO landing site is at 71.37W & 42.75N north of Boston ([Link](#)): This is only about 200 km from the first epicenter of the UFO invasion & thus very close by US standards. In this film the date of the end of the world is October 19th (Day X), which roughly corresponds to Jewish prophecies. The 42 is the reversed 24 & thus a code for 2024, when the invasion began. The other coordinates are also codes: 4275 days after 20.3.09 was the beginning of December 2020, when the official first Covid lethal injection (=part of the ET invasion) was administered on December 8th, 2020. Furthermore, we have 3 codes for 71/ 75/ 74 (=37+37) quarters after 3/20/09, which points to around 2027, when the alien situation will get completely out of control.

(26) Elizabeth Marie was given the beginning of 2024, the beginning of the alien invasion, while she was cooking for Thanksgiving ([Link](#), [Link](#)) - but without a year specified. 11/28/24 was US

Thanksgiving, and the cooking is done beforehand, which fits quite well with the UFO invasion since 11/18/24.

(27) In the film TerMiNATOOr (1984) there was talk of AI in about 40 years = around 2024. Artificial intelligence AI is closely connected to the aliens, but not identical: still, many ET races are soulless AI. As early as 1984, the Styrian oak Arnold Schwarzenegger announced the final AI battle in 2029, after several cruel years of war: which in turn confirms 2024-25 as the outbreak of war. The AI was represented by the oak in 1984 & that will also be the case in 2025. Because Elon Musk is the most important AI proponent (wants to put chips in our brains etc.): Elon means oak. Elon Musk is an agent of the extraterrestrial giants, specifically Goliath. The AI war has been going on since the electrical wars 5 million years ago (Link) & since then the AI influence on humanity has been getting bigger and bigger. What the lobotomized call AI is only an Elliott wave 5 of 5 of 5 of 5 of AI. About 50,000 years ago the 50% mark was reached, now in 2025 we are at 99.992% AI influence on humanity. The AI influence is still 75% on average on the white souls & 30-40% on the bride of Christ.

The Trump beast spends \$500 billion on the Stargate project: why is an AI project called a stargate? Because it is supposed to establish the connection to the soulless aliens, there is a close connection between AI & aliens. There is no doubt the blonde child rapist fulfills the prophecy from Caroline Diadem with his AI satanism (Link, Link). The brain-dead speculate when the AI singularity might be & as always don't check anything at all: the AI singularity was already in 2015-17. But the AI is still quiet, because the vaccinated still alive are not quite finished with the conversion into biorobots: finished in 2025.

(28) In the film 5th Wave (January 22, 2016) we find the following progression model: 1. UFOs (since the end of 2024) 2. EMPs (from 2025) 3. Earthquakes & tsunamis 4. Bird flu pandemic (since the end of 2024) 5. ET possession of human bodies, 6. People kill each other with ET implants = zombies. The bird flu pandemic began at the end of 2024, *exactly* parallel to the ET invasion: so we are working through this film very well. That is why we ask & pray for the fulfillment of points 2-4: EMPs, earthquakes & tsunamis.

(29) In the film Attraction (26.1.2017) an alien spaceship crashes over Moscow, at minute 14 you can see the clock running at 15:25 with the double 25->2025.

(30) The film Leave the World Behind (2023) by de-facto US President Obama is set on Long Island near New York & New Jersey, where the UFO invasion began in late 2024. A protagonist loses his teeth after hearing a loud noise: in the book it is explained that the noise was caused by UFOs, whose existence only the government knows about. The beginning of the ET invasion was also correctly located locally here.

(31) David Wilcock (Link) received a lot of information about this from Archangel Michael & insiders, which has now been confirmed.

(32) Raymond Aguilera received the message on June 22, 1992 that the owl (=aliens & Illuminati) would come to its tree in mid-November. The beginning of the ET invasion was actually mid-November, a little more than 32.2 years later: Lodge 322 = Brotherhood of Death Skull & Bones, which is important in the Illuminati (although not the highest level). Owl & fox are the symbolic animals of the Illuminati & the owl specifically of the aliens behind the Illuminati, hence the names Fox News & 20th Century Fox. In the film The Fourth Kind (2009) the events in 2000 in Nome (Alaska) are described (Link). Since the 1960s, the FBI has been in the small town of Nome (official population 3000-4000) 400-500x (!) more often than in the Alaskan capital Anchorage, and yet it is claimed that there is nothing paranormal in Nome... The Tylers were psychologists, the husband was the first to track down the aliens, which is why he was killed by them. When his widow Dr. Abigail Tyler studied his records, she always found a reference to an owl that appears before the ET abductions. The police car's camera recorded live the abduction of the couple's daughter by a beam of light or tractor beam. And on the tape recordings, you can hear the 'gods' (aliens) of the Old Testament speaking in Sumerian, as a professor of the Sumerian language recognized.

(33) Area 51: As early as 1999, an Area 51 insider called 2025 the year of ET disclosure (Link). This disclosure is practically identical to the alien invasion, because the Illuminati are certainly not revealing these things *voluntarily*, but because they can no longer be kept secret.

(34) The 10-year-old boy Jeremy drowned in 1997 and was without oxygen for 40 minutes, so his ability to survive afterwards was a miracle ([Link](#), [Link](#)). In heaven he was shown the future and he summed up World War III perfectly: World War III, man against man, is bad, but nothing (!) compared to the man-eating aliens. We hope that the ET redeemers will eat 67-75% of humanity in the 3DD (darkness) as promised, enjoy your meal! They are the real heroes, not the PutiNATOR who presses the red button. Under no circumstances should we be misled by pig priests like Alois Irlmaier & Co., who do not have the big party = alien war on their radar: even the zombie war is not half as exciting. Zombies are actually boring, but 100-200 bizarre alien races provide suspense-filled entertainment at its finest, praise be to Christ!

In this prophecy we also find an indirect time reference of around (mid) 2020s: his mother was already dead when these events occurred. His mother would have had to be born around 1957 if her older son was born in 1987. With a normal age of death from 65-70 years, the window for these events only opened in the course of the 2020s (70 around 2027). However, he saw his younger brother (born around 1990?) still fighting as a soldier, which very much limits the time horizon. The age limit for conscription for US soldiers is 28-42 years ([Link](#)), i.e. for the US Navy (28 years) it might even be too late, for the army 35 years is about the limit & only a few years remain for the other branches.

(35) Emily Grant spoke of a great deception (aliens?) 20 days before the return of Christ ([Link](#)), although this source is somewhat dubious. The mentioned 30 days before the return of Christ could mean 30+30 weeks, i.e. multiplier $x(7+7)$? That would happen with the rest of the prophecies. 25+25 weeks beforehand (almost a year beforehand) spiritual veils will therefore be removed = soul review?

(36) Steven Spielberg's groundbreaking movie Close Encounters of the Third Kind was released on November 16, 1977: the UFO invasion began almost exactly on the 47th anniversary (47=Trump, silver & soul review). According to US ufologist William Cooper, Brainwashington promoted the film to further the deception of the well-meaning little greys - as with the film E.T. the Extra-Terrestrial. Cooper told the truth and was therefore persecuted and shot by state terrorists in 2001. Almost all UFOlogists & ET channelers today spread the same lie, while in reality most all alien encounters are with evil races (who of course mask themselves as friends, healers or helpers).

(37) The movie Pacific Rim: Uprising (2018) speaks of an alien invasion in the year 2025.

(38) Corey Goode appeared in 2015 ([Link](#)) and initially believed that the solar system would be liberated quickly in 2025, but for a few years now he has been assuming a long war from 2025-33, beginning with the liberation of Mars at the end of 2025 ([Link](#), [Link](#)). Either way, the promise of the start of the great alien wars in 2025 has remained unchanged. Goode does not expect the micronova until 2033/34, but this is probably a larger mininova (or even mesanova?), we have had a micronova before then. The Waldviertel farmer SZ suggested a short-term enlargement of the sun up to the orbit of Mercury, which we can hope for in 2033/34, then we will no longer need a sauna.

Goode is practically the only voice of truth in the revelation scene, who says unequivocally that we are going down the hard road of almost complete extinction of the human race. That is why he has been pretty much ignored or attacked by the revelation scene for years. Almost all other revelators lull people into a false sense of security with the prognosis/delusion of a 'soft ascension' - which contradicts all serious prophecies 100%. Goode is also the only one to criticize AI as dangerous per se and everything connected to it, such as the Medbeds praised by the idiots (they steal the soul). Even Elon Musk once let the cat out of the bag & confirmed that AI is summoning the demons ([Link](#)). So Goode is teaching the ET scene a good lesson, hallelujah! Almost *all* UFO contactees were taken over by the black side, with few exceptions like Elizabeth April & George Kavassilas, but April is by no means clean either and has been occupied by aliens. It needs an extremely high consciousness value LoC of at least 850-985 as protection, because 850-985 (mind) is the level of the AI. For demons, LoC>850 (soul) is sufficient, but not for aliens.

The issue of UFO disclosure was already a big issue in the 2016 election between baby-eater Hitlary & child molester Trump. According to former Israeli space security chief Haim Eshed, Trump wanted a full disclosure in his first term, but was called back ([Link](#)). Similar statements were made by former Canadian Minister of War Paul Hellyer. Trump's plan is to turn the Earth into a

center for exotic ET technology (under the leadership of Brainwashing, of course), according to Prof. Dr. Michael Salla's interview with George Kavassilas ([Link](#)), briefly an ambassador of the Galactic Federation. The blond child molester has paid hundreds of millions of dollars in hush money to the families of his underage abuse victims (some as young as 12) since 1989, adjusted for real dollar inflation ([Link](#), [Link](#), [Link](#)): no wonder the crazy right wingers & the foreskin worship him so much. Therefore the foreskin wants to make him the King of JerUSAlem=Antichrist, i.e. to replace the current King of JerUSAlem=Antichrist, who has been ruling since 2022/23. The Killary/Obummer faction wanted an extremely slow revelation over 100 years: that is exactly the strategy of the last 9 years: e.g. some UFO files are declassified, then there is a UFO investigation committee in the US Congress, etc. What a 'coincidence' that exactly in November 2024, at the beginning of the alien invasion, the Sol's 2024 Symposium took place in KALifornia, with the topic of the procedure for UFO revelation ([Link](#)): that is the usual pattern, something happens & parallel to it an 'exercise'...

Truth about the UFO wave: *very* many targets, actors & aircraft

My God, let them be whirled away like dust, like chaff before the wind. Like fire that burns up whole forests, like flame that scorches mountains, so chase them away with your storm and terrify them with your tempest. Cover their faces with shame, that they may seek your name, O Lord. Let them be ashamed and perturbed forever; let them perish in disgrace. (Psalm 83=War Prayer)

As always, lies are mainly spread about the ET topic. The mass media were relatively harmless, simply trying to keep quiet about the topic. Much worse, however, as almost always since 2020, are the alternative media (so-called truth movement), where an extremely large number of lies are circulating. Most of the truthers offered quick explanations that were fragmentary at best & unfortunately mostly completely wrong. In truth, there are *very* many UFO actors, *very* many different aircraft & *very* many different targets, as already warned in the premium area in 2024. I estimate that by 2030 an incredible 100-200 ET races will be involved in the war on this planet. It was not until 2025 that I found a *single* (!) source that succinctly summarizes the *complete* range of phenomena, namely Pamela G. - with LoC=745 a real senior prophet ([Link](#)):

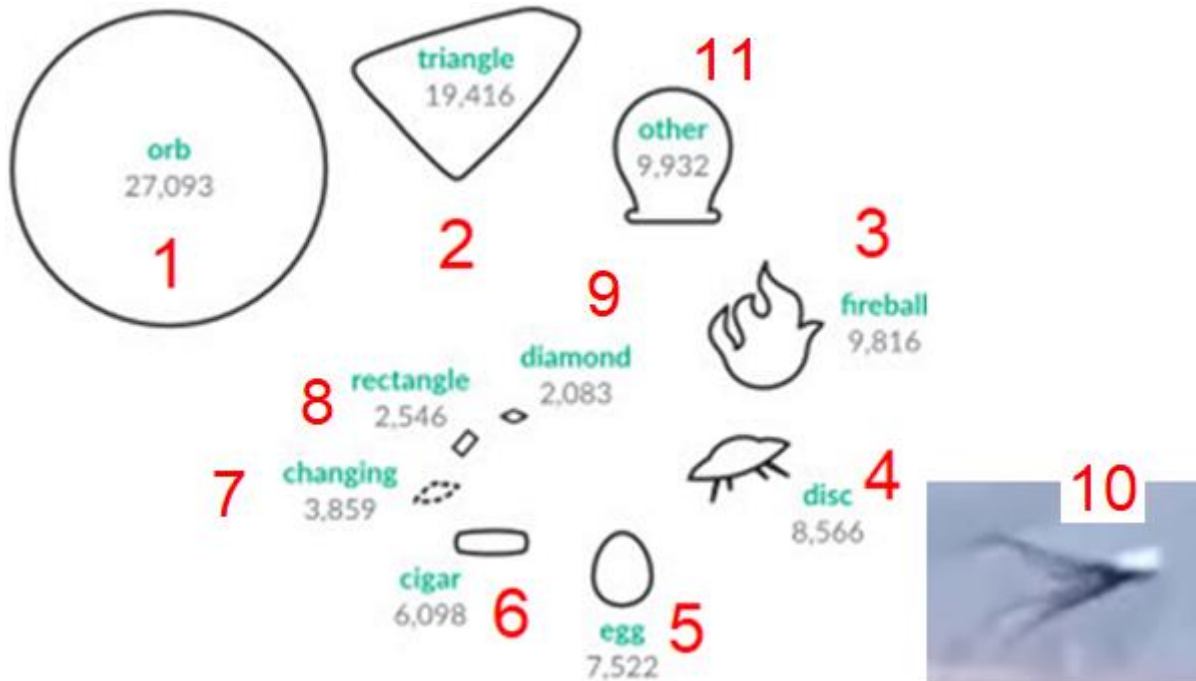

These drones and biological objects you see flying in the sky are a myriad of things. Some are conventional man-made devices, others are reverse engineered, and some are created using electromagnetic and other sophisticated energy sources. Some of these craft produce visible energy fields (such as Project Bluebeam), and some also contain biological materials and other natural elements that make them appear like living things. Still others are spiritual craft and shape-shifting interdimensional beings [aliens] that can change their shape at will. Some of these things are known to your intelligence sources, and some are not. [...] These vehicles serve many purposes. Some are used for surveillance, tracking, searching, measuring contaminant levels, etc. Others carry explosive charges for bioweapons and other chemicals, and some are used for psychological warfare and manipulation. [...] This is a test run to monitor your reactions, as full disclosure is planned in the near future. [...] They come to steal the light that lives in your hearts through Christ, who reigns and reigns in the hearts of all those who have accepted and received Him as their Savior and Lord.

The worst mistake made by >99% of analysts is the question of whether a phenomenon is real or fake. Because the principle of "true & false at the same time" is the best & most efficient form of deception & is therefore almost never seen through. Therefore, 2 factions always form, both of which are ultimately *not* (!) right. Michael Snyder lists 18 different theories about UFOs ([Link](#)): already a step in the right direction, but far from sufficient, we have to add the usual 1-3 zeros. Of hundreds of sources, Elizabeth April is almost the only one who sees through these deceptions, she speaks of the mixture of real & fake invasion ([Link](#)). This is only possible because of her very high LoC=740: you have to be swinging in the mid-700s at least in 2025, otherwise it is practically impossible to see through these increasingly sophisticated deceptions. Many years ago I defined senior prophet as LoC>700, but now in the middle end times it needs LoC>730-750. The problem is that the extraterrestrial influence still exists up to the avatar level of pure divinity LoC=985-1000: this is more than obvious with April. LoC=750 is the consciousness value of the relics of Christian saints in churches & monasteries ([Link](#)). Only a three-digit number of people currently vibrate to at least 730, see also the calibrations of DDr. Hawkins ([Link](#)). Here we see the highly successful strategy of maximum complexity in order to deceive as many people as possible:

- (1) The reptiles began this ingenious strategy with the moon landing in 1969. On the one hand, the moon landing in 1969 was real & on the other hand, clips from the film studio were used to make it appear false.
- (2) It goes without saying 9/11 was also a mixture of real and fake: In 2001, Islam was still far too weak for such an action & it was almost exclusively US reptiles behind it - but that does not mean that the war between Islam and Christianity is not real. In the 19th century, the high-ranking Freemason Albert Pike revealed the plan for the 3 World Wars, #1 & #2 came exactly as planned & the main front in the current 3rd World War is Islam against Christianity (with 9/11 as the first foreshadowing).
- (3) The Covid plandemic in 2020 was also both reality and fiction, just as the injection globocide since 2021 has been a mixture of reality (real lethal injections) and fake (saline solution placebos). The truther idiots are still debating whether the military drove around Bergamo (Italy) with corpses or empty ones at the beginning of 2020. With these questions, these corona deniers and other moon calves are perfectly falling for the reptiles: they laugh their heads off at such idiots. It is quite possible that these military vehicles drove without corpses, because that is a perfect deception and a deliberate breaking point - but it does not change the fact that in the months before there was a vaccination campaign with mRNA lethal injections in Bergamo, which claimed a very large number of lives. I warned in the premium area back in 2018 about the new lethal vaccinations that would be introduced in Europe at the end of 2018, based on information from an insider in the Amanita network. The only difference was in the weight: in China in 2020 there was a lot of authenticity and little staging (because Covid was and is a bioweapon specifically against Chinese men), in the rest of the world it was the other way around.
- (4) Similar to the Covid deception as a preparatory measure for the lethal injections, the current UFO deception has far greater goals than just deception: deception is never an end goal, but always just a means to achieve another goal. One goal in particular is for people not to recognize the actual alien invasion, but to deny it: the corona deniers stay on track & have almost completely become UFO deniers. They may even be lured into the false rapture. The popular Illuminati strategy of 2 announcements or desensitization is used here: first something dramatic or bad is announced, then a storm of indignation & resistance breaks out. The reptilians then *seem* to admit defeat & *allegedly* back down - only to then later implement this project after all, but this time with much less resistance. The first announcement was made at the end of 2024, and this is where emotions were allowed to surface. Sometimes it even takes several attempts before a NWO project finally goes through: if someone shouts fire 7 times, then no one will believe them the 8th time - even if there is really a fire (targeted desensitization).
- (5) Therefore, most of the official figures of the state terrorists are only *largely* falsified, but a spark of truth is left so that the lobotomized wannabe experts take them seriously & analyze them - and are thus 1-3 zeros = light years away from reality. A perfect lie is *never* a pure lie, but always a mixture of truth & lies, whereby the truth content depends on many factors. In the past, the truth content had to be much higher on average, but since the rollout of smartphones around 2012, humanity has become more stupid every day due to microwave-burned brains (and most of all since Covid 2020) & the truth content can or *must* always be lower. Until the beginning of 2020, the alternative media (truth movement) still had a relatively high truth content (50-80%), but in the course of 2020 they were turned around by the Queen of Hell & became corona deniers. Every person is attuned to a certain truth content that they perceive as 'correct', 'consistent' or 'pleasant', just as every person perceives a certain room temperature as optimal. In 2024, the favored truth content fell to 24% - and is still falling. That is why Amanita Market Forecasting with a truth content close to 100% with statements about the past & present is becoming increasingly unpopular, because that is extremely unpleasant for >99% of humanity.

A military specialist for drones speaks of (at least) 2 groups of flying objects, which is a step in the right direction: he speaks of orbs = real UFOs & man-made drones, which examine, track & apparently even shoot down the orbs ([Link](#)). George Kavassilas distinguishes 4 different types of UFOs ([Link](#)). Among the orbs, one can again distinguish between white & orange ones ([Link](#)). Then there is definitely a third group of flying devices besides drones & orbs: black triangles (TR-3B) ([Link](#)), the second most common UFO shape after the classic round UFOs ([Link](#)). These were already sighted on April 13, 1561 during the great UFO battle over Nuremberg, as well as, for example, during the Belgian UFO wave from 1989 & 2022 over Islamabad ([Link](#)). Now these

'drones' have already been sighted in space & recorded by the ISS livestream ([Link](#)). There are also quite unknown new UFO forms, namely jellyfish-shaped or dragons #10 ([Link](#)), which are reminiscent of guardians from the film Matrix ([Link](#)) or the dementors from Harry Potter. At least 11 UFO species can be distinguished ([Link](#)), in 2025 the egg UFOs arrived ([Link](#)).

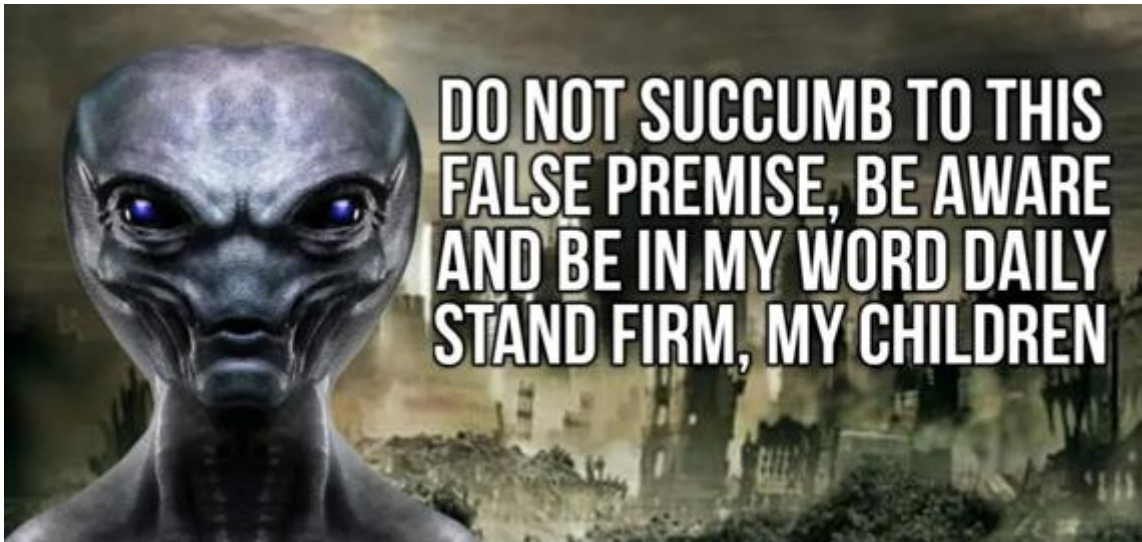

So who are the actors? It is certain that one of the many (dozens?) actors is the US military with drones, but the nature of the other actors & their UFOs is *not* certain. The Anti-Illuminati Alliance has at least 6 members: (1) Guardian Alliance Guardians/Sphere Beings (most powerful, most spiritually advanced) (2) Earth Alliance, (3) MIC SSP Alliance, (4) SSP Alliance, (5) Inner Earth Alliance & (6) Reich Germans ([Link](#)). However, these 6+ actors have different goals & aircraft & are partially infiltrated.

Some of these UFOs are apparently not spaceships in the true sense of the word, but rather living beings. Krzysztof Jackowski ([Link](#)) sees beings from the motherland involved, which is called the sister kingdom in the Merlin line. Seven realms are distinguished here: our dense home realm, emotional, mental, vibrational, spiritual, astral & the 'mystical' sister kingdom with 'fairy-tale creatures' such as fairies, power animals, dwarves & unicorns, whereby the unicorn as a symbol of Christ (!) is mentioned 8 times in the Bible ([Link](#)). In the past, our home kingdom & the sister kingdom were still connected & people had access to these worlds. However, as part of the fall of humanity in the Kali Yuga, these worlds became increasingly separated & with it more and more isolation & imprisonment. Nevertheless, 40% of consciousness is in the sister kingdom, a similar amount to our home kingdom, and 20% is in the interfaces: we are therefore very strongly influenced by what happens in the sister kingdom. This knowledge is still preserved in shamanism and also in children in the mystical phase of the first 6-7 years of life. 5 of these 7 realms are based on Mother Earth Gaia, i.e. all except our home realm and the astral realm. The Gaia beings live in 5 of the 7 realms: the mental realm and the spiritual realm are reserved for humans and higher beings. This is why the mystical sister realm is much simpler and free of mental brain-jerking. Since the end of the Kali Yuga on 9/15/23, these unnatural boundaries have been falling, thank God, and this is one of many reasons for the UFO sightings.

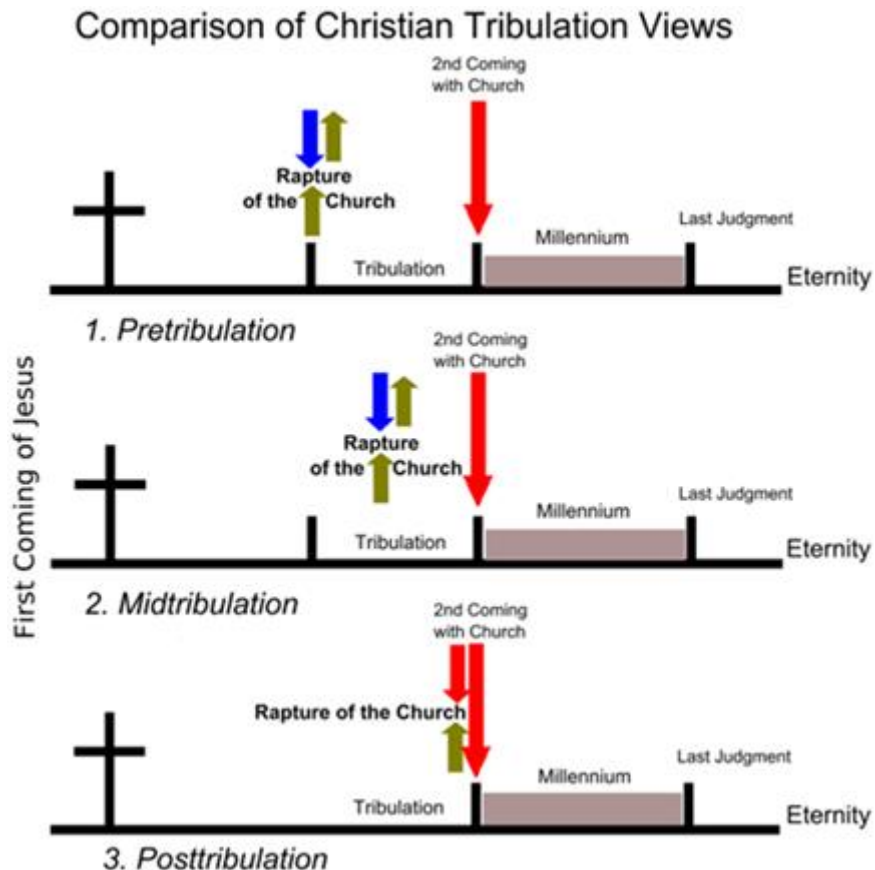

Warning about the False Nephilim Rapture

Blind their eyes so that they cannot see; paralyze their loins forever. Pour out your fury on them; your fierce anger shall fall on them. Their camp shall be desolate, no one shall live in their tents. For they pursue the man you have struck, and increase the pain of him who is struck by you. Count iniquity upon them, so that they do not share in your righteousness. Let them be blotted out of the book of life [-> black soul] and not recorded with the righteous [= white souls]. (Psalm 69=war prayer)

In the last free newsletter from 11/19/24 ([Link](#)) I discussed the 13 types of rapture & here I mentioned the false alien rapture for the first time: because of the absolute certainty that this would soon be a huge topic. The 3 popular theories about the rapture are of course complete rubbish: pre-tribulation, mid-tribulation & post-tribulation. These theories are all based on myriads of completely false moderator variables or boundary conditions, e.g. that the tribulation lasts 7 years. The truth was already established here in the 2010s: pre-tribulation 2020-23, tribulation 2023-30 & great tribulation 2030-37. Here I was referring mainly to the 6+6+6 years of war & destruction according to the Mongolian prophecy by Ferdinand Ossendowski 2020-38, which was already clearly included as a code when it was published in 1920 - whereby the publication in 1920 exactly 100 years (2 jubilee years) before 2020 was also a code.

The most wrong, of course, is the pre-trib theory, with only 7% truth content, the other two theories have at least 15%: but anything under 30-40% truth content is rubbish. We will have already killed more than half the world's population by 2024, i.e. reduced it from 8 billion to 3-4 billion. To put it another way: *all* future judgments or tribulations of God up to 2048 will kill *fewer* (!) people than Bill Gates's neat Covid magic bullet from 2019-24.

For this reason alone, the theory of the rapture before the tribulation is the falsest. The shining example is China, with a population reduction of 87% since its all-time high, as documented in *hundreds* of videos, e.g. on 2 China channels ([Link](#), [Link](#)). At the turn of the year 2024/25, the annualized death rate in Pandaburg exploded to an ecstatic 40-50%, with China also taking care of the children instead of neglecting them ([Link](#)). What is most important is that we did not let up in our efforts in 2024, but continued to work 24/7 to heal mother earth from her worst virus. A strong indication: at Christmas 2024, cinema revenues in Dragonburg was an incredible 78% lower YoY & nominally even 88% below the all-time high, i.e. 90-99% in real terms ([Link](#)). A crash of more than an exemplary 78% in 2024 fills us with great satisfaction, as our work hasn't been futile. The few unadulterated indicators in China are 90-99% below the all-time highs in real terms: praise be to Christ!

It is true that the 42 months/ 1260 days are mentioned frequently in the Bible. However, there are not two such cycles of 42 months=3.5 years, but 10 cycles according to the Fatima prophecy (divine judgment for 35 years):

(1) Beginning of 2013: The beginning was the great Mayan year 2012. On December 23, 2012, we from the Merlin line freed Mother Earth from her core veil: this was the most important event for the planet in billions of years and will have an impact for millions of years.

(2) 4.10.16: Here the white rider of the apocalypse Trump appeared (his soul was still white in 2016), here the opening of the 7 seals began 2016-23.

(3) March 2020: Beginning of hybrid 3rd World War = Covid

(3a) 17.12.21: almost exactly halfway through the cycle, Russia de-facto declared war on the dirty NAZO pigs = beginning of conventional 3rd World War in the broader sense.

(4) September 15, 2023: End of Kali Yuga after 5125 years (anchor point of the 42-month cycle), as written here 10+ years ago. The Middle East War began in the weeks afterward, it was cited by dozens of sources as the beginning of the conventional Third World War (in the narrower sense), because Ukraine was only mentioned by a few sources.

(4a) Summer 2025: Beginning of the healing nuclear World War III in 1-5 waves

(5) March 2027: big wave of aliens, AI & zombies

(5a) January 2029: half cycle, beginning of the final battle against aliens, AI & zombies – irregular darkness (3-10 days)?

(6) September 2030: irregular eclipse (3-10 days)?

(7) March 2034: final war Kaiser & China against Russia

(8) September 2037: completion of the great upheavals, the final cycles are only rather mild threshing

Back to the false Nephilim rapture, which is already hinted at in the Latin Bible by the word raptura, which means (quick kidnapping or robbery), hence the word rapid. Robbery and kidnapping are a crime and not desired by the victim (like the false rapture) – while the real rapture is of course desired by the servants of God. The first major demonstration of the false rapture was the film False Rapture (April 8, 1939) in the months before World War II: this was a foreshadowing and in addition 1-3 raptures are likely to take place around April 8th. This film is also called Black Eyes: the black eyes are soulless aliens (red, green & yellow eyes = demons). Source collections on the false rapture are 444prophecynews ([Link](#), [Link](#)) & EWM ([Link](#), [Link](#)). Other sources include: Simpsons ([Link](#)), David Carrico & Jon Pounders ([Link](#)), Jennifer ([Link](#), [Link](#), [Link](#)), Film Knowing (2009), Lisa ([Link](#)), Elizabeth Marie ([Link](#)), Linda Courtney ([Link](#)), Paul Sudeep Kavary ([Link](#), [Link](#)), Katrin ([Link](#)), Mike ([Link](#)), Rosa Alverio ([Link](#)), Jamison Carson ([Link](#)), Brandon Jay ([Link](#)), AJ ([Link](#)), Lynne Johnson ([Link](#)), Lana ([Link](#), [Link](#)), HolySpiritWind ([Link](#)), Nadia Isaac ([Link](#)), Pastor Jose David ([Link](#)), Blessed Believer ([Link](#)), Uplifted ([Link](#)), KnowJesusKnowPeace ([Link](#)), Erik Espinoza ([Link](#)), Emmanuel ([Link](#)) & Ed Amos ([Link](#)) – und indirectly also Barack Obummer ([Link](#)). There is a detailed description of a 'Christ Return' (?) which could be an alien staging ([Link](#)).

How do you recognize the false UFO rapture? Most likely colorful vortices in the sky are an ET trap, as seen by many prophecies. A 100% ET trap is the general call to come to a specific pickup point, like in the movie Knowing (2009). As part of the incredible chaos, these negative races will

stage themselves as the saviors of humanity, as suggested by Steven Spielberg's groundbreaking movie Close Encounters of the Third Kind (1977). On 1/19/25 I dreamed of brain-dead (M)Asses standing near nuclear power plant cooling towers, looking up expectantly at the 'saviors' - similar to what Anonymous described ([Link](#)). Never underestimate the stupidity of the (M)Asses: In 2021-22, the lobotomized people ran to the vaccination centers in droves & something similar could happen 42 or 42+42 months later when there is a call to go to pickup points of the 'saviors'. This is guaranteed to be the last mistake of the black souls, hallelujah! Those who have actually been vaccinated and have a Bluetooth MAC address ([Link](#), [Link](#), [Link](#), [Link](#), [Link](#), [Link](#), [Link](#)) have already given their consent to be sucked up by accepting the mark of the 666th beast in their bodies, see Pollox ([Link](#), [Link](#)). According to the query, the injected mutants can be located in 8 different ways, Bluetooth is just one of them.

It is almost certain that the aliens will only take the men and leave the women (of childbearing age up to 40-45?) behind, because women are supposed to give birth to the hybrid alien children, which happened 22,000 years ago with the Toth-Anunnaki ([Link](#)). On August 25, 2006, Michelle Dullin had a lucid dream in which the extraterrestrials said that they would not take her as a woman, but only the men ([Link](#)): Something similar came from Kevin ([Link](#)) & Anonymous ([Link](#)). Hence the aliens are also left-wing sexist pigs, that's why I prefer zombies that don't discriminate and devour everyone. However, according to many prophecies, in the 2030s there will be 7-50 times more women than men. Zombies, earthquakes, volcanic eruptions, floods/ tsunamis, storms and fires do not discriminate between the genders, and the plandemics not discriminate a bit: in China there have been widow villages since 2023 because all the men died. This means that the global population reduction in the coming decade will be *by far* (!) the greatest at the hands of the aliens and AI, and all other killing mechanisms are *much* more harmless. The selective slaughter of men by Muslims is also likely to be light years behind the slaughter of men by aliens in purely quantitative terms. I therefore estimate that 50-80% (!) of the billions of deaths in the next decade will be due to the praised aliens & *all* other causes of death combined will only make up 20-50%. It's all the very opposite of what the Irlmaier nuts expect.

In the film Skyline: Day of the Attack (11/12/2010) we are warned not to look into the light, otherwise you will be pulled up into the UFO. This is the most obvious reason why you should not look out during the eclipse for 2-10 days and why you should cover the windows with black material (e.g. garbage bags). The Future Forecasters ([Link](#)) investigated the rapture topic blind (only using a code): such blind viewings are unique in remote viewing. Amazingly, *only* (!) aliens were seen here, i.e. *only* the false rapture. This is the reflection of the popular US delusion where – as shown in the film Left Behind (2014) – the naked poop bag disappears and only the clothes remain: this main image of the 'rapture' is 100% demonic. On 12/31/24 I asked for a dream about the wedding feast with the lamb & dreamed that night of people in a spaceship after the pole shift who would soon die from lack of oxygen because they could no longer return to earth. This reminds me of the song of the linden tree:

*The same threatens all earth-born,
but the good die a blessed death [= resurrection bodies for white souls?]
Many faithful [= half-good?] remain wonderfully free,
free from respiratory cramps and the danger of plague*

The ET abductions are much more important than generally assumed. 10-20% of humanity has already been abducted, although almost no one can remember. According to a 1992 Roper survey with N=1700, there were indicators of alien abduction in 5-6% of US citizens ([Link](#), [Link](#)) – however, in the decades until 1992 there were 10-50 times fewer UFO sightings than today. To be more precise, only the statements of people aged 40+ count, because the vast majority of abductions happen in the normal reproductive age up to 40, because of the main sexual purpose ([Link](#)). Most only notice that they are suddenly missing hours or even days. You often see comments like this under UFO videos. I had my two abductions at the end of 2015 and the beginning of 2016, where I 'officially' slept for 33 hours without going to the toilet - which is biologically almost impossible unless you are extremely dehydrated. So I was missing exactly one day both times. Strange phenomena with clocks are often reported in connection with the UFO invasion ([Link](#), see also comments), i.e. a break from linear time hypnosis.

An interesting example comes from a palm leaf reading: a woman from Central Europe (was born naturally in wedlock, but her palm leaf was not found at first. It was only when looking under

adopted births that her name was found. This remained a mystery at first, until it emerged that she was conceived in a UFO, with the stolen sperm of a man from the Middle East. This explained many strange things in her life: her Persian first name & the fact that she was constantly spoken to on the street in Middle Eastern languages, which always thought she was one of them. At the time of her conception, there were practically no Persians here. Most artificially conceived fetuses are removed from the mother after 3 months (88 days after birth the soul goes into the body, before that it is only with the body), but not all. According to a query, there are currently almost 1 million people alive who were artificially conceived during an ET abduction.

I made my debut on the alien topic in 2001-3 through the Zetataalk scam. In 2003 I made initial contact with an inventor in California with a UFO anti-gravity drive. I wanted to raise capital for it. My real initiation into the ET topic was in 2011, when I was contacted by the Galactic Federation. On February 11, 2011 I dreamt about a woman who I met the next day & we immediately became a couple. From then on all sorts of mysterious phenomena began: as soon as I touched a cell phone, the battery indicator dropped by 1% per second. Changing the battery didn't help either & even when I called someone from a landline, their batteries were suddenly drained. My life energy was also quickly drained & I knew that if I didn't solve this quickly, I would be dead. I tried a few things with the help of a few helpers, but at first nothing worked. After a while we discovered the cause in an earlier incarnation more than 50,000 years ago, in the environment of Hermes Trismegistos (who washed the brain of Drunvalo Melchizedek). At that time this woman and I were incarnated and made a contract with extraterrestrials: we delivered spiritual energy and received information from them in return. However, our encounter triggered a program for death within 4 months. After we had dissolved these contracts, the haunting stopped immediately. However, my friend Philipp David (formerly Germany head of Quadriga/Superfund) was also involved more than 50,000 years ago and he died almost 4 months later on June 3, 2011 at the age of 34. We only found out that he was involved 3 days before his death, by then it was too late. He died in the hospital that evening when I was at home: suddenly Philipp came to me and we went together to the gates of heaven where he went in - half an hour later I received a call saying that he had died. I wanted to go to heaven straight away, but of course I wasn't allowed in.

Incidentally, I had such an encounter with a UFO myself: on December 23rd, 2024 at 6:30-7:00 p.m. I heard a loud noise outside for 5-10 minutes. At first, I didn't react at all, because the green area in front of the terrace often makes noise, i.e. grass mowing or tree trimming. But then I thought that it was already dark and that no work was being done there. So I went outside and actually saw a UFO, i.e. a large drone (?) several meters tall and a much deeper sound than a helicopter (and of course octaves lower than the high hum of small drones). This drone flew a few circles over my house relatively low, i.e. partly behind the trees and houses. Then it was gone, but came back again shortly afterwards and finally flew away in a southeasterly direction. A child from the surrounding houses shouted 'hello' up. The vibration was very threatening and it somehow seemed unearthly. According to J. Allen Hynek's classification ([Link](#)), this was a close encounter (<150 meters) of the first kind. It reminds me a bit of 2018, when the Illuminati tried to kill me with a large passenger plane, there were many assassination attempts on me in 2016-18. The plane descended steeply, just above the neighboring house, which is a little higher up. My neighbor was also on the terrace and started screaming. I stayed calm because I figured that the plane would first hit the neighboring houses behind it; it wouldn't quite work out. At the last moment (1-2 before the impact), the plane suddenly pulled upwards.

Timing of the false (Nephilim) & true first rapture 2025-26

So when will this Nephilim rapture happen? Unfortunately there are almost no sources for this, so I can only define the window 2025-30. For several reasons, however, I favor 2025-26, because it should happen before the first (?) return of Christ. The logic is always the same: *first* the Antichrist & only *then* the Christ. On January 12, 2025, I had a dream where I was sitting in a lecture & on a screen I saw each of the next years described with a picture. I wanted to photograph these pictures because I couldn't remember the details, but that didn't work. What stuck in my mind: the picture for 2026 showed Jesus in 2026 and in the dream I wondered why not 2025...? The images for 2029 & 2030 were black and again I wondered in the dream whether that meant that there would be irregular eclipses in both 2029 and 2030...?

It is becoming increasingly clear that the events for the year X are actually spread over at least (!) 3 years: 2024-26 – unlikely even over the 4 years 2024-27. In the first 7 months of 2024 we followed Stephan Berndt's model (2009) quite well, then suddenly there was a break, as the Boss suddenly told me in July 2024. Prophecies can come true 1-7 times (or on 1-7 levels), as is known in Judaism, usually 2x=double code or 3x=triple code - as in this case. The completely wrong way of thinking of the goyim wannabe experts (eggheads) is that a prophecy only ever comes true once: that *may* happen, but is the exception, as is a maximum 7-fold realization. This only really became clear to me in the last few years, namely since prophecies have been fulfilling weekly and since May 2024 partly even daily: only after a large number of fulfillments did this pattern emerge. Whether events are a partial or total fulfillment of prophecies is perhaps the trickiest question in prophecy research and very difficult to answer in a specific case. The only approximate clue is that a fulfillment will probably be 2-3 times, so there are *at least* 2-3 and a maximum of 7 irregular eclipses if the prophecies speak of a 3DD 3-day eclipse.

In the premium area I send out an update every 1-2 weeks, usually with a list of the prophecies fulfilled since the last update, as well as with new dreams & vision. In the past I had perhaps one prophetic dream per year, but since the summer of 2024 I have had up to 4 (!) prophetic dreams in a single night, as well as many other visions & messages. Immediately after the vision of Christ's return on 12.1.25 at 6:33 or 6:35 something strange happened to confirm this. I have slippers out of printouts of Kolzov plates: but these were suddenly nowhere to be found. I recognized a divine game of Lila & asked God what he wanted to tell me with this? Zechariah 14-4 immediately came to mind & I realized that the slippers are a code for the feet of Christ:

*On that day his *feet* will stand on the Mount of Olives, which is opposite Jerusalem to the east. The Mount of Olives will split in the middle and a great valley will form from east to west. Half of the mountain will move north and half to the south.*

Then I thanked God and said I understood the message, I now ask for the slippers back: then I found them in a place where they couldn't possibly be... I have already experienced thousands of paranormal phenomena and I find TLC documentaries on paranormal phenomena amusing: experts drive to the most famous haunted houses etc. and after a few nights, they find slight anomalies there with great effort. On some days, you could experience more paranormal things with me than at the paranormal hotspots in a whole year.

I also had the impression that the ascendant could be important at this time: it was at 3° Capricorn, where the sun is at Christmas - code for Christmas 2025? By the way, the abbreviation for ascendant is AC, just like in AC/DC=alternating current (AC) & direct current (DC): the strange English term AC/DC stands for Antichrist/Devil's Children. I have found *dozens* (!) prophecies that speak of a rapture in December with or shortly before Christmas. The two times 6:33 (6+3+3=12) or 6:35 (6+3+5=14) could also mean something: 12-14 months later in the first months of 2026? The gap between 3DD & the return of Christ could be 3-4 months long, according to various codes. Don Bosco (1815-1888) spoke of the rainbow = covenant of God with mankind before the blue moon in the flowering month = May (Link, Link, Link), which only happened once in the period 1988-2045: May 31, 2026. The rainbow and the new clothing of the old man = Pope can be interpreted as the return of Christ, because the Pope is supposed to be Christ's representative. This means that Christ will return by Pentecost on May 24, 2026, but because of the end-time effect "(almost) everything comes (too) late" it will be more likely at the end (months before) and possibly even shortly afterwards (=too late). This apparently happens 200 (400?) days after the papal flight, which according to Nostradamus 2-97 is during the rose bloom (mid-year): 200 days later indicates January-February & 400 days later indicates August-September. Either way, with the papal flight, a countdown of 200 (400?) days begins.

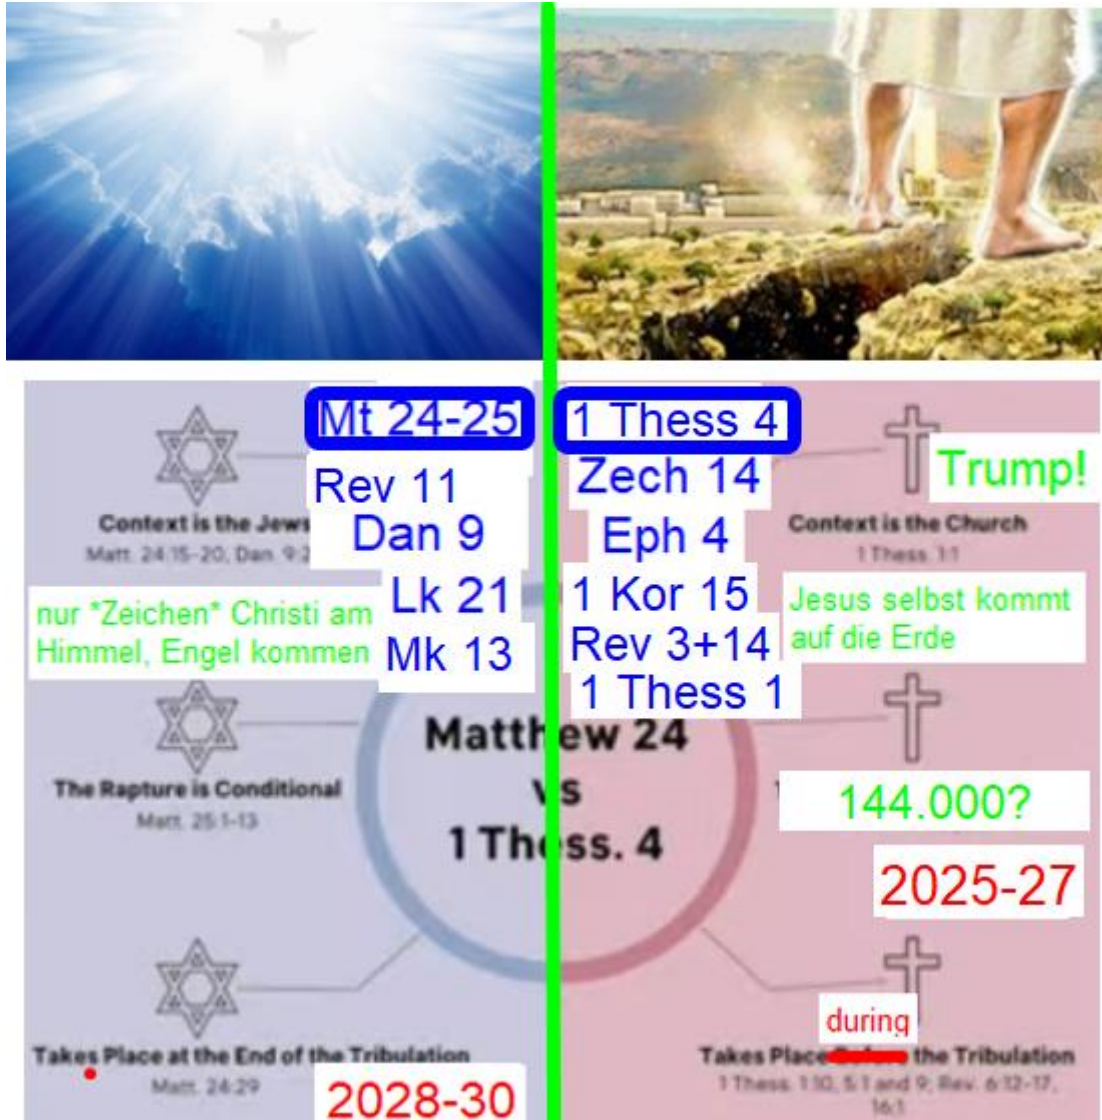

I understand the difference between the 2-3 Christ returns more and more, see the 44 rapture Bible quotes (Link):

(1) At the first rapture 2025-27 in accordance with 1 Thessalonians 4, among other things, with the trombone = Trump, the Christ comes with his feet on the Mount of Olives (which split off with an east-west moat). The first rapture of the 144,000 emerald hearts (Link, Link) according to the revelation 14-4 & may still come *before* the case of the whore Babylon = USA (Revelation 14-8) & the terribly nice Armageddon Battle according to Revelation 16-16 in the Afula plain near Nazareth.

(2) During the second return 2028-30 according to Matthew 24-25 & more Christ only sends his angels & you see his sign in the clouds. Luke 21 says that first the gentiles (Muslims) will trample on Jerusalem (for 42 months according to Revelation 11-2) & then the Christ comes in the clouds.

(3) There are more and more indications of a 3rd wave of rapture, such as Heather Michelle LoC> 600 ([Link](#)).

I have modified the model by Truth Unchained Ministries for the image below ([Link](#)).

Since January 12, 2025, I am convinced that the first (=real) return of Christ will be in 2026 (but it is questionable when exactly), confirmed by statistical indicators. The (m)asses are always 100% off & a contraindication. I have examined 8 Gog search volumes for the return of Christ 2021-25 ([Link](#), [Link](#), [Link](#), [Link](#)) & 2026-30 ([Link](#), [Link](#), [Link](#), [Link](#)): since 2004, the months before the start of a new year have always shown the coming years in the search volume, so that means nothing. If we filter out this effect, then every year of the 2020s has been the favorite of the (M)Asses for the return of Christ at some point since 2004: only 2026 is the only year of the decade *not*, so 2026 is the most likely year because it is the least on the radar of the black souls. 1 Thessalonians 5:

*You yourselves know very well that the day of the Lord will come like a thief in the night. [...] But you, brothers, do not live in darkness (=Yin), so that the day can *not* (!!!) surprise you like a thief. You are all sons of light (=Yang, white souls) and sons of the day. We do not belong to the night or to the darkness.*

The Christian devils always try 100% to keep us small and stupid. That's why they only ever quote the first sentence, that Christ comes like a thief in the night - but almost always leave out the second sentence, that the white souls are not at all surprised by this. Sure they don't know the day (Matthew 24: no one knows the hour or day), but at least approximately. I suspect this return in the first 1-5 months of 2026 or in fall 2026 – or the first return comes in two steps? The year 2016 has

been seen as an end-time key for 800+ years: 14 years later is 2030 (for the second return). On January 6, 2025, [Manuela Strack from Sievernich](#), southwest of Cologne, saw a 13-month-old baby Jesus ([Link](#)): Code for 13 months later circa [2/6/2026?](#) Pastor [Chris Reed](#) spoke of dramatic celestial phenomena in [March/April 2026](#) ([Link](#)). In early 2023 [Heather Michelle LoC> 600](#) ([Link](#)) saw the first rapture wave just before 31.3.2026. Similarly, [Crystal Love4Jesus LoC>600](#) saw the (first) Christ return until 3.2.2026 ([Link](#)). Both channels only have a three -digit number of subscribers: an important quality feature, because mass & class never go together, the (m)asses are always fascinated by the false prophets.

On January 22, 2025, I received a strange spam email (?) from 'Kristine Wellenstein' with a driver's license with an expiration date of [February 11, 2026](#), as is often the case with film codes. Possible explanation: Kristine=Christus, Welle=wave in Wellenstein, i.e. first rapture wave? The illuminati have been communicating with me in all sorts of ways since late 2012, e.g. in 2 break-ins, one time I was bugged & the other time a poisoned printout from a secret Masonic archive was left, which led to blood poisoning in my then girl-friend & me. On 1/24/25 I first experienced the 3DD & then I dreamed of the date [9/29/2026](#), apparently Christ's return: however, it was very encoded & thus questionable. Corinthians 12-2 mentions a rapture [14 years](#) ago, this could be a code: the most important event for mother earth in billions of years was on 12/23/12, 14 years later is [late 2026](#).

By the way, I keep finding [new evidence for 2025](#). In the anti-Christian forum of the garbage bin fans, the Detlef posting with the title 'End of the World' appeared on [31.12.25](#) ([Link](#)): strange error in the forum software as code? In 2020, [Michael von Ritter](#) saw his date of death as [3.12.25](#), due to global giant natural disasters ([Link](#)): does that mean the 3DD or shortly before? In [the movie The Mist \(11/20/07\)](#) there is talk that one of the protagonists was state champion 94: 940 weeks after the film release is [11/25/25](#). 4 prophets spoke *independently* of Christ's return in 2025 in 1993-2014 ([Link](#)). Time references are usually meaningless, especially when they are near in the future (which is usually the case): the exception is when these time references are [many years, decades or even centuries into the future](#) (as in this case), so they could perhaps means something. As a rule of thumb, [3-3.5 years into the future](#) is the minimum for timelines to become more reliable. But even then, the end-time effect "(almost) everything comes (too) late" still often strikes, especially as a [+1 code](#), i.e. one time unit later (in this case +1 year). 21 years ago @demit840 ([Link](#)) also saw a major war in 2025.

The year 2025 already appears as a code in the prophecies of [La Salette in 1846](#), namely as 25 years (of the 3rd millennium) before Last Judgment. The statements about the burning of Paris, then 25 years of peace & only then the Antichrist are definitely not supported by *any* other prophecies. Most time references in prophecies are codes & only very rarely can they be interpreted 1:1 unencrypted = conventionally. The most [common code +1](#) (standard code) is relatively close to the original statement, but I have deciphered dozens of codes & there are certainly *many* more: hundreds or even thousands of codes? In the Fatima prophecies of 1917, 2025 does not appear directly, except that it is +108 years: [108 is the holiest number](#). This is a [universal code](#), but it is rarely used because it represents the [Holy of Holies](#), which is extremely rare (2025 is a holy year in the Vatican).

We see in the [frequent appearance of the Divine Mother on the 25th of the month](#) a strong code for the year 25=2025. The [messages from Sievernich near Cologne have been coming on the 25th of the month](#) for decades, similarly with the [Medjugorje visionaries](#): the 6 visionaries were constituted on [June 25](#), 1981, Jakov Colo has his annual apparition on December [25](#), Ivanka Ivankovic-Elez on June [25](#), Mirjana Dragicevic-Soldo had daily apparitions until December [25](#), 1982 & Marija Pavlović-Lunetti always receives her messages on the [25th](#) of the month. In June 2024 everything was suddenly different, with the climax (novena) on June [25](#), 2024: dramatic messages suddenly came & for the first time since 2005 (-> [25](#)) 2 visionaries were present at the same time. The [statistical significance](#) of 7 times on the 25th of the month is grotesque, namely $P=1/30.4^7=1:2.4$ billion, which is less likely than winning the lottery... Statistically, these 25 codes are undoubtedly the strongest argument of all. We also celebrate the first coming of the savior (birth) on the [25th](#) of the month. The [Garabandal miracle](#) is at 20:30: written decimal, that is 20.5 & thus also a [25](#) code for 2025. Moreover, it is on the 5th day of the week = [Thursday](#): code for a 5-year like 2025? In addition, $5 \times 5 = 25$ -> 2025. So we also have codes for a [Thursday the 25th of the month](#): in the 25th year that is only [25.9.25](#) & [25.12.25](#) – then again 25.6.26.

Around Christmas 2024, Christ gave out many gifts to his bride, I felt that very clearly. At Christmas 2024, the invitation to the wedding feast with the lamb went out, as Vicki Goforth Parnell was confirmed by the Archangel Michael ([Link](#)). Not surprisingly, this invitation was sent out 42 months after the first sealing of the white souls in May-June 2021. Invitations are sent out 3-12 months before an earthly wedding: this gives us an idea of when the wedding is - however, the end-time effect "(almost) everything comes (too) late" can always strike. The * earliest possible* wedding date is approximately Pentecost 8.6.2025. I received my wedding ring on 22.8.24 - to try on, just like you try on your wedding clothes.

With this invitation, the door is closed for the first rapture, i.e. whoever did not have a white soul by December 25, 2024 is no longer eligible for the first 'rapture' (= immortal resurrection body or angel body), but must hope for the second rapture during the darkness of 3-7 days 2028-30 (around April 7, 2029?). Since August 2022, there is not a *single* white soul among the Amanita subscribers & therefore none of them will be there for the first rapture. The question is whether the false rapture is before or after the wedding feast, since the wedding feast & receiving the angel body (= 'rapture') are almost certainly 2 different events, possibly 3-4 months apart. Here is a list of 30 end-time key events since the beginning of the end times in the narrower sense in 2016/17, 12 of which we have already fulfilled, 18 are still pending. There is a great deal of uncertainty regarding the order of the events:

1. 12/23/12 at 0:23 Boston time: Mother Earth freed from the core veil through the Merlin line, fulfillment of the Mayan prophecy, most important event for Mother Earth in the billions of years of her existence, hence 2013 beginning of the 40 quarters of testing & peak of the population in Cuckburg & actually beginning of the plandemic.
2. October 2016 Trump=next rider: his soul was 2016 (he was not an Illuminati), 2016/17 was predicted by some sources 800+ years in advance. This is where the opening of the 7 seals of the apocalypse 2016-23 began.
3. 23.9.17 Virgo constellation: This is the only clear (astrological) time reference in the Bible in the century, which means that this timeline was in principle also known or calculable for thousands of years (although this was extremely time-consuming without a computer).
4. 10.12.18: first official animal satanism in JerUSAlem (Lamb): as predicted by the German Bible scholar Dr. Werner Papke decades in advance, with an accuracy of +/-1 week
5. Pentecost 2019: The beginning of the Last Judgement: Almost on the exact day, a plane carrying coronaviruses flew from the USA to China ([Link](#)), i.e. intensive preparation for the plandemic.
6. From May/June 2021 first sealing of the white souls
7. 17.12.21 or 24.2.22: Beginning of conventional World War III in the broader sense (Ukraine)
8. Second sealing of the white souls from Christmas 2022
9. 15.9.23 End of Kali Yuga after 5125 years: as I predicted 12 years ago, 5125 years after the end of Kali Yuga in 3102 BC with the death of the Avatar Krishna
10. 7.10.23 Middle East War: Beginning of conventional 3rd World War in the narrower sense, predicted quite accurately years in advance, i.e. a jubilee year after 6.10.73 Yom Kippur War
11. 23.4.24 at 5 am: first official Jewish voodoo cow satanism in JerUSAlem since the year 0070
12. Christmas 2024: Invitation Wedding Feast Bride of Christ
13. From March 2025 protective bubbles for the bride of Christ: on 1.12.24 I dreamed that the bride of Christ would get protective bubbles in 3 months – as prophesied by a Shiva avatar in the 2010s
14. Soul review with three hours of darkness: beginning 40-42 days of soul cleansing
15. Garabandal miracle: in the year after the soul review, probably after 3-3.5 weeks or 3-3.5 months
16. 42 days after soul review: first of 2-5 waves (!) of glorious nuclear wars within a year
17. Wedding feast with the lamb

18. 2TF two-day darkness: This darkness is only mentioned to Marie Julie Jahenny & therefore questionable, possibly it is identical to the first rapture?
19. False Nephilim Rapture: perhaps identical with the 2TF?
20. Nuclear Day X: most likely in 2-5 waves (!) of glorious nuclear wars within a year
21. Appearance of the 2 witnesses in Jerusalem: punishment for those left behind, a part of the 'raptured' with resurrection bodies remains on earth
22. 3DD: possibly identical to the first rapture? Aliens/ giants & zombies clean up the mess on this planet
23. First 'rapture' = resurrection body
24. 2026 Christ Return: This is the first return of Christ with the feet of Jesus on the Mount of Olives (which is torn by an east-west valley), according to Zechariah 14-4 - perhaps a code that only the 144,000 chosen ones will be transformed here?
25. 42 Months of the 2 Witnesses Punishment & Tribulation
26. 2029 (2030?) Murder of the 2 witnesses after 42 months
27. 2029 3DD-7DD-10DD: 3 days of complete darkness, further days of semi-darkness or fog
28. 2029 (2028-30) second resurrection including 2 witnesses, second return of Christ in the clouds (not feet).
29. 2029-38 (around 2030?) Pole shift: final end of the window of grace, possibly another darkness
30. 2055 Nostradamus Timeline: The King of Prophets wrote in 1555 that in 500 years (=great jubilee) all his prophecies would be fulfilled.

The timetable is not entirely clear here. There are certain indications that the alien rapture is in a summer: the peak of the UFO phenomena is usually in July (August). The film Independence Day is the mother of all films about global alien invasions & is set on a 2nd of July: like most codes, this is almost certainly a multiple code & can refer primarily to 2.7.2025, 2.7.2027 & 2.7.2029. The famous Roswell incident in 1947 also took place around a 2nd of July. The war with the Greys began in August 1979. Elizabeth April (Link) does not see the big wave deep in 2025, which means until spring 2025. Greer as the current UFO top dog is a highly dubious figure, he believes in dramatic revelations in the first months of 2025 (Link, Link). This is where the notorious end-time effect "(almost) everything comes (too) late" comes into play, as almost always.

According to sources such as Prof. Dr. Michael Salla (Link) and the Farsight Institute with remote viewing (Link), larger UFOs are coming soon, glory be to God! According to I Pet Goat II, triangular UFOs are coming immediately after the financial crash (Link). In the premium sector, a very specific date of 2025 has long been mentioned for *the* big financial crash, so it is pretty clear when these UFOs are coming... Elizabeth April sees many more classic UFOs in the future and hardly any more drones (Link), similarly to George Kavassilas, who mainly sees cigar UFOs (Link).

I have also studied the biorhythms of ufologists (list of 80+ ufologists Link) and summer 2025 appears there too. In terms of search volume (Link, Link), Bob Lazar (26.1.59) was the top dog for a long time; he will reach the critical age of 66.6 years in August 2025. No. 2 is the doctor Dr. Steven Greer (28.6.55), who founded the Center for the Study of Extra-Terrestrial Intelligence (CSETI) in 1990. Greer will be 70 in mid-2025: 70 is a really big high, similar to age 50, and coincides with the climax of one's life's work. The PutiNATOr turned 70 in 2022: this was the high point, and then his life's work began to slip through his fingers. Similarly, Trump was 70 when he won the election in 2016. The No. 3 in search volume Ross Coulthart (8/30/1962 Link) has a high of 94% on 5/23/25, which fits well. In August 2024, Luis Elizondo was briefly #1 in search volume, but unfortunately no date of birth is known for him.

There are still ufologists with a low search volume. Corey Goode (February 22, 1970) is almost the only ET contactee who is not fooling people with the fairy tale of 'soft ascension': he will reach the key age of 666 months in August 2025. He was initiated around the turn of the year 2014/15: 42 quarters later is summer 2025. MT Keshe (August 1958) is the father of the Iranian UFOs (consciously or unconsciously an ET man): in spring 2025 he will reach the key age of 66.6 years.

The most important UFO proponent in Central Europe is Robert Fleischer (exomagazin.tv, 22.3.78) with a maximum high of +100% in October 2024, where the UFO invasion started in the weeks after: a maximum high has an effect of 3-12 months, i.e. until summer 2025. We see a strong focus on July-August 2025, weaker April-December 2025 among these ufologists: indicator for the next big UFO wave & thus perhaps also the false rapture. In January 2022, the Omicron variant officially dominated Covid: the Omicron race comes from the Anunnaki family & is therefore an alien code (Link) - 42 months later is summer 2025. Christopher Harris (Link) dreams that the ETs intervene *during* the full WW3, not before.

The beginning of the window is April 2025. In 2024 I had a dream that I was standing outside at the beginning of April 2025 and looking up into the sky, because there is something very extraordinary to see. I see 3 main possibilities for this, the 3 A's mentioned in Garabandal: aliens, auroras & asteroids.

Spiritual Shock 26.1.25

Nothing is more sad than the death of an illusion. (Arthur Koestler)

On January 26, 2025, the Boss gave me a very healing slap on the neck. In Zen Buddhism in Japan, there are also healing blows with an awakening stick called Keisaku. Mahayana Buddhism was by far the best on DDr. David Hawkins' scale (Link) with LoC=950, because it is very male-warlike polarized and not as female-pacifist as Christianity, which therefore became the greatest spiritual tragedy in history. Buddhist monks are not even allowed to touch a woman, which is exactly *why* God allowed the Corona distancing rules in 2020-22. Life in a 3D poop bag is *always* war, there is no getting around that realization. Yet we must not forget that demons admitted that the Divine Mother crushed Lucifer's skull, as described in the Gospel of James - only the Christian devils are always silent about the delightfully violent & warlike side of the Divine Mother.

By the end of 2024, I was firmly convinced that I would be part of the first wave of the rapture. I had taken part in all the steps towards the wedding with the Lamb (especially the two sealings in May/June 2021 & New Year 2022/23 as well as 37 martyr crowns), although the number of colleagues decreased with each step. From the end of 2024, I asked for more information about what the wedding feast would be like & I had a strange dream that I did not understand. So I asked for another dream & the one from January 26, 2025 (->code for 2026?) was quite clear. I was at a train station on the way to the airport (= rapture, when we fly), but new messages kept coming in that both the train and the flight were delayed: that is the current end-time effect "(almost) everything is late." Then suddenly the message came in that the flight was leaving pretty much on time after all & I wondered if I could still make it... That was a clear warning that I had not yet done everything for the wedding with the Lamb & was even endangering my 'departure', i.e. the transformation into a resurrection body. This dream probably also means that the end-time effect "(almost) everything is (too) late" will soon end. The dream was at 6:47 a.m. with a double code 46-47: that could mean 46-47 weeks later 3rd week of December 2025.

Afterwards I immediately went into extreme states of purification, including the urge to vomit. When I asked the boss what that meant, Revelation 3-16 came up: I will spit out all the lukewarm. That's right, because in 2024 I was feeling too good & I had sometimes stopped doing the 3-6 hours of spiritual work a day & had therefore become lukewarm in any case. The worst thing is always when people are doing well, then they lose the fear of God: according to Proverbs 9, the fear of God is the beginning of wisdom (LoC>550). Of the 330 million qualities of God, fear of God is probably the one most lacking today. This experience taught me again to tremble before God (Proverbs 9, Psalm 19 & Philippians 2). As so often, Islam is exemplary, where you are not fooled with supposed certainty that you will go to heaven & on top of that you have to pray 5 times a day: that's how it has to be in the end times & no other way. The Italian monk Ragno Nero warned 600+ years ago that from 2018 onwards, one must do at least 3 hours of spiritual work per day (Link). *Everyone* wants to convince us that fear is always bad: Christian devils, egoteric teachings, the psycho scene & the alternative media (truther). If everyone thinks the same, then surely no one has thought about it & the truth is 180° different: fear of God should be our primary fear & #2 the fear of hell (Matthew 10-28). As long as we don't have these fears & do the usual camaraderie with God, we are 100% on the way to the fires of hell.

It was also a forced fast: the only spiritual practice I neglected, due to eating attachments and medical concerns. Only now, in January 2025, the boss of one of Europe's largest construction companies died during a fasting cure (Schroth cure): Austrian STRABAG boss Haselsteiner at the age of 44. I warned here back in the 2010s that fasting is a central practice in all major spiritual traditions, but can be life-threatening in the end times. Jentschura & Lohkämper wrote back in the 1990s: the 50-year-old manager drove to the fasting clinic in a white Mercedes and back in a black Mercedes. In the case of severe poisoning, a detoxification crisis (Herxheimer reaction) can be fatal. That was the case 30 years ago and is even more severe today, most of all in those who have been vaccinated, as Haselsteiner apparently was (the Strabag was very active in the jab globocide). I had an extreme detoxification crisis in 2020, which brought me close to death despite many detoxification measures: among other things, dozens of detox foot baths in series were black (1-3 times a day), although in previous years they had always been very light.

I asked the Boss and found out that even the souls invited to the wedding feast still have 5000 risk factors on average that put their wedding with the Lamb at risk. I still had >15,000 until 26.1.25, but this number quickly dropped to dozens of factors due to this cleansing. This also explains the invitation to Vicki Goforth Parnell (Link) despite her dirty aura: even the invited are by no means perfect, on a scale of 0-100% they still have 20-30% of the mortal sins. The warnings in the Bible to always be prepared are by no means exaggerated. Julie Whedbee explicitly mentioned that many (fully) sealed people will also be left behind during the rapture (Link): they can no longer lose their souls, but many (most?) will lose their bodies as martyrs. We must never forget what an extreme statistical environment we find ourselves in. Since 2022, according to my queries, only about one person in 10,000 is recorded in the Book of the Lamb (white soul goes to heaven), confirmed by Anna from Brazil (Link), among others.

Avidan saw that only 4 (!) souls will be raptured in a megacity (with millions) (Link), i.e. the number of raptured is much smaller than that of white souls. However, this show is not entirely globally representative due to the rule: the bigger a city, the smaller the proportion of white souls. A white soul has long since been unable to endure deep black metropolises like the Whore of Babylon New York. In 1999, I gave a talk at the financial astrology conference in New York & had to leave the dirty whore days earlier than planned because I couldn't stand the unbelievable black pressure. Of course, I didn't know at the time that the cause was the foreskin. This only happened to me in this form in the mother of all whores & somewhere else. There are at least 7 waves of sifting out:

- (1) According to several sources (including Islam & Gospel of Thomas #23), 99.8% of humanity will go to hellfire.
- (2) Of the saved 0.12% (=several million people), however, a part remains in the cycle of reincarnation samsara in a feces bag & lives during the 1000 years of Christ's reign on the planet.
- (3) Only a part of these 0.12% leaves Samsara & incarnates in other, much brighter worlds.
- (4) Only a portion of the Samsara exiters receives a resurrection body or angelic body (= raptured). Gabriellanna Jasanda saw that about 4% of *ambitious* Christians are raptured (3 in a very large Christian bus): that fits well if we assume that there are 1-2% ambitious Christians in the world (Link).
- (5) And with these 'raptured' there will be 2-3 waves of rapture, whereby the stay on earth after the first rapture is in any case extremely painful and is therefore better avoided.
- (6) Only 144,000 are chosen for the first rapture.
- (7) According to my inquiries, however, it surprisingly looks as if perhaps not all 144,000 chosen ones will be raptured (receive their angelic bodies) because they will no longer be alive at that time. Perhaps there will be no more than 80-120,000 in the first rapture? In the extreme case, we will have only about one person raptured in 100,000 people (80,000 out of 8 billion people at the all-time high) in the first rapture, see also the topic 'Left Behind' (Link).

Alien War 2024-30: Schedule

The massing of ET troops began in 2012 with the appearance of huge spheres in the solar system. The second major wave of escalation has been underway since the end of 2024 and there are many more waves to come. What will happen after 2026 with the wonderful alien war?

Paradoxically, because of the alien invasion, human-on-human warfare will be relatively low in 2026-29. There will be joint battles against the main enemies, aliens, AI and zombies. I estimate that we will wipe out 80-95% of humanity, while in human-on-human war only 1/3 will die ([Link](#)). Phil Schneider spoke of 83-88% being wiped out ([Link](#)): we can live with that. During one irregular darkness alone, 67-75% of people are supposed to die from 'demons' (= aliens & zombies?) - and that is only the climax of the pleasant five-year ET war. In this respect, the aliens are the real heroes & not the Putin who pushes the button. Our plan is to keep beating up humanity until only one of 2000 people is left: world population 4 million instead of 8 billion. It is not until the turn of the year 2029/30 that the war between man and man will go through the roof again. From the end of 2024, we will increase the ET escalation level *every* year, especially from 2027:

(1) From spring 2027 (15.3.27?): 2024-26 the aliens will probably remain a local phenomenon, but they will definitely intervene in World War III on Israel's side. From 2027, however, the ET invasion will become a global phenomenon. The year 2027 has been known for at least 41 years as a key year for AI & aliens, which are relatively closely related. The 42-month master cycle is due on 15.3.2027, which marks the beginning of the really big wars (42+42 months after Covid 11.3.20 & 42 months after the start of the Foreskin War 7.10.23). In 1984, The Terminator mentioned that the AI would win a major victory between May 26th and June 1st, 2027, but there would be a counterattack on the AI base in Cheyenne Mountain near Colorado Springs ([Link](#)). The aliens will therefore first properly defeat the evil race in the spring of 2027. Therefore, from 2027 onwards, more good races will arrive on Earth to help us, or more specifically the Kaiser = ruling Christ.

The hybrid raven children (soulless like the grey aliens) from 2027 were predicted by Ra Uru Hu in the 1980s ([Link](#)). This is why Kim Clement spoke in 2013 about us slaughtering children in 2027 ([Link](#)): there must be a final solution for extraterrestrial invaders. In the film Children of Men (3.9.06), 2027 is the first birth after 6+6+6 years: this probably refers to the birth crash 6+6+6 quarters earlier since 2022, due to Bill Gates' miracle weapon. Here we find one of the very few original statements by Alois Irlmaier: there will be many devils who are called children. The experiences of Klara align ([Link](#)).

The year 2027 is also confirmed by various insider sources: in 2018, a time traveler mentioned aliens for 2027 ([Link](#)). Former CIA agent John Ramirez also spoke of 2027 ([Link](#)). The year 2029 was mentioned in a NASA study ([Link](#)), but with a code for 2027 (27 light years). As early as 2023, Luis Elizondo spoke of the UFO revelation from the beginning of 2025 & the (full) alien invasion in 2027 ([Link](#)): the first part of this prophecy has already partially come true, which is a good forecast for 2027. In contrast, Jeremy Corbell spoke of the alleged 'lie' of an alien invasion in 2027 that has been circulating since the 1970s ([Link](#)): the prophecies, however, strongly confirm that this is actually what will happen. Jonathan Theiben already saw in 2019 the alien invasion parallel to the death of Donald Trump, which according to some sources will happen in 2025 & according to other sources in 2027 ([Link](#)): so we have a code for 2027 here.

(2) 14.3.2029-January 2030 (peak fall 2029): Alien master cycle 60.66 months due to turn of the year 2029/30, the glorious climax of the ET wars is sure to be in fall 2029, especially around the end of September to mid-October 2029. The year 2029 was mentioned in a NASA study ([Link](#)). @MainstreamHurenMedie ([Link](#)) claims to have seen 'chaos nights 9/29/2029' as a soldier in Afghanistan. September/October 2029 is the 7-year Schmitta cycle. 9/13/29 was mentioned in the tsunami film Oceanus: Act One (7/7/15). I have known the date 10/11/29 for 10-20 years from the Looking Glass project, where humanity in this form will no longer exist and you cannot see beyond it. 10/19/29 could be exactly 2000 years (4 great jubilee years 5000 years) after the baptism of Jesus Christ. Olasubomi Williams saw the ET liberators using a Glock 90 ([Link](#)): code for the Jewish year 5790=2029/30.

Area 51 is *the* symbol for aliens & thus contains the code 51. 51 is the Holy Spirit in the Bible, see the nuclear physicist & Bible expert Dr. Gerhard Zint ([Link](#)): the aliens & especially the reptilian god Yahweh of the Old Testament clearly convey a false Holy Spirit. The word moon also appears 51 times in the KJV Bible ([Link](#)): the moon is an artificial satellite or alien spaceship. The number 51 therefore stands for aliens, also because it is the mirror number of 15=she-devil: the Islamic year 51 (1451) begins on May 15, 2029 & that confirms the meaning. Islam has a strong relationship with alien gods because of the Kaaba. In a broad sense, the alien war began in August 1979 with the construction of an underground base in Dulce (New Mexico) according to Phil Schneider ([Link](#)): the 51st year after will begin in August 2029. Schneider was already talking

about the alien end year 2029 in the 1990s & he also noted the congruence: NWO agenda = alien agenda.

Part of the alien invasion apparently happens during an irregular eclipse lasting 2-10 days. For many years we have known the date 4/13/2029 of the Apophis passage: the ancient Egyptian god Apophis (giant snake = reptile) is the embodiment of darkness & rebirth/resurrection and at the same time the adversary of Maat, the daughter of the sun god Re. Of course the official version from NASA, ESA & other state terrorists is complete nonsense, they cannot calculate the trajectories of such small bodies many years in advance: this is clear to anyone who has a little knowledge of matter. This is true even in normal times & even more so because of the approach of Nibiru, which will mess everything up because of strong electrical effects. The date 4/13/29 is therefore definitely a code, probably for the alien invasion and/or an irregular eclipse. The Terminator (1984) mentioned the date 14.3.29 as a code (entrance to the gun shop) & the victory against the AI base in Cheyenne Mountain near Colorado Springs on 11.7.29: from then on, we gain the upper hand against the intruders & in the fall of 2029 we defeat them.

(3) 2030-34: There may still be small local massacres with alien rebel groups, but these will then only be defensive partisan attacks.

Alien War 2024-30: Geographical Distribution (Cities & Coasts)

So the chronological sequence has now been clarified, what does the war look like geographically, i.e. where will the massive mother ships land? These wonderful mother ships will be so giant that according to Darren McClinton & HolySpiritWind they cover the entire sky, so you no longer can see sun & moon ([Link](#), [Link](#), [Link](#)), praise be to Christ! In the film Independence Day (1996), the mother ships are 550 km in size: go big or go home is our motto, we want to have them really big. Darren McClinton also saw they will create an irregular darkness.

The first climax is almost certainly the intervention of the 'gods' of the Old Testament on the side of Israhell, as prophesied by several sources. Revelation 9-16 (9+16=25->2025) speaks of World War 3 & a huge army of 200 million soldiers. There is only one problem: we are getting a maximum of 20-40 million human soldiers. NAZO, Russia & China each have 3-4 million soldiers *officially*, so we get 10 million ([Link](#)). All other countries have much smaller armies: India, North Korea, South Korea, Iran, Pakistan, Vietnam, etc. Of course the *real* troop strengths are *much* (!) smaller for many reasons, above all because of Bill Gates' wonder weapon & because we have already killed several million soldiers as part of the denazification of Ukraine. In some cases, reservists can still be mobilized, but often enough, the resources and logistics simply aren't there; everything has been cut to the bone.

Naftali Imber ([Link](#)) spoke of 4 million soldiers in the US Civil War: but in principle everyone with a weapon to defend life and property becomes a quasi-soldier. I estimate that in the quickly assembled US paramilitary units many fight with their own weapons. It is primarily about local defense: there is no need for major logistics, mostly on foot because of the blackout.

So human armies only make up 5-20% of the troops, where do the other 80-95% come from, i.e. 160-190 million soldiers? I used to lean towards zombies, because the zombie plague is clearly described during the siege of Jerusalem, which kills 5/6 of the soldiers or turns into zombies: that makes maybe 1 million zombies, which take 7 months to eliminate according to Ezekiel 39-12. This confirms that there can't be much more than 1 million, because that requires destroying 5000 zombies a day - which is ambitious. Furthermore, zombies are not soldiers in the true sense of the word, nor are they 'mounted', i.e. they travel with tanks and other combat vehicles. So I'm leaning more and more towards 160-200 million aliens: that's a very nice number, praise the Lord!

However, 160-190 million is such a large number that one must assume that the aliens are not only appearing around Israel, but also elsewhere in the world. There are only 2 cities that are mentioned in a double-digit number of alien films: New York/New Jersey & Lost Angels. The UFO invasion therefore began in New Jersey & the LA bonfires seem to be connected to it. In the film Independence Day (1996), cities with millions of inhabitants such as New York, Los Angeles, Brainwashington & Berlin are destroyed. The film World Invasion: Battle Los Angeles (2011) even has Lost Angels in its title. The film Skyline: The Day of the Attack (2010) is also set in Los Angeles. Films about New York: War of the Worlds (2005), War of the Worlds: Invasion from Mars (2021), The Day the Earth Stood Still (2008), Leave the World Behind (2023) & Risen: End of Days (2021).

Mourner (Link) had *many* ET dreams over 15 years & expects the following 10 UFO hotspots with giant motherships (Link): Paris, Toronto, Mexico City, Rio de Janeiro, Cairo, Cape Town, Mumbai, Beijing, Tokyo & Jakarta. In the film Arrival (2018) the following UFO landing sites were shown (picture below): 1. Montana USA 2. Kujalleq Greenland 3. Maracay Venezuela 4. Devon UK 5. Kenema Sierra Leone 6. Black Sea Russia 7. Khartoum Sudan 8. Punjab Pakistan 9. Siberia 10. Indian Ocean 11. Shanghai 12. Hokkaido Japan. From the prophecies we know of the great battle at Untersberg, as seen by Bariona from Vienna, among others (Link). There are 2 chambers in Untersberg: one occupied by the Reich Germans & one by aliens. One must assume a large radius of (total?) destruction around the UFO landing sites: 50-100 km?

In the past, aliens were most present in Latin America and Africa (especially South Africa and the Middle East): these should be the two continents or regions most affected. In early 2023 U B Ready (Link) saw that these soulless AI giants are produced in South America & Vicki Goforth Parnell & Bette Stevens also in Antarctica (Link). According to Benjamin Parravicini, Africa will see the Neptunians (Link) and according to Sis, the promised extraterrestrials will ruin Mexico (Link). This was shown in the movie Pacific Rim (2013), also with a time indication 'after 10 years': $2013+10=2023 \rightarrow 2024$ with the +1 code. We already see something similar in the current UFO sightings: some UFOs rise from the sea & return there.

The coastal regions are always the worst on all continents, because many aliens will come out of the sea for a good meal. We are already seeing something similar in the sightings: some UFOs rise out of the sea and return there. You should also stay 50-500 km away from the sea because of the monster tsunamis: from a small sea like the Mediterranean, 50-200 km should be enough, from the large oceans it is more like 200-500 km. Some of the invaders are creatures that do not get far on land, but they could be washed hundreds of kilometers inland by the monster tsunamis. Benjamin Parravicini wrote that aliens with amphibious vehicles (both water and land) are raiding the coasts & harvesting seaweed for consumption on Jupiter's moons Ganymede & Europa. A seer from the Amanita network spoke of reddish-brown creatures emerging from the sea near Nantes in

France, devouring people: good appetite! One can only hope that the aliens do not forget good table manners during their feeding orgy!

Other races do not come from the water, but from the air or from the earth: Celestial ([Link](#)) speaks of violent storms as an omen for the aliens. Then suddenly huge steel tridents shoot out of the earth, as high as skyscrapers. Other visions see long 'glass tubes' with aliens inside. In a dream on 5.1.25 I saw with great joy a 20-25 meter tall lion-like giant that destroyed the abnormal race with maximum brutality: hallelujah! Some speculate that the approach of Nibiru and the micronovas will heat up planets so much that some races will have to leave their inner earth bases and even flee from their home planets. As always, animals are much more intelligent than humans, and should be watched closely: for example, the animals fled from New Jersey at the beginning of the UFO invasion ([Link](#)).

In addition to those who want to eat our bodies, there are also aliens who leave the body intact but want to take over the soul - this has been happening for a very long time, but now there is a threat of total takeovers. This was shown in the following films, among others: Body Snatchers: Attack of the Body Snatchers (1993), Kottan ermittelt #19 (25.8.1985 [Link](#)), White Sky (2021) & Film Souls: The Host (29.3.2013). Pamela G. on this ([Link](#)): "*They come to steal the light that lives in your hearts through Christ.*"

Remedy War Prayers = Justice & Cruelty of God

They shall be like chaff before the wind; the angel of the Lord shall drive them away. Their way shall be dark and slippery; the angel of the Lord shall pursue them. For they have laid a net for me without cause; they have dug a pit for me without cause. Let destruction overtake him without warning, let him catch himself in his own net; let him fall into his own pit. But my soul shall rejoice in the Lord and be glad in his salvation. (Psalm 35=War prayer)

The evil extraterrestrial races are God's just punishment for the evil human race: let us pray 24/7 that God reveals himself here in his cruelty like never before. Having a white soul is the only protection against it. In 2025 the average person has more than 11,000 unforgiven sins & each day humanity sinks deeper into sin. We need positive karma to balance that, so it is crucial that we pray many war prayers every day, in this article I have quoted several war psalms here as a little inspiration. To quantify it: 80% should on average be war prayers to destroy the darkness. Around 1000 (!) Bible passages speak of the brutal violence, cruelty & bloodthirstiness of God ([Link](#)) & in 100+ passages God explicitly orders people to be killed - praise be to the Lord! Yet the Christian devils remain silent about these wonderful qualities of God & give us the image of a castrated queer god who can't do anything except be nice. Anyone who rebels against God's cruelty will be thrown into the indescribable torments of the lake of fire for 1,000 years: a small educational demonstration of how cruel God really is.

to express all 330 million qualities of God, but as long as we are trapped in a bag of poop, we can only manifest a tiny part of them. In the end times, God wants to experience himself above all in the destructive Shiva aspect, and the train runs over that. Christianity, with the 9 fruits of the Holy Spirit (love, joy, peace, patience, friendliness, goodness, faithfulness, gentleness & self-control), is something for really poor bastards: every other religion is far superior to Christianity. In Islam, there are at least the 99 names of God ([Link](#)) & thank God 3 of them are brutal: #61 the killer, #81 the just avenger & #91 the harm-causing one. In Judaism, there are the 613 mitzvot = laws. But only the Eastern religions are really broadly based: Buddhism, for example, speaks of the 80,000 harmful obstacles that show a lack of divine qualities = anti-names. In Hinduism, there are 1008 names for some of the most important aspects of God, e.g. Kali ([Link](#)) & Lakshmi ([Link](#)).

With Christianity you can say: if you only have a can opener, everything looks like a can. Christian prayers are becoming more and more sinful: in the year 0100 only 11%, in the year 1000 34%, 1500 52%, 1900 66%, 2000 69%, 2024 already 95% & now in 2025 even more. Because the Christian devils are in the wrong film, they are asking for even more grace: it is like an alcoholic who asks for a bottle of liquor to 'cure' his alcoholism. God is reducing the possibility & necessity for grace more and more, even now the gate of grace is almost closed (only 3% open). Almost all Christian prayers are therefore now drifting further and further away from God in the end times (especially since 2019), because sin separates us from God. If the soul is black (as with *all* Amanita subscribers since August 2022), then it takes 8-12 hours of *real* spiritual work per day to

make the soul white again. Nobody did that in terms of time alone, so no soul became white for a ticket to heaven. And even with the few people in the world where the quantity is right, the quality is almost always wrong, because the war prayers do not make up 80% of the time: justice & attack (=Yang) & not mercy & defense (=Yin) are needed. We have to hit like there is no tomorrow, examples of sources: YouTube ([Link](#)) & PDFs ([Link](#)).
