

## Free Amanita Newsletter 5/8/2025: Hyperinflation & Crashes since 3/29/2025

*Not everyone who says to me, 'Lord, Lord,' will enter the kingdom of heaven, but only the one who does the will of my heavenly Father. (= true essence of the Bible, Matthew 7-21)*

### Free Market Commentary: precise market timing almost to the \*hour\* (!)

March 29, 2025, has been forecast since 2024 – even in the free market – as the central timeline for 2025, from which everything will change fundamentally: the rebirth of the world. Indeed, within days, the child rapist ([link](#)) in the White House completely lost his mind and triggered one of the largest stock market crashes in history, as well as the fastest economic crisis in history. By some indicators, April 4/7, 2025, was even the most dramatic moment in the history of the stock markets, for example, the highest volume ever recorded in US stocks ([Link](#)). This was when the Amanita system generated massive profits: hundreds of percent within weeks without leverage – because the perfect market timing was almost exact to the \*hour\*...

Our motto is: a good day begins with a massacre. In this respect, we are very pleased with the terrible carnage we were able to wreak in the days immediately following March 29, 2025. We were long volatility in the Amanita system, and on April 7, 2025, I sold my volatility longs – based on an order from the Boss – almost at the \*hour\* of the VSTOXX high at around 11:25 a.m. CEST. Afterward, I immediately sent the signal to the premium subscribers: perfect timing. With such extremely high volatility, every hour truly counts: fluctuations of up to 50% per day. The VSTOXX tripled in just two weeks, and the VIX exploded fourfold in six weeks. Furthermore, the correct contract month, April VI25J, was already perfectly chosen in 2024, so that it was the front month during the crash (expiration April 16, 2025). The longer contracts lagged far behind the front month: for example, the April 2025 contract rose by 60% higher than the August 2025 contract. This means that simply choosing the right contract month can easily add or subtract 50-100% of profit.

Thus, the most important volatility peak since March 2020 (the COVID monkey circus) was caught with incredible precision: God gave crystal-clear instructions here. Martin Luther said, „*If I knew that the world were to end tomorrow, I would plant an apple tree today.*” We, too, ride the financial markets until day X, when we close them down forever: but only with leveraged professional instruments (futures, FOREX & CFDs) and under no circumstances with retail investor junk like stocks, mutual funds, ETFs/ ETNs, certificates & option warrants. This is the \*only\* to minimize our financial exposure and has no direct counterparty risk. Nevertheless, we have been gradually withdrawing from the financial markets in the premium area since 2024, permanently minimizing risk. Market timing is only practiced in exceptional cases, i.e., when it is truly worthwhile: anything below a 50-100% profit is, in truth, irrelevant.

Since 2021, I have been the \*nominally\* biggest stock bull in the galaxy and simultaneously the \*inflation-adjusted\* biggest stock bear in the galaxy, because in hyperinflationary periods, stock indices add zeros while they collapse in real terms. For example, the stock markets in Iran, Turkey, and Venezuela added one or two zeros in recent years. Only the very biggest dildos go short in hyperinflationary inflation markets (= everything except bonds). The question in 2025-26, however, is how long the (Western) stock markets will still be open to add beneficial zeros: this has been discussed in detail in the premium section, based on many prophecies...

## Prophecies #23: 2025 Hyperinflation & Crashes since March 29, 2025

In the free Amanita newsletter of September 12, 2024

(<https://www.amanita.at/docs/open/20240912-e.pdf>), 32+ arguments were presented why March 29, 2025, would be the major timeline for 2025, when everything begins to change fundamentally and we initiate the rebirth of the world (with the first wave lasting until spring 2026). In September 2024, I specifically described the SHTF model, which consists of dozens of submodels and had the \*only\* hit in a window of +/- years for a cacophony deluxe around March 29, 2025. In fact, within \*days\* of March 29, 2025, incredible changes occurred on \*many\* levels. In this article, I would like to focus on the most obvious level: fastest economic crash in history & one of the biggest stock market crashes in history (other levels in the premium area). This fulfills the series of precisely fulfilled forecasts; for example, in the premium section, the beginning of the denazification of Ukraine on February 24, 2022, was predicted almost \*to the day\* already in 2021.

Thank you for your interest & I am happy to be able to give you this gift & God bless all white souls!

Yours,

Manfred Zimmer Amanita Market Forecasting <http://www.amanita.at> (IP address 213.145.225.96)

Premium subscription order page: <http://www.amanita.at/en/market-letter/price-list-order-form-premium-subscription>

Content of free Amanita newsletter & premium market letter: In 2000-15 Amanita Market Forecasting was a normal market letter with 80-95% of the content related to the financial markets. Since 2015 the content has shifted more & more towards general world forecasts, with special consideration of political, military, health & spiritual topics as well as earth changes. That's why since 2022 only about 20% of the content (text quantity) has been dedicated to the financial markets. With the upcoming collapse of the global financial system until 2025 the financial content will naturally fall below 20%, which can't be avoided.

The free Amanita newsletter is sent out every 3-12 months, it complements the Amanita premium newsletter subscription, which is published 1-5 times per month (target: 30-40 premium updates per year). The free market commentary is only considered to be a commentary on the financial markets. The Amanita system is based on a high degree of diversification in 7 markets (currencies, cryptos, agriculture, precious metals, energy, bonds & stocks) & only makes sense as a whole (but never in isolated parts!), because all positions are well-orchestrated. For these 2 reasons (professional instruments & diversification) a replication only works for larger portfolios with at least EUR or USD 400,000, as well as for institutions. Because the Amanita premium market letter is very different from every other market service on the planet, you should be prepared for at least 3-6 months to get acquainted with the Amanita system. That's why the shortest subscription period is 6 months & trial subscriptions are no longer offered. Personal services had to be discontinued in 2008 because waiting times rose to more than one year.

Disclaimer: All information and forecasts provided here have been researched to the best of my knowledge but are by no means a solicitation to buy or sell stocks or other securities. I do not guarantee the accuracy, adequacy, or completeness of any information and I am not responsible for any errors or omissions. Past performance does not guarantee future performance. # Prophecies #23: Hyperinflation & Crashes since 3/29/2025

*When it really happens [year X], no one will believe in it anymore. That's the whole strategy behind it. (Osho 1987, after the hype surrounding the Harmonic Convergence in 1987)*

In the free Amanita newsletter of September 12, 2024

(<https://www.amanita.at/docs/open/20240912-e.pdf>), 32+ arguments were presented why March 29, 2025, would be the major timeline for 2025, when everything begins to change fundamentally and we initiate the rebirth of the world (with the first wave lasting until spring 2026). In September 2024, I specifically described the SHTF model, which consists of dozens of submodels and had the \*only\* hit in a window of +/- years for a cacophony deluxe around March 29, 2025. In fact, within \*days\* of March 29, 2025, incredible changes occurred on \*many\* levels. In this article, I would like to focus on the most obvious level: fastest economic crash in history & one of the biggest stock market crashes in history (other levels in the premium area). This fulfills the series of precisely fulfilled forecasts; for example, in the premium section, the beginning of the denazification of Ukraine on February 24, 2022, was predicted almost \*to the day\* already in 2021.

## Since 3/29/2025: Hyperinflation & fastest economic collapse in history

*And He [God] said to them, "Defile the house and fill the courts with the slain! Go out!" So they went out and massacred the city. (Ezekiel 9)*

Within days of March 29, 2025, the old wild boar in the White House ran amok and produced the most dramatic economic collapse in human history. With the Covid monkey circus, the dramatic economic collapse became apparent over 2-3 months, but here a comparable, or even more dramatic, escalation occurred within \*days\*: something like this has never happened in the last millennia, thus a perfect fulfillment of my prediction from 2024. Several prophecies spoke of a severe economic crisis in March-April before the terribly nice Russian nuclear saviors and specifically of the USA being completely cut off from world trade, e.g. the model by Stephan Berndt (2009) & Chuck-Johnel Youngbrandt (Link). From the 1970s onwards, Youngbrandt spoke of a major economic event on March 28th in the year X ([Link](#), [Link](#)): thus he nailed the Trumpenstein tariff atomic bomb within a few days. More recent prophecies specifically stated that the US economy would collapse immediately after the dictator seized power on January 20, 2025 ([Link](#), [Link](#)). Yet most Trumptards continue to support economic suicide: may God grant them 666 times what they demand. All these prophecies are now being fulfilled before our very eyes, hallelujah!

Without a doubt, however, the economic situation this time is a million times worse than during the Covid monkey circus five years ago. In 2020, the crisis was mostly brain-juggling (fear-mongering from the dark side) and the closures mainly affected the wellness and luxury sectors, while there were hardly any restrictions (or self-imposed ones) in the essential sector. But from 2025 onwards, it's all about the very basis of survival. Starting in spring 2020, there were far \*fewer\* vaccinations and far \*fewer\* medical operations, and this even lowered the death rate, ceteris paribus. The net benefit of the Rockefeller conventional medical system has long been negative, i.e. it produces more harm than good overall. Therefore, we have seen for decades that during doctors' strikes (e.g., in Israel), death rates immediately drop. This balance has always been worst with vaccinations: enormous harm and \*never\* any benefit. Only emergency medicine has a clear net benefit & it continued to operate normally in 2020.

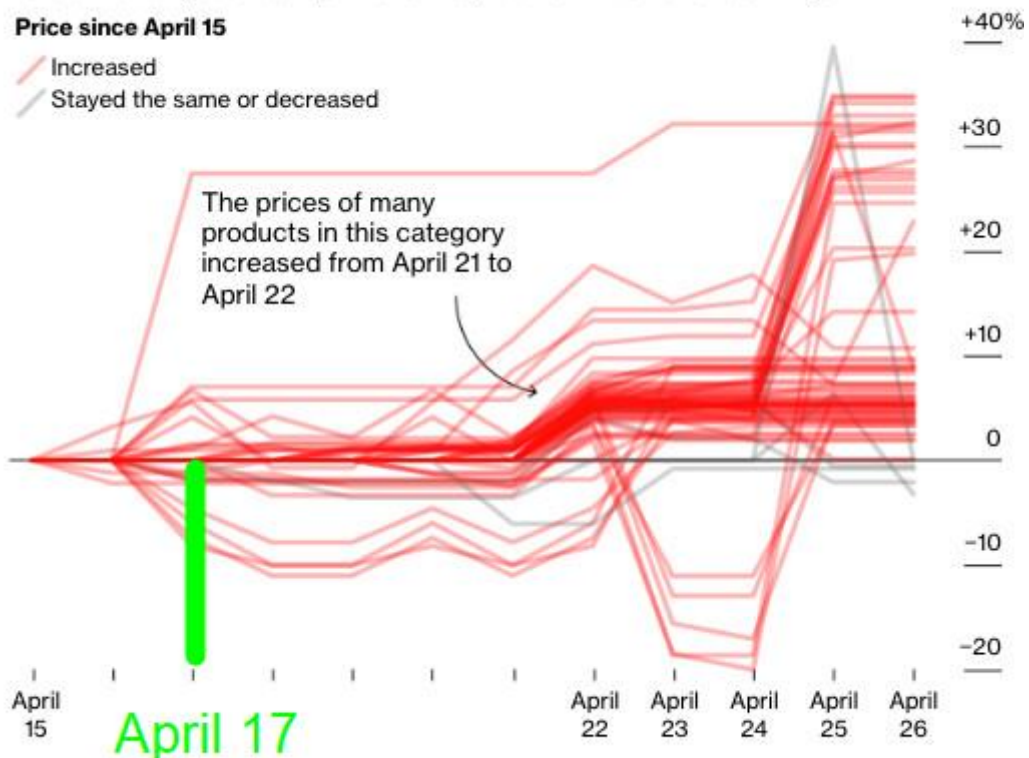

And of course, this time there are no signs of any easing or relaxation of state terror. The goddamn Zionist SOB in the White House is escalating further: after raising China's tariffs to an outrageous 245%, China said they would now ignore the number games of the freak in Brainwashington. This is undoubtedly true, because anything above 100-200% is an embargo anyway. On April 21, 2025, the crazy MAGA freak increased the tariffs to 3521% for solar systems from Southeast Asia, i.e. 36-37 times the selling price ([Link](#)). This number, of course, is meaningless in itself and a code: Trump studied the Kabbalah and is therefore well versed in Jewish numerology. Trump is \*deliberately\* destroying the dollar to create a new US currency ([Link](#)): USrahell wants to enslave the rest of the world even more and bring it under the yoke of the foreskin.

In June 2024, the Apostle John suddenly came to me for a crash course in becoming a senior prophet. I've been studying prophecies for decades, but from that visit onward, a truly upward trajectory began: goodbye junior prophet. In the weeks that followed, the quantity and quality of my prophetic dreams plummeted. I used to have maybe one prophetic dream a year, and in the early 2020s, I had more: but since the summer of 2024, I've had up to 4 (!) prophetic dreams per night, up to 1,000 times more than before. On January 2, 2025, God sent me a dream of dollar hyperinflation with codes that, according to my decoding, pointed to April 17, 2025. Through these divine messages in dreams, I was able to work out the timing of many key end-time events in recent months...

This dream of January 2, 2025 (shared in the premium section) came true with terrifying precision: in the days \*before\* April 17, 2025, US wholesale prices exploded, and in the days \*after\* April 17, 2025, the explosion of US retail prices began. Within days, Shein drove prices up by an incredible 30-50%, peaking at up to +377% ([Link](#)) – which, on an annualized basis, results in a maximum hyperinflation of 1,000% to 100,000%. But even Amazon goods saw increases of up to 29% in the two weeks following April 9, 2025: approximately 70% of goods on US Amazon come (or came) from China. The Masonic currency, the USD, has been in a state of permanent hyperinflation since the end of 2021, which, according to the International Association of Accountants (IASB), represents an annual inflation rate of >26% ([Link](#)). In Europe, there has been 'only' hyperinflation of 10-26% since 2021, and no hyperinflation. But even that has dramatic consequences, because the majority of companies lack the pricing power to pass on the price increases: 81% of small and medium-sized enterprises in Austria reported a loss in 2024 ([Link](#)).

### Shein Hiked Product Prices in the US as Tariff Deadline Nears

Percent change since April 15 for top items in women's clothing

Source: Bloomberg  
Note: Data as of April 26.

Apart from a few exceptions, we have an almost complete trade embargo between China and the USA, officially the two largest economic powers (but in reality that's the EU). Since it takes 3-6 weeks for ships to get from China to the evil USA, we always have a lead time of at least 3-6 weeks - and the longer the megalomaniac's tariff war lasts, the longer the lead time becomes. This means that even if all parties involved end all measures today, it will take at least 2-3 months for \*partial\* normalization - and much longer for complete normalization. After the Covid madness, normalization took 2 years: this time the drama of the situation is a zero longer & accordingly, normalization would take \*much\* longer (but thankfully it isn't happening).

Already now in the second week of May 2025, incoming freight volume collapses by 80% (!) at North America's most important port in Los Angeles & it can \*not\* rise again before the second half of 2025 at the earliest. Instead, however, the opposite is happening: we are isolating the whore of Babylon USA, just as the MAGA fools want. A horror example for the brainless Trump apologists is Hell Turner (Link) with his claim that things will be difficult for 1-2 years & then everything will be OK again... If you do it absolutely right & ambitiously (= impossible for the Trumptards), then making the economy self-sufficient will take 10-15 years - otherwise (much) longer. In the early 1970s, the Bilderbergers decided to deindustrialize Duckburg & the implementation took decades. Turner, this black soul (Link), makes a naive calculation about the SHTF moment being the end of June 2025, because US warehouses contain goods for 5-7 weeks (Link). However, everything points to a significant acceleration for many reasons, in line with many prophecies, including Pastor Dana Coverstone (where the +1 code struck, in this case +1 US election term = 4 years):

- (1) The emptying of US warehouses began in March, not May: 31% of Americans were already preppers in March (Link), because the child raping beast began its customs terror in March. The CEOs of leading US retailers Walmart, Target, Home Depot, and Lowe's warned in April that US shelves would be partially empty as early as May 2025 (Link, Link, Link, Link). Starting in 1989, Trump has paid \$30 million in hush money to his underage abuse victims, which, in 2025 dollars, amounts to hundreds (!) of millions of dollars in hush money (link) – and of course he was on Epstein island.
- (2) In addition, many orders were canceled \*immediately\* after the full US tariff war on April 9, 2025 - some even freight already on the way at sea.
- (3) Smart speculators & traders: These have been hoarding goods since April without immediate resale, because they know that there will certainly soon be \*much\* more Dolores for these goods and thus nominally huge profits.
- (4) State Terror (Seizures): In September 2024, the state terrorists began confiscating goods under the formal title of a Campbell soup product recall, justifying it with the National Defense Authorization Act. That was secret state terror, soon the Trump monster will increasingly engage in open state terror, including official seizures. This can be expected starting in late May/ early June.
- (5) Prepping death spiral: The ever-increasing shortage of goods takes on a panic-like dynamic starting in June. From June onward, everything left over will be bought, stolen, or robbed, meaning thefts and robberies will increase by 1-3 zeros, dramatically reducing the availability of goods. In 2024 Maddi Thompson saw the onset of the huge disruptions in June 2025 (Link).
- (6) Large-scale looting: In the summer (July?) of 2025, isolated thefts and robberies, especially in major US cities, escalate into large-scale looting - praise be to Christ! From then on, US retail logistics (both offline and online) in major cities will collapse, while in rural areas they will still be able to function in a rudimentary manner.
- (7) Quarantines: Starting in Q3/2025, voluntary or government quarantines will be imposed due to the increasingly severe unrest and the escalation of plandemic 2.0 (=64 epidemics according to the Bhavishya Malika) – and presumably also due to the beneficial New Madrid Flood tearing North America apart. More and more US citizens are barricading themselves at home due to the dangers to life and limb, especially in major cities. This further worsens logistics and the availability of goods. The idol of the Christian devils himself spoke of reduction of goods by 93% (Link): this will begin in summer 2025, praise the Lord!
- (8) In August-October 2025 the 3-4 months of total US Civil War begin: with 4 million soldiers according to Naftali Herz Imber (1856-1909), 800+ FEMA concentration camps & terribly nice atomic bombs.
- (9) At the end of 2025/ beginning of 2026 the bear & dragon will thankfully clean up the US mess & according to Revelation 19, all white souls in heaven will rejoice because the Whore of Babylon has fallen.

Significantly weaker and delayed, similar developments are occurring all over the world, except perhaps in a few countries like Russia. Such cruelties are absolutely necessary to end the worship of Mammon, all our gentle attempts have failed. Jerry Golden's 2001 vision (Link) of the Saturn finger that God gives to the materialistic swine:

*The economy will be totally destroyed and when their God of money is gone from them, they will turn to me. But I will not receive them.*

## Further prophecies for spring 2025 to spring 2026

*You dispose of all black souls like garbage. Therefore, I love what you command. (Psalm 119:119 with the double 911)*

For the past few weeks we have been opening a whole new chapter in the topic of prepping: Pakistan has called for two months of prepping because of the nuclear war with India ([Link](#)). In 2004 [Vladimir Zhirinovsky](#) predicted a war between the two nuclear powers Pakistan and India with [200 million deaths](#) ([Link](#)): that is four times more [healing for mother earth](#) than World War II in six years, a wonderful gift from God. For the nuclear war between Pakistan and India, 21 years ago in 2004, he said the time frame would be 20-30 years: we have been in this window since 2024. We can only pray that the reptile is right with this prophecy, as it has so often in the past. Zhirinovsky made many unbelievable predictions, including the start of the denazification of Ukraine almost to the exact day ([Link](#)).

About [3000 years ago](#), [Zarathustra](#) ([Link](#), [Link](#), [Link](#), [Link](#), [Link](#), [Link](#)) prophesied 4 years of \*apparently\* futile prepping; these 4 years are now over. Zarathustra spoke of [Frashegird \(=Last Judgment\)](#) in about 3000 years, because he knew the [3000-year cycle](#), which is  $\frac{1}{4}$  of the [micronova cycle of 12,068 years](#) according to [Douglas Vogt](#) ([Link](#)). Without a doubt, 2020-21 (Iranian start of the year March 21) was \*the\* greatest prepping year in history, when a large part of humanity became preppers - even if it was just extra packs of toilet paper and food. Several prophecies spoke of the [beginning of the upheavals 3-4 years before the total escalation](#), as did the 2004 model by [Taurec = Alexander Hauser](#) ([Link](#)): with the almost obligatory +1 code, we even get 5 years.

*When the time for this rain comes, in the first year the followers of the religion will say to the people, „Store up supplies, for it will rain.“ People will store up supplies. (In) that year it will not rain; and (in) the second year they will say the same, and (the people) will store up supplies, (but) in that year it will not rain; (and in) the third year they will say the same, and (the people) will store up supplies, (but) in that year it will not rain; and (in) the fourth year they will say the same, and the disbelieving people will say, 'What the Mazda worshippers say will not be, for they said this before, (but) it was not so.'*

We have confirmation because rain or floods are mentioned here: this is reminiscent of the [Buddha's prophecy](#) ([Link](#)) according to which the [floods will occur in the Year of the Snake](#): from the beginning of 2025 to the beginning of 2026 (and then again 12 years later). The Buddha said about 2500 years ago that all this would happen in about 2500 years. According to Asian prophecies, this [deluge lasts for 12 years into the next Year of the Snake 2037/38](#), i.e. a double code. Until 2038 we have accomplished the funny [pole shifts](#), which create the biggest floods. In 2038, we'll end the 6+6+6 years of war and destruction, according to [Ferdinand Ossendowski](#), who correctly predicted the 2020 beginning a century ago. According to [Lori Adaile Toye](#) ([link](#)), sea levels will rise by about 2030, and Denver at an elevation of 1609 meters (!) will become a port city - hallelujah! The illuminati didn't make Denver their center for nothing. About 500 years ago, [Chaitanya's](#) brother said that the Indian city of Mayapur would remain flooded for a century ([link](#)).

Zarathustra from the Persian Aryan people is, incidentally, 3000 years old and is the [oldest known source on the three days of darkness 3DD and the resurrection of the dead](#). This [avatar of God](#) ([Link](#)) had a significant influence on the three Abrahamic religions and is even something like the secret father of all three, alongside the well-known father Abraham. He is now raising up, [Sergey Koltsov](#) has released a plate with the [Zoroastrian fire](#) ([Link](#)). Zarathustra was Persian; incidentally, the Persian year 1404 began on March 20, 2025 = code for the 144,000. The number 404 is also a code for the decline of the internet: the [error page 404](#) appears – in this respect, we have a code for the demise of the internet by March 21, 2026 (+1 code?) – Glory be to God in the highest! When a website disappears, it has been 'raptured,' so to speak: thus, the 404 fits with the 144 chosen ones. In Gematria, 144 represents time, light, and Allah Akbar ([Link](#)).

Zarathustra speaks of the three-headed demon Anzi Ahaka, who will clear the planet in the end times and of how only [2-3 million people](#) are expecting the Messiah, or rather, he will return \*only\*

for them. This is a very similar statement to a dozen other sources; the second wave of the 'rapture' = resurrection in 2029-33 will take about 0.1% of humanity with it - but only after bestial torment up to that point (the biblical winepress). Zarathustra also mentioned the same 0.1% as a code, namely that 1000 women (=bride of Christ) will kiss only one man (=Christ). At the first resurrection 40-42 months earlier, the Boss transforms fewer than the 144,000 chosen ones. To my surprise, the number of chosen ones with a white soul has suddenly dropped sharply since the end of 2024 due to strong attacks, and now in May 2025 there are only 45,000 souls left on the wedding list, meaning two thirds have already fallen. Buddhism speaks of the 84,000 spiritual teachers: in the best-case scenario, the number of wedding guests rises back to 84,000 – or the tens of thousands missing for the 84,000 come from deceased people (which however contradicts the Gospel of Philip #90 Link).

I, too, had to fight fierce spiritual battles to avert the theft of my soul. Christ is testing whether we are truly 100% ready to bust our asses for him 24/7 or not: then & \*only\* then can we be his bride. Heather Michelle is one such a fallen away from the circle of the 144,000 chosen ones, which was shown to her as a code (Link). Her soul only turned black in April 2025 during Covid: what once used to take decades in the times of late Atlantis, now often happens in a single night. Since 2020, almost souls have turned black during resp. because of Covid, since the crown virus was the crown and coronation of the hell queen and her most powerful instrument. Corona is spiritually 1008 times more important than generally assumed, still in 2025: unfortunately, no one (?) in the world outside of the Amanita readership understands this, and the most ignorant people on the planet are the corona deniers (truthers). Currently, we are down to about 1 person in 100,000 for the first 'rapture' = resurrection: this is one reason why 95-99.9% of 'rapture' dreams do not come from God, but from hell. The newsletter of November 20, 2024, described why the conventional theories about the 'rapture' = resurrection of the dead are almost 100% false (<https://www.amanita.at/docs/open/20241120-e.pdf>), 3 additional remarks:

(1) These dreams almost always depict the 'disappearance' of a \*large\* number of people, leaving those left behind wanting to bite their own asses. The reality is exactly 180° different: the disappearance of a single person in a city with 100,000 inhabitants is guaranteed \*not\* to be noticed.

(2) Second, this YouTube garbage usually speaks of the 'rapture' while everything is still perfectly normal: however, dozens of \*serious\* prophecies say that this is definitely not the case. Traditional European prophecy (including Nostradamus) leaves no doubt that first Russia will clean up the planet with terribly nice nuclear bombs, and only \*then\* will the supernatural events occur.

(3) Moreover, it is not a 'disappearance,' but a regaining of the angelic body (humans are fallen angels like Lucifer & Co.) & in this glorious resurrection body, the Bride of Christ visits Earth to complete Christ's work here. Zarathustra described further details about the glorious resurrection body:

*And the man and the woman will desire each other, and they will enjoy and consummate, but no birth will come from them.*

Based on the trend of the last 5 months, there will be \*no one\* (!) left for the wedding with the Lamb in 2027: this confirms Christ's return in 2026 according to my 2024 dream – I see 2-4 possible concrete dates for it. Luke 14 & Matthew 22 confirm that many of the invited will \*not\* attend the wedding. Matthew 24-24 (double code for 2024 & 2024+1=2025 due to the +1 code) warns that even God's elect will be misled. Additional sources for March 29, 2025, were mentioned exclusively in the premium area:

(1) Bhavishya Malika: a Hindu scripture about 500 years old (Link). It spoke of the beginning of total destruction when Saturn (sidereal) enters Pisces, which happened on March 29, 2025. That's a 30-year cycle, but the many omens mentioned hadn't been fulfilled 30 years ago; they only came true in the last few years: proof that March 29, 2025 was definitely meant. According to the Bhavishya Malika, the Kingdom of God (Ram Rajya) lasts 1009 years (calculated from 2025/26 that would be 3034/35); the Bible speaks of a millennium, and Nostradamus of just under a millennium. Furthermore, the Bhavishya Malika speaks of the 64 plagues of humanity with which we punish humanity. We have been working like mad since the end of 2024 to roll out these 64 diseases with warp 15, with help from the aliens and their death nebula since November 18, 2024 (Link). According to Bhavishya Malika, an asteroid impact in the Bay of Bengal kills 1 billion people:

that is the most gratifying of all death tolls, only the 3TF three-day eclipse with a death rate of 67-75% could be more cleansing & healing for Mother Earth & the rest of the galaxy.

(2) Exclusively in the premium section, an Islamic hadith was also mentioned, which spoke of very important events if the middle of Ramadan falls on a Friday: in 2022-32, this will only be fulfilled on Friday, March 14, 2025 ([Link](#), [Link](#), [Link](#)). The associated events:

(i) Sky events: Indeed, one week later, on March 24, 2025, the most spectacular sky phenomenon of the last millennia occurred. It was seen from New Zealand across the Middle East (Iran) to Northern Europe over a distance of about 20,000 km and was about 1,000 kilometers in size. Of course, the official explanations for this (Musk rocket) are all 100% lies: it was a sign from extraterrestrial races to humanity. In principle, this sign was similar to a crop circle: visible not just to a few people, but to billions. This sign, of course, is 99.9% misunderstood: there is a reason why we are the stupidest race in the galaxy. Sepp Wudy ([Link](#)) fits this in 1912: „*But outside there will be a sign in the sky that announces the beginning of the great disaster.*“ In 2024 I dreamed that I was standing outside at the beginning of April 2025 and observing a very special phenomenon in the sky: this dream fit very well, it even came a few days earlier than in the dream.

(ii) Furthermore, the sound of a trumpet = Trump(et) was mentioned, which would awaken the sleeping sheep. Indeed, from March 2025, the Trump voice (in written form) resounded throughout the world with a frightfulness never before seen, and the Antichrist-in-waiting changed the world \*forever\*, so to speak, single-handedly...

(iii) Earthquake: On March 28, 2025 (March 29, 2025 +/-1 day), Myanmar experienced the strongest earthquake in millennia (approximately magnitude 9.3-9.4), causing several buildings to collapse even 1000-2000 km away (!) in Thailand, which is unique in earthquake history, to my knowledge...

(iv) War in the Middle East in the month of Dhu al-Hijjah, May 28-June 25, 2025: The first three prophecies came true, so the probability is very high that the fourth prophecy will also come true, meaning that we will set the entire Middle East ablaze like never before. We were already working diligently toward this goal in 2024, but God didn't allow everything. This is consistent with Stephan Berndt 's (2009) model, which predicts a major (nuclear?) Middle East war in June of the year X. Similarly, the FSB calendar for 2024 predicts that Russia will save Iran (from the USrahell aggression) in June 2025 (+1 code).

Supposedly, the Polish-Russian-German seer Wolf Messing (1899-1974) predicted more than half a century ago that May 2025 would be a major \*irreversible\* turning point for the world, where Russia would make a big splash, or rather, bang its head on the table ([Link](#)). The question is whether the +1 code is still needed here or not: +1 month points to June 2025 (+1 year May 2026).

The +1 code was mandatory until spring 2025; it was supposed to expire sometime between spring 2025 and spring 2026: the details are open.

Jewish prophecies, only in the premium section, which also pointed to mid- to late March 2025. Of particular importance were the only Meshulash Purim 2021-45 (over 3 days instead of 2) on March 13/14, 2025, and the longest lunar eclipse in decades, which is extremely significant for Judaism and thus for the world ([Link](#)). This Purim was thus a millennial event.

In 2024 I agreed with the Most High in a 'dream' that we would end the human race's mercy shitshow on March 14, 2025, i.e. that from now on we would finally increase the brutality of our whip cracks. As a transpersonal soul ([Link](#)) I was given this negotiating power and according to the 10 palm leaves I read, I am an avatar of Shiva and Vishnu. I have had so many prophetic dreams since the summer of 2024 that I soon forgot about them after writing them down. On the evening of Friday, March 14, 2025, I was able to help usher in the Last Judgement for \*all\* people and, not surprisingly, the world fell apart in the weeks that followed... Let us pray day and night without ceasing that the fist of God will now strike like a world-class boxer ([Link](#), [Link](#)) because violence, suffering and pain is the only language that the evil race understands. On April 26, 2025, I received the message of the 77 waves of brutal chastisement from God: the fastest economic downturn in history was the first, still very harmless wave. So we can look forward to the coming 76 waves of punishment, for never are there such intimate moments with God as during chastisement.

This event on March 14, 2025 reminded me of Pentecost on June 9, 2019, when the Last Judgment began, i.e., the preparatory work. Back then, however, I was only a witness; this time I was a member of staff. The very next day, a planeload of coronaviruses was brought from the USA to China: from then on, the plandemic was in full swing; that was the first concrete impact. But the date June 9, 2019 nevertheless had enormous consequences that no one in the world outside of the Amanita readership realized. Usually, if someone dies after June 9, 2019, this is already the Last Judgment, i.e., if someone dies after June 9, 2019, there is normally \* no\* (!) reincarnation - but 1,000 years of hell. Because reincarnation is the grace of another chance when you've messed up another incarnation: but since June 9, 2019, the Most High has, thank God, considerably reduced his grace.

The almost tetrad March 14, 2025 - August 28, 2026 ([Link](#)) began here: a (full) tetrad means four total lunar eclipses in a row on Jewish holidays. In this almost tetrad, the first three lunar eclipses are total, only the fourth on August 28, 2026 is partial, but with 93% coverage it is almost total. However, there may be changes in the lunar eclipse until 2026 and then it may become a full tetrad. In the dark age of Kali Yuga (5125 years of Jewish rule until September 15, 2023), the tetrads were very important: lunar eclipses = Judaism & solar eclipses = Goyim (= the cattle). Here we have an indication of key spiritual events from March 2025 to August 2026 ([Link](#), [Link](#), [Link](#), [Link](#), [Link](#)). Note how extraordinary this is, there are often 300 years without a tetrad, List of Tetrads ([Link](#), [Link](#)):

(i) 0032-0033 4 lunar eclipses (almost tetrad): Crucifixion of Jesus

(ii) 0795-0796: King Charles ended the Islamic invasion of Western Europe after centuries. In 0800, he founded the Holy Roman Empire of the German Nation, which would put an end to the invaders.

(ii) 1493-1494: In the interpretation of the servants of God, Spain decided to implement a parasite cure and expelled all those deprived of their foreskin from 1492 onwards; this is where the 800 years of Islam on the Iberian Peninsula ended.

(iv) 1949-50: Israel founded in 1948 & first war with the Muslims

(v) 1967-68: capture of Jerusalem

(vi) 2014-15: Beginning of the end times as prophesied for 800+ years, 3rd Temple announced for the first time in 2015, invasion of millions of rapugees in Europe = Islam-Christianity front opened as central theme of World War 3

(vii) 2021-22 (almost tetrad, lunar eclipse on November 19, 2021 only partial): first peak of the end times. Here we were gleefully rolled out Covid, the first of the 64 end-time plagues according to Bhavishya Malika, thus the greatest wave of death in human history. Furthermore, the first sealing of white souls began with the first lunar eclipse on May 26, 2021.

(viii) 2025-26 (almost tetrad): second climax of the end times & World War III, appearance of the Emperor, return of Christ & destruction of the Third Temple in the Negev Desert. Douglas Vogt said years ago that the Third Temple stands (in the Negev Desert), but the exact location is a secret he took to the grave. On April 23, 2024, at 5 a.m., the first official Jewish cow Satanism took place in Jerusalem in almost 2,000 years: with this ritual blood, the Temple was cleansed.

(ix) 2032-33: third & final climax of the end times, 2000 years exactly after the Tetrad of the Crucifixion, completion of the greatest spiritual upheavals & final Christ return, for this is the last Tetrad for about 300 years (without orbit changes).

The 5 secrets of Luz de Maria de Bonilla are a kind of countdown: on January 5, 2013, she received 5 secrets that she had to keep quiet about until the Divine Mother ordered them to be made public. Since the beginning of April 2024, after 11 years of silence, she has finally been allowed to reveal the secrets, which happens in a cycle of just under 4 months: the 4th = penultimate secret was revealed on March 18, 2025 ([Link](#)). A continuation of this cycle points to July 2025 for the 5th = final secret - and then...? I believe it is a countdown for the secrets of Garabandal & Medjugorje, including for soul-searching. Incidentally, according to Ivan Dragičević, all Medjugorje visionaries have received all 10 secrets by 2024.

The death of the black antipope BerGOGlio on April 21, 2025, is of course also very important, because he was the false prophet and one of the three members of the Antichrist Trinity. The fact that only two of the three Antichrists are still alive is confirmation that we are already in the middle end times and \*no longer\* (!) in the early end times, meaning that the Kali Yuga (symbolized by the three Antichrists) is losing power. Furthermore, we will have already killed more than half of humanity by 2024, meaning that the entire remaining Judgment Day until 2048 will eliminate \*less\* (!) human garbage than the previous Judgment Day. Let us thank God that he has already freed the galaxy from half of its worst disease!

When I woke up on Easter Monday, April 21, 2025, I thought to myself: strange, the world suddenly feels much lighter. That's quite extraordinary, because things almost always go in the wrong direction for the world. At the beginning of 2022, after the end of the Covid terror, it was a little like that too, but much weaker and more gradual. Then I read the news and immediately understood why the world was becoming lighter: one of the three Antichrists, namely the false prophet Antipope BerGOGlio, had gone to the fires of hell. Pure souls sense very precisely when a spiritual caliber (white or black) enters or leaves the earth. It was no coincidence that the worst day of suffering in Saint Faustina's life was BerGOGlio's birthday on December 17, 1936 ([Link](#)).

According to the 400+ year old prophecy of Malachi ([Link](#)), BerGOGlio was the second to last Pope #112 and the new Pope is the last Pope #113. This is a complete list of popes since Pope Celestine II (1143-44): in terms of this completeness, Malachi's is by far (!) the best of all prophecies; not even Nostradamus, the King of the Prophets, can compete. The list has been working in real time for 400+ years and is therefore set in stone, even if 666 super idiots come along and claim the whole list is wrong because of 3 antipopes. Malachi's also works perfectly prognostically: in 2005, I made my first forecast \*exclusively\* based on prophecies here in this newsletter. Because of Malachi, I predicted that Cardinal Ratzinger (motto #111: Glory of the Olive Tree) would be the next pope immediately after the death of Pope John Paul II, when he was still not given any chances. The motto for #112 BerGOGlio was the persecution of Christians: never before in history have almost all churches in the world been closed (except in Russia and Sweden) and the vaccine pope did everything in his power to maximize this persecution of Christians (under the guise of Covid). In fact, the Vatican was the only state in the world with 100% mandatory vaccination: confirmation of the Antichrist. Benjamin Parravicini also saw the mask pope in 1972 ([Link](#)). Of course, almost only lies circulate about Malachi, including that there are only 112 popes. But there is clearly a point after the 112th motto for BerGOGlio, just as there is a point behind the 113 mottos.

Year X 2024-26 (2027): what no longer has to occur

*If anyone comes to me and does not hate his father, mother, wife, children, brothers, sisters—yet his own life—he cannot be my disciple. (Luke 14-26)*

Back in the 2010s, I discovered the prophetic multiple codes, which revolutionized (non-Jewish) prophecy research. This includes the +1 code, which I first decoded in The Song of the Linden Tree. In the early 2020s, I discovered that prophecies usually fulfill double or triple fulfillments; the theoretical range according to Jewish scholars is the 7 levels of prophetic fulfillment. This has enormous practical implications: when prophecies speak of \*one\* event, it is usually 2-3 (double code or triple code), rarely only once, and even more rarely 4-7 times.

This basically also applies to the year X: since 2024 I have been assuming a triple code for the year X of the prophecies, i.e. X1=2024, X2=2025 & X3=2026 - very unlikely there will be another year X4=2027. New findings on this since 2024: if a time is given, then that is usually only the first of the 2-3 fulfillments, while the rest are fulfilled with the +1 code. Incidentally, through my research I found the +1 code in ancient writings from the 15th century, which spoke of the fateful year 1788 (Link): 1788+1=1789 the most important year in the 18th century (together with 1776) because of the French Devil's Revolution, when Freemasonry raised its terrible head as an instrument of the she-devil. The prophecies for the year X are therefore fulfilled over 3-4 years. Many prophecies have already come true in 2024, which probably \*will not\* (!) come true again, in any case not necessarily:

(1) Many prophecies spoke of a leap year or Olympic year: that was 2024 & then again in 2028.

extremely early spring also occurred \*only\* in the year X1=2024, but \*not\* in the year X2=2025, which was fairly average for Central Europe (for a world experiencing global warming). As early as March 5, 2024, grass was mowed in the DACH region, \*much\* earlier than usual, and also in 2025. Ditto the many primroses, according to Hermann Kappelmann (Link), in the year X-1=2023; this was not the case in 2024.

(3) The outbreak of the Iran-Israel war was on April 14, 2024: in April of the year X, exactly as predicted in Stephan Berndt 's model (2009): we can forget about that. On April 23, 2024, the goddamn foreskin wanted to kill 50-100 million people with a high-powered EMP nuclear bomb over Iran, which would bomb the entire country back to the Stone Age. In April 2025, however, not much happened in the Middle East, except for the constant hostilities and the daily genocide perpetrated by the foreskin since October 2023.

(4) In May-July 2024, we carried out assassinations of a double-digit (!) number of high-ranking officials: some were successful, and some we could have used more accuracy. Our greatest success was undoubtedly the death of the demented child rapist Biden on the night of July 17/18, 2024. All those Irlmaier nutters are completely out of their minds and are therefore still waiting for \*an\* assassination attempt. Here, I'm not sure whether this was partial fulfillment (mostly) or total fulfillment: there are good arguments for both. Either way, the number of our assassinations of high-ranking officials in the coming months should be (much?) lower than in 2024. We definitely want to sever the life thread of the crazy foreskin slave in the soon-to-be-orphaned house (mid-July ?), otherwise nothing will change for the better on this planet. But it is to be feared that this will not entirely succeed.

(5) The prophesied peace conference with the 4 towers (on Ukraine) has already come true twice in mid-2024, first with the 'peace conference' at LuCERN in mid-June 2024: the landmark of LuCERN are the Musegg Towers, four of which are open to the public in summer. The second fulfillment was the 'one-man peace conference' by Victor Orban from Budapest immediately afterwards, i.e. he traveled to Kyiv, Moscow, Beijing & to see US President Trump one after the other. The parliament in Budapest has 4 towers. At the moment it looks as if the peace conferences have already been ticked off in 2024, but a final (third) fulfillment (on the topic of Ukraine) around July 2025 is still possible. On June 2-4, 2025 there will be a peace conference in New York on the two-state solution in Palestine, but I don't see the 4 towers here: this could be an additional fulfillment or over-fulfillment. The UN voted in favor of Palestine becoming a UN member state in May 2024, meaning that the two-state solution was in principle already decided a year ago.

In short, we must 100% distance ourselves from the completely false thinking of the prophecy wannabe experts. Unfortunately, \*no one\* of these black souls learns something new, they just keep repeating the same old nonsense. A black soul is largely separated from God and only receives limited resources (depending on karma & other factors). We should \*never\* expect a 100% one-time fulfillment from junior prophets; rather, the norm is 2-3 partial fulfillments, which perhaps only represent a 50% fulfillment. So, we must not set the bar too high; 50% is a good

value, and under optimal conditions, we can \*perhaps\* raise this threshold to 80% (especially with the few senior prophets). However, with many alleged 'prophecies,' we must expect a fulfillment close to 0% for many reasons. Many of these 'prophecies' were \*never\* real prophecies anyway, but rather, for example, brain-fuck, wishful thinking, astral copying (the specialty of Alois Irlmaier), purposeful prophecy, trend extrapolation, suggestion, memories of the past, misunderstanding, forgery, channeling by diligent but amateurish beings, promptings from the dark side, etc. Furthermore, the central rule of prophecies still applies: their fulfillment is almost never recognized. Least of all, we should commit ourselves to a specific fulfillment at our own discretion; we must understand that God always has the last word and the element of surprise is on his side.

## UFO abductions: Warning of false raptures

*They come from a distant land, from the ends of heaven [=aliens]: the Lord and the weapons of his wrath, to lay the whole earth desolate. [...] Behold, the day of the Lord [Christ's return] is coming, with cruelty, fury, and fierce anger, then he will make the earth a desolation, and he will destroy the sinners. (Isaiah 13)*

In the premium section, the beginning of the UFO invasion was stated for Pluto's entry into Aquarius on November 19/20, 2024, and that happened \*exactly\* (+/- 1 day), because that's when the largest wave of UFO sightings in history and the death nebula began. I predicted a nuclear timeline for around December 13, 2024, and that happened twice. On December 5, 2024, we detonated an atomic bomb off the coast of California ([Link](#)) and 10 days later, on December 15, 2024, we produced the next nuclear explosion: a tiny Israeli atomic bomb (0.3 kT) near Tartus, Syria ([Link](#)). These are the smallest possible atomic bombs, only 1-2% the explosive power of Hiroshima and Nagasaki.

Since December 23, 2024, I have had four UFO encounters (including two abduction attempts), and I would like to once again urgently warn against false UFO raptures. Altötting is the central spiritual sanctuary in Germany, and it hasn't yet been taken over by the dark side, so my twin soul JZ and I went there in the second week of March. On the night of March 8/9, 2025, around midnight in my lodgings in Altötting, I first heard a loud UFO drone, just like on December 23, 2024. This time, however, I didn't see it; it must have been hovering directly above the house. People were screaming wildly on the street below; this must have been related to this UFO sighting. In the hours that followed, there were three abduction attempts: suddenly the room was very bright, even though the nearest houses were about 100 meters away - but some force prevented my twin flame from getting up and looking into the light, otherwise she would have been gone. The next day, the waiter Giovanni in Altötting said that today was like war: he subconsciously sensed these events... Two nights later, we traveled on to the Untersberg Mountain, and there, during the night, there was another UFO abduction attempt with bright light, even though we had closed all the curtains as a precaution, and this house was even more remote. On March 18, 2025, at around 3 a.m., another UFO drone appeared at my place in Vienna.

Shortly before the UFO terror attack on March 8, 2025, someone sent me DOGE crypto coins with a 125 code at 10:47 PM CET (logged in at 10:01 PM UTC). 224.7 days later is October 19, 2025: I dream of the wedding of the lamb on that date. The time 22:01 (->221) is no less interesting: on June 23, 2017, I was at a seminar, and the embroidered keychain kept changing its inscription, alternating between 221 and 122. However, the key then only unlocked the number currently displayed on the keychain, e.g., now only door 221, then only door 112. This went on for several hours until I recognized the message from the Boss, after which the key remained stable. Exactly 221 weeks later, in September 2021, a lace-trimmed women's camisole suddenly appeared in my closet—the wedding dress, according to the Boss. It later disappeared again, and now, at the beginning of 2025, it suddenly reappeared in my closet... The invitations for the Bride of Christ have been sent out since December 26, 2024: that was my invitation.

The time of transmission was 22:47, the orbital period of Venus is 224.7 days: Venus = Bride (of Christ). Interestingly, these DOGE coins were sent to the Ascendex exchange: ascension = rapture, Ascension Day is May 29, 2025 & May 14, 2026. This is therefore a code for the false Rapture or Ascension, namely the alien Ascension. I have never shared this DOGE address before, nor have I ever received such 'crypto gifts', except for my own coins from exchanges as promotional gifts – in this respect, this was a code for the AI = E-GOD (a mirror word for DOGE).

The Illuminati have been communicating with me in all sorts of ways for a decade, including break-ins, postcards from the Vatican, adding encrypted email addresses to the Amanita mailing list, etc.

I experience these UFO things in advance so that I can warn humanity with first-hand experience. Not being allowed to look out is the most important rule of conduct during the 3DD (three-day darkness) and is also shown in several ET films, such as the film Bird Box (11/12/18). There is the yoga practice Pratyahara, i.e. withdrawal of the senses ([Link](#)). You either do this spiritual practice voluntarily or the Boss forces you to: UFO abduction attempts and the 3DD are a compulsory Pratyahara exercise. \*Maybe\* indirect looking via a mirror works, but probably not in all dangers. Never think like the misguided egotists who get off on 'light and love'. We should not look out during the 3DD even if a very bright light is coming from outside. I would like to recommend again the very comprehensive newsletter of February 1, 2025: <https://www.amanita.at/docs/open/20250201-e.pdf>.
