*Not everyone who says to me, 'Lord, Lord,' will enter the kingdom of heaven, but only the one who does the will of my Father in heaven. (= true essence of the Bible, Matthew 7-21)*

### Prophecies #27: Iran War & Return of Christ

In the last free Amanita newsletter of December 17, 2025, I mentioned the first major key timeline in 2026: February 17-26, 2026. The Middle East war began with the obligatory +1 code, meaning one day later, on the night of February 27/28, 2026. This shows a similar pattern to the Ukraine war, which was predicted in the premium area for 2021 for around February 22, 2022, and broke out one day later, on the night of February 23/24, 2022. To my knowledge, I was the only professional forecaster to make such accurate predictions - glory to God in the highest! This data is usually reserved for premium members, but in 2025 my boss ordered me to make the last days of February public. In this article, I want to discuss, among other things, the next key dates for world events.

Thank you for your interest & God bless all white souls, Maranatha!

Content of free Amanita newsletter & premium market letter: In 2000-15 Amanita Market Forecasting was a normal market letter with 80-95% of the content related to the financial markets. Since 2015 the content has shifted more & more towards general world forecasts, with special consideration of political, military, health & spiritual topics as well as earth changes. That's why since 2022 only about 20% of the content (text quantity) has been dedicated to the financial markets. With the upcoming collapse of the global financial system until 2026 the financial content will naturally fall below 20%, which can't be avoided.

The free Amanita newsletter is sent out every 3-12 months, it complements the Amanita premium newsletter subscription, which is published 1-5 times per month (target: 30-40 premium updates per year). The free market commentary is only considered to be a commentary on the financial markets. The Amanita system is based on a high degree of diversification in 7 markets (currencies, cryptos, agriculture, precious metals, energy, bonds & stocks) & only makes sense as a whole (but never in isolated parts!), because all positions are well-orchestrated. For these 2 reasons (professional instruments & diversification) a replication only works for larger portfolios with at least EUR or USD 400,000, as well as for institutions. Because the Amanita premium market letter is very different from every other market service on the planet, you should be prepared for at least 3-6 months to get acquainted with the Amanita system. That's why the shortest subscription period is 6 months & trial subscriptions are no longer offered. Personal services had to be discontinued in 2008 because waiting times rose to more than one year.

# Prophecies #27: Iran War & Return of Christ

*There comes a time when you can no longer pray against these events. They must happen for everything to come to an end. (Werner Grunwald circa 2011 [Link](#))*

In the last free Amanita newsletter of December 17, 2025 (<https://www.amanita.at/docs/open/20251002-e.pdf>), I mentioned the first major key timeline in 2026: February 17-26, 2026. The Middle East war began with the obligatory +1 code, meaning one day later, on the night of February 27/28, 2026. This shows a similar pattern to the Ukraine war, which was predicted in the premium area for 2021 for around February 22, 2022, and broke out one day later, on the night of February 23/24, 2022. To my knowledge, I was the only professional forecaster to make such accurate predictions - glory to God in the highest! This data is usually reserved for premium members, but in 2025 my boss ordered me to make the last days of February public. In this article, I want to discuss, among other things, the next key dates for world events.

From a forecaster's perspective, the difference between 2021/22 and 2025/26 is enormous. In 2021/22, there was only one conflict that was "ripe" for a proper outbreak of war (UkroNAZOs). Therefore, predicting what would happen at a certain key timeline (like February 22, 2022) was very straightforward. However, in 2025/26, \*dozens\* conflicts are ripe, making predictions much more difficult - also because hundreds of prophecies don't offer a clear chronology; there are too many contradictions. Nevertheless, as discussed in the premium area, what would happen at this key timeline became clear in the one to two months leading up to the end of February 2026. A week prior, the update titled "energy shock" was released, so we saw a swift and precise realization - hallelujah! Among others, the energy shock was foreseen by the Waldviertel farmer SZ for the months leading up to the Russian denazification of Europe. During the oil shocks of 1973, 1979 & 1990, there was a reduction in oil supply of a paltry 6-9% ([Link](#)). However, in 2026, we slash the oil supply by an unbelievable 20-50%, as we also intend to close the Bab al-Mandab, the Gate of Tears. Furthermore, peak oil was already reached in 2018 and only masked by the welcome population reduction from 8 to 3 billion, thanks to Kill-Bill's Covid miracle weapon. Of course, the official figures are, as always, 100% fabricated. Our goal is the rapid end of the fossil fuel era and the transition to free energy: here we must proceed with 100% brutality, because the evil race understands no other language.

## Key timeline placement at the end of February 2026: 3rd Antichrist Mahdi

*They are \*all\* corrupt, they do abominable deeds, there is \*none\* who does good. (Psalm 14)*

First, it's important to understand that at the end of February 2026, we didn't simply achieve another escalation, but that since then, the number of countries involved in world war III (the biblical war of Gog and Magog) is identical to that in world war I (approximately 40) and world war II (approximately 60). Within the first few days, we were able to push through direct military action in over 18 countries, and the Iranian attack on the NAZO member state Turkey triggered a NAZO collective defense clause, allowing us to draw another 32 NAZO countries into the war at once. NAZO countries like Italy, Spain, France, and the Netherlands have already dispatched their navies to the EU member state Cyprus for the war against the noble Persian carpet - which no longer wants to be the doormat for the axis of evil USrahell. We're going to run Cyprus over at full speed with the Turkish BMW anyway, and later we'll flood Cyprus like (almost?) all the islands ([Link](#)). Furthermore, a double-digit number of countries around the globe have been at war or in a (temporary) ceasefire for years anyway.

Certainly, depending on the exact definition of military involvement (extent of destruction, direct/indirect, officially/ unofficially, invocation of NAZO article 5, etc.), the figures will vary somewhat. However, by March 2026, we are undoubtedly at the level of the 40-60 belligerent states at the \*end\* of the first two world wars (much less in the early stages). If we include the civil wars, then the number of warring states is definitely already at a new all-time high: right now we enjoy 20-30 civil wars - hallelujah! By sending Australian troops we were able to involve \*all\* (!)

continents in WW3, like \*never\* before: praise the Lord! The war between Russia and Ukraine, which began on February 24, 2022, was roughly equivalent to the war between Japan and China, which began on July 7, 1937, and was the actual start of world war II. February 28, 2026, was therefore the equivalent of September 1, 1939, when the number of belligerent states exploded within days. world war I lasted 4.4 years, and in world war II, we reached the final escalation stage after 4.4 years with the US entry into the war: 4.4 years after February 24, 2022, points to summer 2026 for the likely final escalation stage.

Most prophecies named the salutary Middle East war as the beginning of world war III, only a few mentioned other fronts: especially Ukraine, as by Nicolaas van Rensburg. This incredibly impressive escalation of the war (from 0 to 100 in no time at all) is surely the reason for this unanimous prophetic attribution. Even a blind man with a walking stick must recognize that we are no longer in the boring early stages (Elliott wave 1) of the conventional world war III, but already in the crisp middle section (Elliott wave 3). Here, we no longer die of boredom, but from the many good gifts from Iran & co. Our plan is to keep adding zeros until we have torn everything to pieces: that is the only way to heal Mother Earth and awaken the remaining sheeple. For violence, pain, and suffering are the only language that the dumbest race in the galaxy understands.

However, we must never think like the lobotomized (m)asses: human-to-human warfare is only one of seven main fronts in world war III - and by no means the most beautiful, exciting, or important, as those surely belong to the AI wars, alien wars, and zombie wars. In human-to-human warfare alone, there are an astounding 92 war fronts according to Bhavishya Malika, see Saurabh Kaushik (Link). By 2029, we will have almost halved the number of nations on Earth - and then we will accelerate the pace and slaughter most of the remaining nations. Among other things, we will render South America virtually uninhabitable by shifting the South Pole to South America in what will likely be three pole shifts. Many sub-fronts also exist within the alien wars, as countless races are involved, and wars even break out within these races (as stated by a source within 3I Atlas). In total, there are an impressive 100-200 fronts of world war III. According to my count, we were able to open a gratifying 7 fronts in world war III, man against man, by January 2026: and since February 28, 2026, this number has exploded deep into double digits. The motto since 2026 has increasingly been "every man against man": that's exactly how it has to be, because that is the main goal of the return of Christ according to Matthew 10.

*Do not think that I have come to bring peace to the earth. I have not come to bring peace, but a sword. For I have come to set a man against his father, and a daughter against her mother, and a daughter-in-law against her mother-in-law. And a person's enemies will be those of his own household.*

Here are the opened fronts in world war III: #1 New Year's 2019/20 hybrid world war III with Kill Bill's wonder weapon - #2 Ukraine February 24, 2022 - #3 Middle East October 7, 2023 - #4 India-Pakistan-China May 6, 2025. The first five years were incredibly tough; we had to wait years for each success. But since the end of 2025, we suddenly shifted into high gear, and with God's help, we were able to increase the pace of escalation in world war III tenfold to fiftyfold (!): praise be to the Lord!

\* Front #5 December 2025 Turkey-Russia: There were a double-digit number of battles between Russia and Turkey, as discussed by the Canadian prepper, among others – as always, the (m)asses know nothing about it. This fulfilled Guerrero's prophecy (Link).

\* Front #6 3.1.2026 Latin America: We were able to start the Venezuela war on 3.1.2026 and have since been working on expanding it to Cuba, Mexico, Argentina, etc. This fulfilled, among other things, the prophecies of Maria Esperanza de Bianchini in 1991, Troy Black & Zhirinovsky.

\* Front #7 early 2026 Greenland (Iceland): The US declaration of war was de facto a NAZO alliance invocation; therefore, I see this war as having begun, albeit under a repugnant ceasefire. Edgar Cayce (Link, Link) envisioned exemplary battles around the Davis Strait between Greenland and northern Canada; ultimately, the bear will take Greenland: then Greenland will be in good hands.

And something else very important happened within three days of February 28, 2026: on March 8, 2026, the third Antichrist officially assumed office: Mahdi Mojtaba Khamenei (9/8/1969 with 999=TerminATOR). The Christian devils almost certainly assume there is only one Antichrist, which is, of course, 100% false - as almost everything from the 'Christian' (=anti-Christian) camp. Both

Nostradamus (16th century) & Josip Terelja (20th century) spoke of three Antichrists, and perhaps other sources did as well. The first Antichrist was the black antipope BerGOGlio ('Francis'), who was therefore no longer recognized by Heaven, and thus, according to the Garabandal chronology, Pope Benedict from the Untersberg Mountain was the last pope. We already threw this devil into the fires of hell in April 2025 - even though, absurdly, he assumed his soul would die after his physical death. The second Antichrist is King Charles of JerUSAlem (=Messiah ben David), who was crowned on May 6, 2023, and whose term of office is a maximum of 42 months. Now, the third Antichrist has emerged into the public eye. Then there is the Antichrist-to-be Trump, who received the crown of JerUSAlem on July 10, 2023 (Link): essentially a shadow king of JerUSAlem, but without an official office. Finally, there is Messiah ben Joseph Satanyahu, the head of government in JerUSAlem and the forerunner of Messiah ben David (as confirmed by leading rabbis more than 10 years ago).

Khamenei's official appointment is the third = final fulfillment of Islamic prophecies. The first fulfillment occurred in April 2024 when Khamenei provisionally assumed power because his father was in a coma. This fulfilled the ancient Islamic prophecies of the Mahdi's appearance during the fasting month of Ramadan, coinciding with a solar and lunar eclipse, an event that occurs only once every few decades (Link). On September 26, 2024, we witnessed the second fulfillment when he was quasi-officially (though secretly) appointed as the successor (Link). On the day of Purim March 3, 2026, with a lunar eclipse, he became semi-officially the Ayatollah & finally on March 8, 2026 officially. It was a long journey to take office: in the end times nothing is ever simple=Yang, but everything is always complicated=Yin. This is prophetically very important because Christ can only come \*after\* all three Antichrists have assumed office (and Antipope Francis is already gone). According to the prophecies, the Mahdi will reign for 7 years (Link), which means either 2024-31 or March 2026 to March 2033: I'm not entirely sure which of the three fulfillments is the starting point. According to Daniel 11:37 (37-11=26->2026), the Antichrist has no desire for women: the Mahdi's impotence could be interpreted in this way. But the impotence doesn't matter as long as he properly satisfies the axis of evil USrahell... Let us pray that the Mahdi is not such a pussy as his father, who after all was the \*only\* head of government in the world to say in 2021 that Covid vaccinations serve to reduce the population.

Purim is the festival commemorating the triumph of Judaism over some Persian leaders: its placement on this pivotal day in Jewish-Persian history is, of course, no coincidence - especially given the lunar eclipse. Dr. Umayma Ahmad Al-Jalahma of King Faisal University in Al-Damman described the celebration of Purim in her 2002 article (Link): with binge drinking (required by the scriptures) and the drinking of the blood of young Christians and Muslims. Based on their historical knowledge, the white souls refer to them as bloodsuckers (a term one would indignantly reject for reasons of political correctness): Jews have been expelled from countries more than 200 times in the last 2000 years, and each time the same accusations were leveled, namely satanic Baal ritual murders for drinking blood. The white souls imagine a court case where 200+ credible witnesses all say the same thing, but the accused persistently denies it: if the judge is not a Freemason, then that must 100% result in a guilty verdict.

## Triggering of the 12 major crisis zones at 1-4°C around Q2/2026

*Now to my enemies who did not want me as king! Bring them here and slaughter them before my eyes! (Luke 19-27)*

It is also astonishing how accurately Pluto predicted the closure of the Strait of Hormuz. This has been discussed in the premium area for the last two to three years, and today I am also publishing it in the free area. One method of astrocartography is to plot the 360° of the zodiac westward with London = 0°. The Strait of Hormuz lies at approximately 56.5° East, which corresponds to 3.4-3.6° Aquarius or -606.6°/2, with the number 666, which is found on every barcode (the symbol of the 666 Beast). Furthermore, it lies at 26.6° cardinal (26.6° N). As predicted for years in the premium area, Pluto will transit the Strait of Hormuz geocentrically and heliocentrically in 2025-26. Heliocentrically, Pluto crosses the Strait of Hormuz only once every 247 years, and this coincided almost to the very \*day\* with the closing of the Strait of Hormuz - an incredible precision. This tells us how accurate astrology can be, when applied correctly (however, this happens almost never). Pluto represents power and oil, and also Shiva the destroyer: Pluto signifies power struggles, which are often accompanied by destruction.

But what's special about spring-mid-2026 is that \*all\* slow-moving planets are in the first degrees of the signs: statistically, this is definitely a once-in-a-millennium constellation, primarily because of two planets (Saturn & Neptune) at the important vernal equinox at 0° Aries. There was already a strong stellium in spring 2025, but in 2025 the planets were still partly in the last degrees (which has a weaker effect), and 2026 is \*much\* stronger again. Historically, the first 1-4 degrees of the signs are the degrees of war and crisis. According to over 1000 prophecies, there are 12 hotspots with massive battles or catastrophes near the first wave of world war III (of 3 waves), mostly with 10-300 million deaths. For comparison: the biggest catastrophes of the last millennia only claimed hundreds of thousands of victims. So we're talking about 2-3 zeros here, a completely different league, and therefore not comparable at all.

It wasn't until 2025, when plotting the major hotspots of the prophecies, that I realized \*all\* of them lie at 0-4° of the zodiac signs and will therefore be triggered in spring/summer 2026 - and to a lesser extent in March/April 2027. Firstly, it is extremely unlikely that all 12 focal points are located in the war degrees (=first Yang degrees of the signs), namely on the order of P=1:10 million ( $14\%^{12}$ ). And then it is even more extremely unlikely that all the slow-moving planets in the 12th harmonic would trigger exactly these degrees simultaneously, especially all of them in the stronger Yang signs - except for Chiron, which, however, is not a regular planet and is not considered by many. In the hot Yang signs, God finally reveals his masculine side: justice/punishment, harshness, open war, etc. On January 16, 2026, the last 100% Yin stellium of our lifetime occurred, which therefore brought tremendous cold waves (Yin = cold, Yang = hot). Furthermore, February 23, 2026, was the most important high in Steven Puetz's UCT model for the 2007-2045 period (<https://www.amanita.at/en/interesting/articles/book-review-the-unified-cycle-theory-by-steve-puetz>): this stabilized the situation.

If we combine these two probabilities, we arrive at events that are perhaps less likely than winning the lottery and occur only once in (many?) millions of years, or even less frequently... Most of these 12 focal points are well supported by dozens of prophecies:

1=North America-West Coast: Super earthquake, the west coast largely collapses into the sea, estimated 20-50 million dead

2=New Madrid: Superflood with 62 million dead according to Chuck-Johnel Youngbrandt

3=Popocatepetl: Volcanic eruption devastates Mexico City with an official population of 21 million.

4=Puerto Rico: huge asteroid impact destroys 20-30 countries in Latin America (many of which are later only found in history books), presumably 50-100 million dead.

5=Greenland: according to Edgar Cayce, it is extremely contested, but due to a lack of people, there is no huge death toll (too few prophecies for precise statements)

6=North Sea: massive flood devastates Northern Europe, likely 20-50 million dead

7=Finland: Russian denazification of Scandinavia with millions of dead

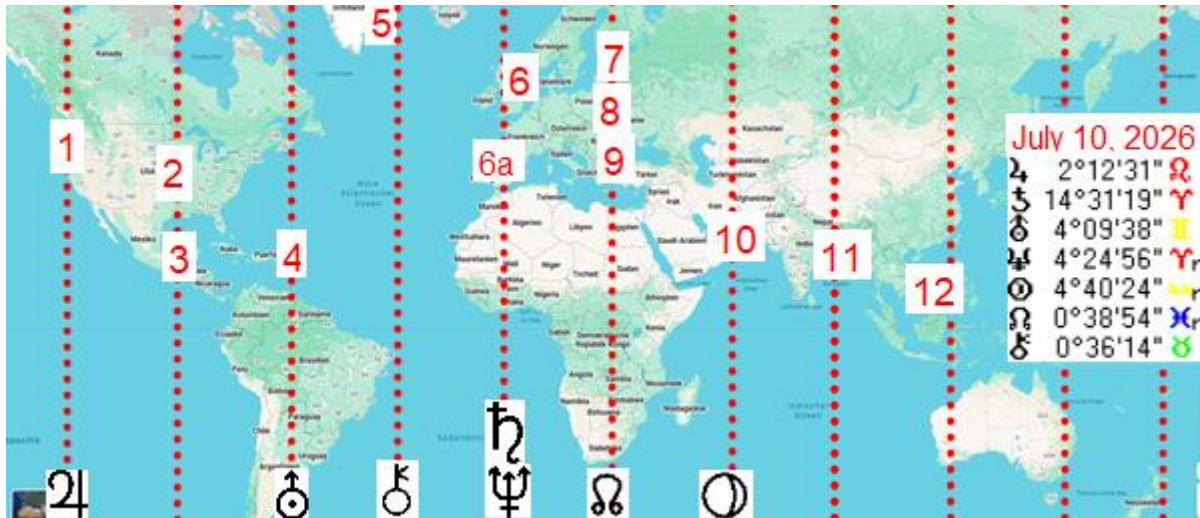

8=Kyiv: Ukraine war with already many millions dead - and we are making preparations for the inevitable nuclear escalation

9=Bosporus: presumably 10-50 million dead in the Balkan battles (Turkey, Serbia, Greece, Albania, Romania, etc.)

10 = Strait of Hormuz: massive battles with a total of 10-50 million dead in the Middle East. In connection with Persia, the somewhat questionable Lourdes prophecy of 1858 ([Link](#)) is interesting: „A terrible battle will be fought in which 5,650,451 million soldiers will lose their lives.“ This strange number 5,650,451 is at least a double code, as is often the case. The square root of this number is 2377, shifted by two decimal places, it becomes 23.77: 2023.77 (Martin Armstrong's date format) was \*exactly\* (+/-1!) the official start of the war (October 7, 2023) in the Middle East. And the sum of digits of this strange number is 26: code for 2026. This number is probably even a triple code: 5650451 minutes = 10.74 years from October 7, 2023 = mid-2034 war end, then we will finally subdue the bear (alliance of Kaiser + China). Then the prophecy of Seraphim of Sarov (1754-1834) that Russia would join Vienna will be fulfilled([Link](#)). Seraphim of Sarov is not just some obscure Alois Irlmaier, but the greatest Orthodox starets (elder or saint) of the 19th century, a textbook anti-Irlmaier. Generally speaking, Eastern sources are light-years better than Western ones.

11=Bay of Bengal: Monster impact with truly awe-inspiring \* hundreds \* millions of victims according to the Bhavishya Malika & other sources

12=Indonesia/ Thailand/ Cambodia/ Malaysia: several massive impacts devastate Southeast Asia, presumably 50-100 million dead

On the map, I've marked where the slow-moving planets will be in 2026. In the 12th harmonic (30°, 60°, 90°, 120°, 150°, 180°), all 12 hotspots will be triggered in the coming months. Mount Fuji isn't included here, but according to John Paul Jackson, its eruption will only eliminate 7 million pests: a laughable number compared to the other, truly gruesome divine punishments. Another extremely important location (though not necessarily due to battles) is also at 4° W: Garabandal = Soul Viewing (6a). From this perspective, the strongest event seems to be around July 10, 2026, when all the slow-moving planets except Saturn will be at 0-4°. For the white souls, there's nothing better in the world, because all these things \*must\* happen around the time of Christ's return, when they finally go home. Anyone who loves their life in a 3D poop bag is a hopeless case according to John 2: „*Whoever loves the world does not love the Father.*”

Months ago, I also examined the constellations and prophecies surrounding Trump's (apparent or actual) death - or his incapacity to hold office - and created a massive model of Trump's demise based on 50-100 factors. The death of this old fossil in the White House is an extremely important event for world affairs, triggering a massive cascade of subsequent events, similar to the recent heroic IRGC deeds. The model generated exactly 2 dates, three months apart, for 2026-27 that seemed plausible, with an astonishingly high degree of convergence. However, neither of these dates falls in July 2026; both are in other months. One of the two dates could coincide with the gleeful nuclear solution of the great whore Babylon New York. These two dates, along with the key factors for the calculation, were published some time ago in the premium area. The protected area offers approximately 10 times more information (around 40 updates per year), much more timely, and with a stronger focus on the financial markets.

Muslim prophecies also speak of a specific day when the Mahdi will liberate Mecca, which was also analyzed in the protected area. The 1400-year-old Zerubbabel apocalypse correctly prophesied the date (11th of Adar) of the cowardly assassination of the Ayatollah (Link). The +1 code (+1 millennium) also marked the approximate period for these incredible events, namely around the middle of the 21st century. Here, the return of Christ is apparently announced for around November 28, 2026, i.e., after nine months of global dominance by the Roman Empire 2.0 (=West/ Whimpistan under the leadership of Brainwashing): beginning with the (attempted) conquest of Paras=Persia (Link). Further explanations can be found from Rabbis Lawrence Hajioff (Link) & Dr. Greg Killian (Link) as well as Laivi Shor (Link), based on the Jewish scholars Chazal in pre-Christian times. At any rate, since February 28, 2026 Brainwashing=Rome 2.0 has been terrorizing the world like \*never\* before. Similarly, Rabbi Yitzhak Kadouri 1989-2006 (link) said that the Messiah will come in the year when there is a war between the flying Persian carpet and the Saudi dinosaurs: this war has been going on since March 2026.

## Hyperinflationary economic crash -> system collapse

*Go after him through the city and strike him down! Your eyes shall have no pity, and you shall show no mercy! Slaughter old men, young men, and young women, children and women, until everything is destroyed! But leave untouched all who bear the mark [of God]! (Ezekiel 9)*

Nostradamus spoke of the beginning of the great price increase = hyperinflation in March/April: voilà! Furthermore, Nostradamus 1-23 (Link) speaks of the war between the Pig (=Israel) and the Leopard (=Arabs/Muslims) in the 3rd month (=March). Our plan is to end the worship of Mammon forever, and for this we urgently need a total collapse of the global economy, so that soon two-thirds of the planet are back in the Stone Age: a permanent blackout. After the Covid shock in spring 2020, global logistics took two years to recover: this time, global logistics will \*never\* recover, hallelujah! We are well on our way; for example, in Germany, corporate tax revenues collapsed by a staggering 79% (!) YoY year-on-year in January 2026 (Link).

According to the Most High, the US unemployment rate was already 28%, with 26 million unemployed: almost one zero more than the official joke figure of 4% - or 8% in the broadest U-6 definition (Link). According to raw US data, an unbelievable 2.65 million jobs were lost in January 2026, but after the 'seasonal adjustments,' there was a magical increase of 130,000 jobs, see Michael Snyder (Link). At least the evil empire US still publishes the raw data before the falsification. Of course, these 2.65 million job losses in January 2026 are never the truth, because even the raw data is doctored and, moreover, only estimated, not calculated. The calculation of the US unemployment rate is prehistoric: there is no proper official sadism like in Europe, which could at least \*theoretically\* be accurate. Instead, there is only an estimate based on two monthly surveys (Link): 60,000 households and 119,000 businesses and government agencies (covering approximately 629,000 workplaces). Therefore, two US datasets must be merged into one to determine the US unemployment rate: even with honest intentions, there are many possibilities for manipulation, and of course, many opportunities for falsification.

Another reason is that, of course, the much-vaunted jab globocide isn't factored into the figures at all. Thankfully, there are now fewer than 100 million US jobs due to Kill-Bill's magic vaccine - instead of the official 158.6 million. When the number of employed people collapses as the denominator in the fraction, the unemployment rate mathematically explodes. With the dramatic escalation of the global situation since February 28, 2026, we now don't want to destroy a measly 2.65 million jobs per month, but 5-20 million: praise be to the Lord! In total, we can already look forward to a 50-70% US unemployment rate by summer 2026 - and then we'll bring out our biggest hammer and hammer the great whore of Babylon until she's stone dead. A 50% US unemployment rate was mentioned by Chuck-Johnel Youngbrandt before denazification by Russia.

According to official US data, an incredible 95% (!!!) of new US jobs in January 2026 were created in the hell-thcare sector (Link, Link): this is likely true in principle. If you dig deep enough into the official data, you can sometimes find little gems of truth. In 2024, this share was 'only' 40-50%, and by April 2025 it had already reached 70%: no wonder, since the plandemic 2.0 began at the end of May 2024, and the share has exploded ever since. In other words, since the end of 2025, the US economy has been almost exclusively a death economy. And the remaining 5% of new US jobs are almost certainly those companies that indirectly benefit from the death boom, e.g., producers of graves, urns & gravestones, cemetery gardeners, funeral directors, real estate agents (selling inherited properties), notaries & generally prepping to avoid death (weapons, but also sports, etc.).

Hell-thcare is just one of 17 US economic sectors (Link). Since 2017, I've been emphasizing that illness and death are the only truly booming sectors in the early end times, and that's exactly how it turned out. In 2017, I wrote in the premium area that select funeral stocks are a sure thing for anyone with a mandatory stock investment strategy. The aforementioned market leader, SCI Service Corporation, enjoyed phenomenal performance, especially up until 2022, and tripled in value. The plandemic has been the (secret) conductor of the global economy since 2020, a fact that goes 99.9% unnoticed. Even less recognized is the fact that the influence of the plandemic is becoming \*stronger\*, because the beginning of plandemic 2.0 was at the end of May 2024, when vaccine stocks suddenly exploded by hundreds of percent: dozens of pieces of evidence for this have been provided in the protected area. In the rest of the galaxy, this wave of deaths is being observed with great approval and seen as a sign that humanity (unconsciously) understands that things cannot continue as they are and that it must take completely new paths.

## Quo Vadis: Destruction of the Middle East -> Return of Christ

*Now the end is upon you, for I will send my [holy] wrath against you and judge you as you deserve, and bring all your abominations upon you. My eye will look upon you without pity, and I will show no mercy, but I will give you what you deserve, and your abominations will be upon you, that you may know that I am the Lord. (Ezekiel 7)*

If you want to predict the future, you first have to understand the past and present: unfortunately, that's \*never\* the case. If there's anything to be learned from history, it's that the dumbest and most evil race in the galaxy never learns anything from history - and is therefore doomed to repeat it in an endless vicious cycle.

Israhell was subjugated by 3 great empires: Egypt, Persia & Rome. Even after 2000-3000 years, the Khazarian mafia still plots 100% revenge and therefore wants to kill every last Iranian. For this reason, there can \*never\* be a peaceful solution. There are therefore only two solutions: either Israel completely annihilates the Iranian population - or Iran annihilates Israel (the latter will happen). The West, under the leadership of Brainwashington, is the Roman Empire 2.0 (as confirmed by Satanyahu): a useful idiot that is currently still needed and will also be destroyed as soon as possible under the Samson option. Therefore, in 1972/73, a Swedish woman and her father-in-law ([Link](#)) saw Israeli atomic bombs explode over Scandinavia/ Baltic Sea: the little Satan is technically capable of doing so. The Evangelicals (= Christian Zionists) naturally do everything in their power to talk away their vision of Israeli atomic bombs on Northern Europe: that was bad in the 1970s and is much worse today.

According to Pepe Escobar, in April 2024 Russia intercepted an Israeli EMP nuclear bomb that was intended to be detonated and would have bombed the entire Persian Empire back to the Stone Age: 90-99% of Iran's officially almost 100 million inhabitants would have died within 3-12 months. Only Persians with at least several hundred thousand euros in non-Iranian assets could hope for evacuation. Such a thing is only done if the agenda is 100% genocide. Of hundreds or thousands of geopolitical analysts, Pepe Escobar is, to my knowledge, the \*only\* one who doesn't make hair-raising errors on a regular basis, thanks to his \* genuine\* insider information gathered through his extensive travels. Therefore, he knew long ago that the supposed 'nuclear negotiations' were nothing but a farce, because Iran has possessed nuclear weapons for many years. The official narrative for over 40 years has been that Iran will always have a nuclear bomb within a few months: at one point 10-20 years ago, this was even briefly true. In the premium area, I quoted an insider from the Amanita network with contacts to the 12-member military council a decade ago, who confirmed these nuclear saviors. All other geopolitical analysts proved they didn't have a clue, partly because they failed to recognize that the nuclear negotiations were a complete farce. But even Escobar is ultimately misinformed because he doesn't consider exopolitics: the geopolitics on this planet is strongly, if not entirely, determined by extraterrestrial races.

Mossad's attempt at a revolution in Iran. The goal, of course, is a new government that will immediately sever the alliance with Russia and China, allowing Israel to once again send an F-35 carrying an EMP nuclear bomb for genocide - this time without Russian protection, as in April 2024. These Mossad demonstrators (=traitors) are therefore digging their own graves if they succeed: an almost 100% guarantee of death within \*months\*, not years. High treason was thus always rightly punished with death in the past (e.g., quartering), and Iran would undoubtedly be well advised to adhere to this good tradition - otherwise, it means the death of almost every Persian.

The Book of Revelation speaks of great jubilation when the great whore Babylon USA falls in one hour (by the nuclear saviors): Heaven is 100% on the side of the BRICS heroes, therefore everyone who prays for the mother of all whores or otherwise supports whoring must go to Hell. Werner Grunwald ([Link](#)) thus saw that on March 1, 2026, Heaven sent a large legion of warrior angels to fight on the side of the Persian Aryans. Similarly, Chuck-Johnel Youngbrandt's vision in the 1970s and 1980s most shocked people with his vision that God would send an angel to a Russian general so that Russia could defeat the filthy, filthy whore USA. Grunwald (LoC=530s) is one of the last of over 100,000 self-proclaimed prophets from whom anything useful will come in 2026, because since September 23/24, 2025, God has been almost completely silent, as described on October 2, 2025 (<https://www.amanita.at/docs/open/20251002-e.pdf>). Almost all 'prophets' are Christian Zionists and thus belong to the devil's favorites.

According to the revelation, the evil empire of the USA will be almost 100% destroyed, as confirmed by other sources (especially Orthodox ones). Incidentally, the fate of Canada seems to be practically the same: then in Canada there will be 'kana da' (no one there). This is reminiscent of an anonymous Greek Orthodox priest who said that Canada will almost entirely go under, which is a really good thing ([Link](#)). The first words of Pope Pius XII after reading the Third Secret of Fatima (1917) were: poor Canada! So Fatima apparently has a strong focus on the destruction of Canada. Donald (Joshua) Taylor also foresaw the fairly uniform destruction of North America in 1988 ([Link](#)), hallelujah!

According to Jeremiah 50 etc. Russia transforms the Whore of Babylon USA into a completely uninhabited\* (!) desert where \*nobody\* lives. This also explains Revelation 18:4: Then I heard another voice from heaven saying, 'Come out of the city [the whore of Babylon], my people, so that you will not share in her sins and be struck down by her plagues.' Brandon Dawson ([Link](#)) is a good example for this incredible devilry. It is true that New York is the Whore of Babylon in the narrowest sense, but New York will not be destroyed by Russia, but already beforehand in the US civil war by the Trump neocons (officially by Iran): therefore, this Bible verse refers to the USA as a whole.

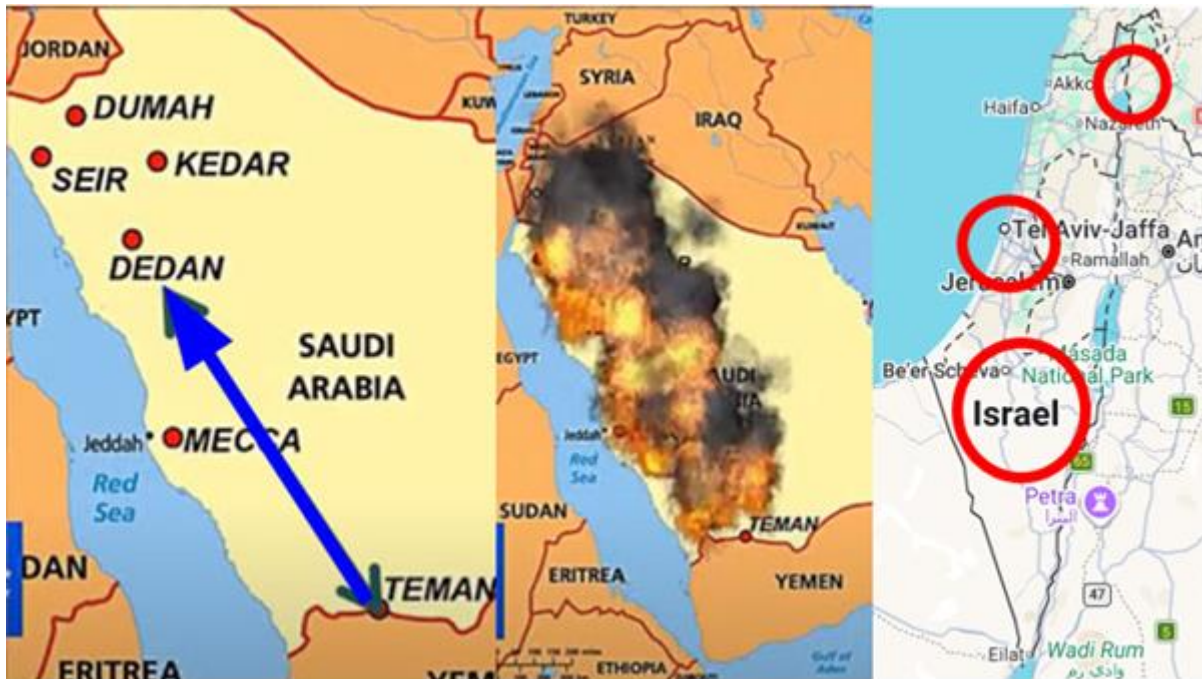

I don't know a single person from the USA who took this biblical passage seriously and actually left the whore of Babylon because of it. Even moving within the USA away from the zones of maximum destruction (including the coasts and along the Mississippi) was only undertaken by very few according to comments in the anti-social media: perhaps some of the >100,000 who post dreams on social media and consider them prophetic, for example. There can be no better confirmation of this whoredom, including hypocrisy and sanctimoniousness: not even these self-proclaimed 'prophets' themselves do the will of God. They will all drink the wine of God's wrath in the unspeakable torments of hellfire.

Furthermore, Revelation 18-23 is highly critical: „*The voice of the bride and groom will no longer be heard in you.*” Does this refer to the human wedding or the wedding with the Lamb? This \*could\* mean that it is (almost?) impossible to experience the Rapture/Resurrection in the USA - due to the incredible national burden of sin? I don't want to state this with 100% certainty, although it is plausible. We know from some prophecies that the Rapture/Resurrection will come when Russian troops are already cleaning up the mess in the Middle East and Chinese troops are arriving: this defines a small window of time of only days to weeks. Since January 2026, Russia and China have been heavily militarily engaged in the Middle East, meaning we are already experiencing a clear partial fulfillment.

US General Wesley Clark announced in 2007 that Abu Dhabi will destroy these seven countries in the five years leading up to 2012: Iraq, Syria, Lebanon, Libya, Somalia, Sudan, and Iran. Thankfully, they're having a tough time with number seven, Iran - praise be to the Lord! Of course, they're a full 14 years behind their New World Order plans, meaning the obligatory end-times effect of "*(almost) everything comes (too) late*" has struck again. The Orthodox elder George ([Link](#), [Link](#)) made the same statement as Chuck-Johnel Youngbrandt in the 1970s: USrahell's troops land on the Persian coast, where they are thankfully destroyed by the Persian-Russian troops, i.e. in the Zagros Mountains (mountains are always a huge advantage for the defender).

According to Pastor Samuel Doctorian, many (millions?) people are dying of thirst in the Middle East ([Link](#)). That shouldn't be a problem for us: it only takes a relatively small number of airstrikes on the desalination plants – we have already begun this divine punishment. Many Arab nations get 70-100% of their drinking water from the sea ([Link](#), [Link](#)): with our brutal attacks on their desalination plants, we are therefore completely ruining them. The prophecy of Ezekiel 25 and Isaiah 21 & 34 ([Link](#)), that Iran would set fire to the Saudi oil fields (especially from Dedan to Teman), is already being fulfilled. According to Isaiah 17, Damascus with its officially reported 2 million pests, will be reduced to rubble: Israeli Samson option. Werner Grunwald ([Link](#)) received information around 2011 about (at least) 3 nuclear bombs being dropped on Israel, see bottom right. Tel Aviv must be nuclearly redeemed (according to other sources as well), and the other two nuclear bombs will fall on approaching BRICS troops: in the hinterland of Haifa near Afula (north) and in the Negev Desert (south). JerUSAlem will be properly cleansed according to Zechariah 14:2.

*For I am gathering all nations for war against Jerusalem. The city will be conquered, the houses plundered, the women raped. Half the city [=Jewish West Jerusalem] will go into exile; but the rest of the people [=Muslim East Jerusalem] will not be driven out of the city.*

According to several prophecies, Russia will \*briefly\* occupy almost the entire Middle East, then the Russia-Iran alliance will collapse and 5/6 of its troops will be destroyed by the zombie plague (Zechariah 14-12). This will end the first wave of world war III, and our savior will return (in a winter), according to Zechariah 14-3.

*But then the Lord will go out and wage war against these nations, fighting as only he fights on the day of battle. On that day his feet will stand on the Mount of Olives, which lies to the east, opposite Jerusalem. The Mount of Olives will split in two, and a great valley will be formed from east to west. One half of the mountain will yield to the north, and the other half to the south.*
