

## Free Amanita Newsletter 9/12/2024: Rebirth of the World in Spring 2025

*If anyone comes to me and does not hate father and mother, wife and children, brothers and sisters - yes, even their own life - such a person cannot be my disciple. (Luke 14-26)*

### Prophecies #20: Rebirth of the world in spring 2025

Due to the events (or non-events) in August 2024, I have massively expanded the Amanita war models and refined them with the new findings. Its statement is clear: it shows the greatest start of war in 2022-28 around 1/25/2025 (+/- weeks). The USA war model shows an extremely advantageous start of war a little earlier around 12/18/2024 (+/- weeks). In addition, a brand new SHTF model has been created for the timeline of total escalation according to prophecies. First death, then rebirth (resurrection) is the divine order: there are 32+ prophecies that point to the rebirth of the world after the Kali Yuga from spring 2025.

Thank you for your interest & I am happy to be able to give you this gift & God bless all white souls!

Yours,

Content of free Amanita newsletter & premium market letter: In 2000-15 Amanita Market Forecasting was a normal market letter with 80-95% of the content related to the financial markets. Since 2015 the content has shifted more & more towards general world forecasts, with special consideration of political, military, health & spiritual topics as well as earth changes. That's why since 2022 only about 20% of the content (text quantity) has been dedicated to the financial markets. With the upcoming collapse of the global financial system between until 2025 the financial content will naturally fall below 20%, which can't be avoided.

The free Amanita newsletter is sent out every 3-12 months, it complements the Amanita premium newsletter subscription, which is published 1-5 times per month (target: 30-40 premium updates per year). The free market commentary is only considered to be a commentary on the financial markets. The Amanita system is based on a high degree of diversification in 7 markets (currencies, cryptos, agriculture, precious metals, energy, bonds & stocks) & only makes sense as a whole (but never in isolated parts!), because all positions are well-orchestrated. For these 2 reasons (professional instruments & diversification) a replication only works for larger portfolios with at least EUR or USD 400,000, as well as for institutions. Because the Amanita premium market letter is very different from every other market service on the planet, you should be prepared for at least 3-6 months to get acquainted with the Amanita system. That's why the shortest subscription period is 6 months & trial subscriptions are no longer offered. Personal services had to be discontinued in 2008 because waiting times rose to more than one year.

## Prophecies #20: Rebirth of the World in Spring 2025

*Whoever loves the world does not love the Father. For all that is in the world, the lust of the flesh, the lust of the eyes, and the boasting of possessions, is not of the Father but is of the world. The world and their desires pass away, but whoever does the will of God abides forever. (1 John 2)*

### Mid-August Paradox: Invasion \*in\* Russia not \*by\* Russia...!?

*So, do not pray for this people and do not offer any plea or petition for them; do not plead with me, for I will not listen to you. (Jeremiah 7-16)*

The last free newsletter was sent out on June 4, 2024, and until the beginning of August 2024 everything ran almost perfectly according to Stephan Berndt's model for the year X (2009):

1. The last small global economic boom was due at the end of 2023 (2-year cycle), since then the global economy has been going downhill steeply, with global GDP currently collapsing by 20-30% YoY. By far the best thing is the halving of GDP YoY in Israhell ([Link](#)). The GDP model shows a major economic trough at the beginning of 2026 - when 2/3 of the world is back in the Stone Age. Since late 2023 the biggest bankruptcy wave in history has been unfolding, arising in China (e.g. *Zhongzhi Enterprise Group*) & nobody is paying attention. Nominally the cacophony is 1 zero (x10!) bigger than the depression 2008/9, which was the biggest in history according to many gauges & in October 2008 we were only hours away from the total collapse of the financial system ([Link](#)). Especially in the green snake currency USD there is a dramatic hyperinflation (>26% inflation according to IASB): a monthly basket of goods with 45 items did cost \$127 at Walmart in 2022 & the same in mid-2024 already \$414 ([link](#)): this results in an

annual inflation of 80%. Others report even higher inflation rates for the same basket of goods, e.g. still \$110 in 2023 & now already \$264.

2. As predicted in the premium sector some time in advance, spring 2024 in Central Europe actually began in early February, earlier than \*ever\* before. This was an important confirmation of *Stephan Berndt's model*.
3. In April 2024, the great Middle East war began, just as predicted in the *Berndt model*, with the wild Persian cat doing the little Satan a real disservice. At the end of April, according to *Pepe Escobar's* insider sources, Israhell sent a nuclear bomb towards Iran to detonate it and bomb Iran back to the Stone Age with an EMP shock. This bomb would have killed 50-100 million people, since 90-95% of people last less than a year in the Stone Age. For comparison: the Hiroshima atomic bomb killed 'only' hundreds of thousands, i.e. almost 3 zeros (1000 times) less. Thank God Russia prevented this incredible act of war.
4. According to the *Berndt model*, major seismic changes were due around May 2024: apparently the earth's axis changed by about 2° (240 km) around May 2024, i.e. the \*physical\* pole shift has begun to be completed in the 2030s, see Rev. *Paul Begley* ([link](#)). A number of prophecies (such as *Baba Wanga, song of the linden Tree* & palm leaves) have long spoken of the shift in the earth's orbital parameters in 2023-25.
5. In May-July 2024 we saw the (attempted or successful) assassination of many high-ranking people, about 100-1000 times as many as normal, i.e. we killed more in 2 months than we normally kill in decades. Many prophecy experts (including me) suspected the assassination of the US President in July of year X & indeed there were assassination attempts on both US Presidents in July, with US President *Trump* surviving & the child rapist putschist *Biden* dying on the night of 7/17/24 after a medical emergency in Las Vegas. As early as August 2023 (Amanita #23/23 in the premium area), the death of a great anti-Christian leader was predicted for circa 7/18/24 & basically that happened \*on the very day\*! To my knowledge, no one else in the world could make such a precise prediction. This ground-breaking statement was made possible by the correct decoding of the Holy Bible.

Apart from the timing, the death of the goddamn bastard was foreseen by many prophecies & came true, even in many details. Thank God that the Tippecanoe curse came true here, according to which (almost) all US presidents are assassinated in a 20-year cycle. Since 1840, we have had 9 US presidents killed in office, 8 of whom were elected in a year divisible by 20 (20=war). *Anne Tucker* saw long in advance that a great US leader would die on the way to the hospital: and that's exactly what happened ([Link](#)). Moreover, the *Biden* death through a disease (caused by poisoning or ray weapons?) was seen by many, e.g. *Anne Tucker* ([Link](#)), *Glenn Geary* ([Link](#)) & *McKana* ([Link](#)). Incidentally, the incredible events of July 2024 were predicted

precisely in the film *GI Joe: Reckoning*. The 2013 film was set in the year 2024 (!), where the US president is kidnapped & secretly replaced by a doppelgänger. Even the name of 'president' *Joe* was correctly mentioned in the film... Junior prophets \*never\* get events, names & year right, i.e. films are often as accurate as senior prophets. The *Trump* box on the ear was precisely announced by *Brandon Biggs* ([Link](#), [Link](#)) & already in the 2013 film *The Call* ([Link](#)), where the protagonist says he as such a liar should be president ([Link](#)). Soon after the ear wash the film protagonist is forced into a mini soul review through a forced confession (the most stirring & deepest one I know): the *Trump* ear slap is an omen for the coming soul review.

This also fulfilled the very strange prophecy made by *Troy Black* two years ago, according to which the *bastard* communicates from the realm of the dead ([Link](#)). On July 16, 2024 (the day before *Biden's last appearance*), *Black* received the message that a moth would soon become US President: the moth is a symbol of death all over the world & moths stand for communication with the realm of the dead ([Link](#)). Since July 23, 2024, a dead *Biden* has officially been speaking: *Black* never understands his messages, sometimes at least a little. However, the moth is also a symbol for *Donald Trump*, because in 2019 a moth was named after him: *neopalpa donaldtrumpi*. Furthermore, *Black* saw a dragonfly, which *Black*, as usual, does not understand at all: the root of the words *Libelle* (=dragonfly) & *liberal* is the same & that is code for the *Harris* bitch as the most liberal of all US senators according to a ranking. In shamanism, the dragonfly spirit animal stands for freedom and thus liberalism ([Link](#)).

Since the July coup in the evil empire, the quasi-president is now, absurdly, an actor about whom we know absolutely nothing, not even his name. Compared to the child molester, the *Biden lookalike* looks 10-20 years younger, does not have completely white hair, is 10-20 cm taller (despite wearing high heels, *Jill Biden* is therefore a head shorter, with only a 15 cm difference in height from the real *Joe Biden*), has long legs like an octopus, weighs 20-30 kg more, has broader shoulders, no wedding ring & he has also mastered bilocation, i.e. he was in Paris & in the Half-Orphaned House at the same time ([Link](#), [Link](#), [Link](#)). He also has completely different body language: he walks much faster & has a demonic clown grin reminiscent of a *Stephen King* book. There are now 5+ US presidents, a real presidential hyperinflation: (1) *Trump* as winner of the 2020 election, with the nuclear briefcase? (2) *Biden* as afterlife president (3) *Harris* as real acting president, with the nuclear briefcase? (4) *Obummer* as the real ruler in the background (5) One or more *Biden* doppelgängers (or clones).

According to the US Constitution, when the president dies, the vice president immediately becomes #1, so the blowjob specialist has been the US president since July 18, 2024. Several prophecies have said since 2018 (e.g. *Anne* from Finland [Link](#), [Link](#)) that *Kamala Harris* will only be president for a very short time & during this time we will tear the Whore of Babylon into confetti - let us praise the violence of God, hallelujah! In 1933, *Joe Brandt* saw the US President at the time when we happily drown KALifornia in the sea: taller & heavier than *Roosevelt* (1.88m & 107kg) & with big ears ([Link](#)). This description applies to less than 1% of humanity, but it applies to *Trump*. And in 1896 *Ingersoll Lockwood* wrote of the last US president named *Trump* ([Link](#)). According to *JetVet* ([Link](#)) & *MJ* already in 2020 ([Link](#)), we will kill *Trumpenstein* in 2025, let's thank God! In June 1933 *William Branham* had 7 visions ([Link](#), [Link](#)), with the first 5 spot-on, #4 & #5 have only come true in the past years (self-driving cars). #6 is the prophecy of a woman as US president & #7 is the total destruction of the evil empire: praise be to the Lord!

6. In June-July 2024, the prophecies about the peace conference in the city with the 4 towers came true. The prophecy about the 4 towers was usually interpreted as referring to the parliament in Budapest: in fact, President *Viktor Orban* started a one-man peace conference in Budapest at the beginning of July, visiting the 5 most important parties to the conflict as the head of the EU betrayal: EU, *Selenskyj*, *Putin*, *Xi Jinping* & *Trump*. Already in June there was a 'peace conference' at LuCERN (in reality a war conference): a landmark of LuCERN are the Musegg towers, 4 of which are open to the public in summer. LuCERN was chosen because of the name: double code Lucifer & CERN. Interestingly, on July 11, 2024 (sun at heaven's gate 108°) the crossing tower Rouen burned down: here we have the 4 towers again as a code. With a height of 151m, the Rouen Cathedral was the tallest building in the world until the Cologne Cathedral was completed in 1880, so it was extremely significant - and the transition to Cologne in 1880 is a code that Cologne will soon burn. *Claude Monet* painted a lot in Rouen Cathedral: code that the money = financial system will soon burn.

7. On August 5, 2024 there was a black Monday: At the end of July / beginning of August the fear index & event risk index VIX experienced the steepest rise in history, namely +500% to almost 66.6: almost from the all-time low to almost the all-time high in just 2 weeks. Although the VIX was twice higher (2008 & 2020), the rise took much longer and it started from higher levels. The VIX almost always rises \*before\* major events, thereby heralding impending major events. Back in June, Time magazine \*precisely\* predicted the panic on August 5, 2024 ([Link](#)): those who are completely clueless can still believe in something like 'free markets'. Brandon Dawson foresaw that a year in advance ([Link](#), [Link](#)): crash on the very day of the nomination of the super bitch Kamala Harris.

However, at the end of July 2024, I suddenly received news from the Almighty that mid-August would not be the total escalation with liberation by Russia according to the Berndt model - this was promptly sent out in the premium area and the all-clear was partially given. At first, I was astonished and confused and received no further information on how things would continue, so I worked very intensively on the relevant models, which are hereby also partially made available in the free area.

The conclusion is that there is still no doubt that 2024 is the year X. But the year X has a completely different meaning than that assumed by the prophecy wannabe experts, who want to pack most or almost everything into a single year - a greater folly is unimaginable in the entire galaxy. Since the 2010s, it has always been said here: 2020-48 are the 28 years of World War III & year X in the early phase of these 28 years is the greatest & therefore beautiful wave of escalation. The big timetable 2020-48 has been set for almost a decade, but the details are constantly being revised based on new findings & events - mostly only in the premium area, partly & with a delay also here in the free area. Specifically, it has been said since 2023 years that there will be 3 major waves of war: 2024/25, 2029/30 & 2033/34. Since 2023, I have stressed also in the premium area that year X=2024 & X+1=2025 are comparable in intensity. However, 80-95% of the bad junior prophecies a la Irlmaier & Co. so popular among the (m)asses focus only on the first of the 3 waves of war (2024/25), the other two waves of war 2029/30 (e.g. war against aliens & AI) & 2033/34 (e.g. war Kaiser+China against Russia) are only covered by a few good sources. Thank God, the hybrid WW3 started in 2020 with the bioweapon Covid: with Bill Gates' miracle weapon we have already been able to eliminate more than half of the world's population, i.e. there are far fewer than 4 billion pests on 2 legs.

Our big role model here is China with a population reduction of 75-80%, which is really enviable. The few unadulterated Chinese economic indicators are mostly 90-99% below the all-time high (discussed in the premium area). Since 2020, it has been said here that Covid is primarily a bioweapon against Chinese men. Every war is primarily about killing men, the Covid war is no exception. Therefore, in China there is already a 9:1 (!!!) surplus of women in online dating in the marriage age 25-40 & almost no men at dating events ([Link](#), [Link](#)): time for the leftover fucking. Thank God the asymmetry is much more severe than 'just' 9:1: firstly, there are always more men in online dating, in 2019 there were twice more men than women worldwide ([Link](#)). This increases the surplus of women to around 18:1. Secondly, baby murder (so-called 'abortions') has led to a clear surplus of men among young Chinese. This means that we have 20-25 times (!) fewer men than expected. When a woman gets hold of a husband for mating (instead of burying), it is now so sensational that it is widely discussed on the antisocial media. In the hunt for men, Chinese women are drawn abroad ([Link](#)). We find this imbalance not only in the marriage market, e.g. doctors reported as early as 2023 that entire Chinese villages are now almost pure widow villages ([Link](#)). The prophecies speak of a surplus of women of 7:1 to 50:1 and China is showing us how to accomplish this goal. That's only fair, since there are almost no real men left, just cucks: we certainly won't allow wimps & pussy slaves into heaven. We will restore the divine order & hierarchy over the next 7 years: (0) God (1) Man (2) Woman (3) Children.

Something else very strange happened around mid-August, according to the model for year X (the SHTF timeline): there was an invasion \*in\* Russia instead of an invasion \*by\* Russia. For the first time in about 80 years, Western troops (NAZO pigs) invaded Russia, i.e. on recognized Russian territory (invasion at Kursk). The chance that this will happen exactly in mid-August 2024 in the big SHTF timeline is about 1:10,000. So, it is certainly not a coincidence, but rather a code 180° of inversion. Instead of the once-in-a-century event of a Russian invasion, there was an invasion of Russia within days of the ideal timeline... Strangely enough, the palm leaves make excessive use of this coding. Example: it was prophesied in a palm leaf that in 2020 my mother & I would be

healthy. Result: she died & I was at times more dead than alive. But back then I already understood enough about these encodings with such a 'null statement' that I prepared myself for the opposite. Moreover, back in 2010 I had already found out her year of death (2020) via muscle test. Nevertheless, the fact that we see a 180° coding here is unexpected. We often find this seemingly paradoxical pattern in everyday life. In archery you first have to draw the bow briefly = pull back & only then can you shoot away. In medicine there is the initial aggravation (Herxheimer reaction), i.e. first the opposite of what is intended. I am even convinced that almost everything without an initial aggravation is only a treatment of symptoms & certainly not a cure. The deeper the healing method, the more dramatic the initial aggravation.

### End-time effect "*(almost) everything comes (too) late*"

*When it really happens [year X], nobody will believe in it anymore. That is the whole strategy behind it. (Osho 1987)*

This is certainly also an expression of the end-time effect "*(almost) everything comes (too) late*", which has been discussed here since 2015 and is an almost 100% consistent phenomenon: but postponed is not cancelled. In thousands of prophetic sources, I have only found one (!) where some prophecies come true too early: the palm leaves, which tick very differently than other prophecies in many ways. The vast majority of prophecies come true (much) too late, and very rarely do they come true halfway on time. This effect is strongest when it comes to earth changes, which so far have disappointed most. That is why this pattern is very important prognostically: if there are 2+ possible timelines for the fulfilment of prophecies, then that almost always means the last possible time (=late) and sometimes even a little later (=too late). In practice, an accuracy of +/-1 (perhaps +/-2) almost always means +1 (+2). In principle, this end-time effect is already mentioned in the Bible in the parable of the 5 top-checker virgins & the 5 brainwashed virgins who \*all\* (!) fell asleep because the marriage with the lamb was delayed for so long - according to Matthew 25 (->2025).

If the timing is correct in principle, then it usually means the Elliott wave 1 of the events, while an Elliott wave 5 is usually expected. The male Yang is fast, the female Yin is slow: all of this is an expression of the yinization or feminization in the end times. The Christian devils, the worst enemies of us servants of God, are primarily to blame: their prayers for even more delay & grace are partially answered, but their prayers are sin & they burden themselves with the karma of the bad deeds that are made possible by them.

Only at the beginning of 2020 did events unfold rapidly, and this was the only time the opposite was really the case: extremely rapid development. Although I had predicted an epidemic for around mid-January 2020, everything happened much faster than expected. Some examples of this end-time effect:

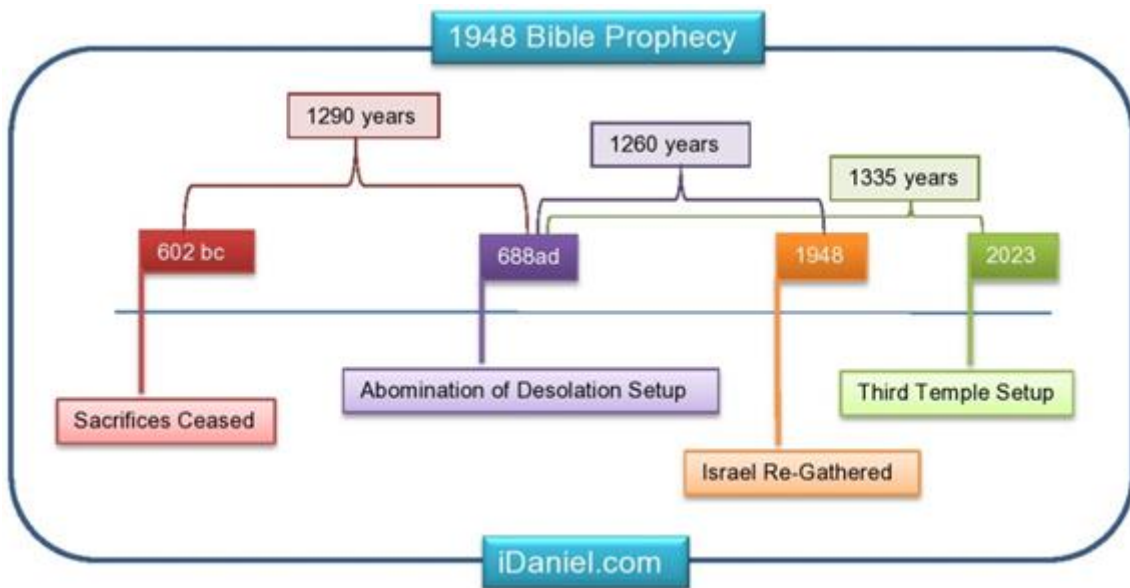

(1) The last time we saw this was in the Youngbrandt prophecy that the Israeli war would break out again on Yom Kippur, which had long been set for 9/25/23, a jubilee year 50 years after the first Yom Kippur War. However, it did not begin until 12 days later, exactly 50 years after the first Yom Kippur War in the Western calendar, on 10/7/23.

(2) The big timeline in mid-December 2021 for the fall of the Whore of Babylon was merely the Russian de-facto declaration of war on the filthy NAZO pigs (ultimatum), with the start of hostilities not until February 24, 2022. Thus, there was more than 2 months delay if we define shooting as war in the narrow sense.

(3) Even for the illuminati, things usually run with a delay: 9/11 was already planned for the 1990s, but could not be implemented until 2001. The Covid hoax was already planned for 2009/10 (swine flu) and could only be carried out a decade later.

(4) The German Bible scholar Dr. Werner Papke prophesied decades in advance that the 3rd Temple in Jerusalem would be built on December 1st, 2018, because of the correspondence with certain biblical patterns. On December 10th, 2018, the first official Jewish animal satanism took place, i.e. 9 days late - and it was not a cow, but a lamb & not in a stone temple, but in a natural temple. This is a good example that even precise prophecies still contain enough inaccuracies.

(5) This chart based on the *Daniel prophecy* was presented the first time in early 2016. However, the first official cow sacrifice was not in 2023, but on 4/23/24 (+1 year).

### Stephan Berndt's analyses

*You throw away the black souls as if they were trash. That's why I love your commands. (Psalm 119 verse 119 with the double 911)*

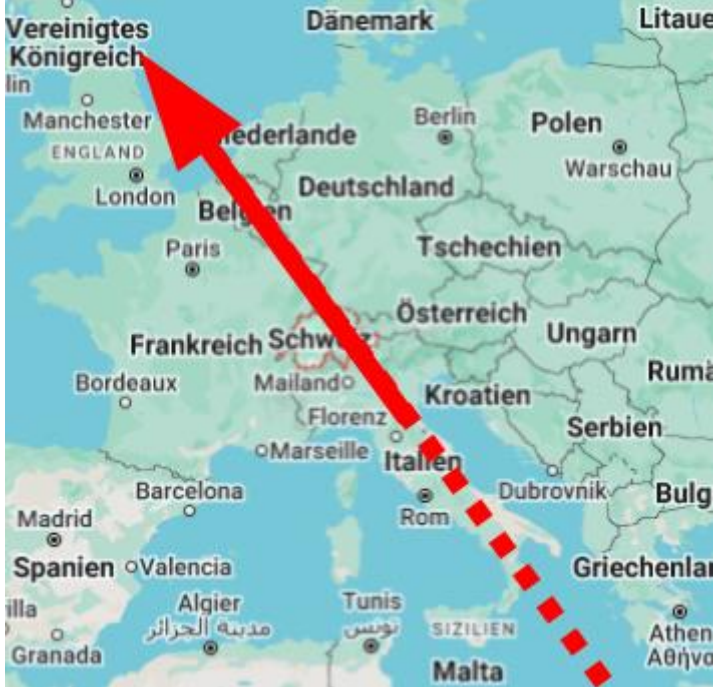

*Berndt*, an IT professional, began introducing basic statistical analyses into prophecy research in the 1990s, which was certainly a valuable innovation. Later his soul turned black & in 2024 he looks so reptilian that he should live in a terrarium. During a reanalysis, I discovered a few errors, one of which was the determination of the first wave (of a total of 3) of World War III at around 3-3.5 months. In his analysis, we see 7 prophecies with this time specification & 5 prophecies with twice as long, 6-7 months. If we add other sources not taken into account, then 3-3.5 & 6-7 months are even equally strong: if it starts in August of the year X, 6-7 months later definitely point into the year X+1. Examples: In the book *Armageddon* (p. 72), *Leo DeGard* cites an oral source according to which the Muslim rebellion in Germany will last slightly more than 7 months. Similarly, according to orthodox sources, the war between Turkey and Greece and the resulting famine lasted about 6 months. Junior prophets *\*never\** see more than a *\*tiny\** part of the whole story.

Nostradamus 5-90 speaks of a 9-month plague in Greece caused by false dust, which either means atomic dust (fallout) or the dust of the comet that, according to Nostradamus 6-6 &, swept over Greece, Italy, Switzerland, the Rhine and BENELUX during the papal flight in the winter of the year X & X+1. During its flat trajectory it will cause gloriously great devastation: fires & EMPs? This pretty much explains why we are 'throwing torches on Paris', as seen by many old & new ([Link](#), [Link](#)) sources. The SHTF model (see below) contains 4 models for earth changes, which have the latest hits: [summer 2025](#).

But the most important traditional front in World War III is the Christian emperor against Islam, which, according to some sources, lasts for 7-8 years and thus 1-2 zeros longer than the Russian front. The junk prophets like *Irlmaier* & Co. (and therefore also the *Irlmaier*-centered *Berndt*) always focus on the unimportant, but the Muslim war will keep us busy 10-100 times longer. Nostradamus, the King of Prophets, never once (!) in 942 verses spoke unequivocally of a war with Russia, but in about 1/3 of the 942 verses he spoke of the war against Islam. Nostradamus claimed in 1555 that he could give the year of \*all\* prophesied events. This is certainly not an empty claim, he also gave some samples, but he was not allowed to let out more than that. However, this only applies to his centuries, not to the rest of his healing & astrological work. No other prophet can give the timing of all events, only Nostradamus: that is exactly what makes him the king of prophets.

Nostradamus also made it clear that the great upheavals last from the spring of the year X to the spring of the year X+1. For the first half of the 21st century, Nostradamus only gave a single timeline: mid-December 2021 (73 years 7 months after the founding of Israhell on May 14, 1948). The key timeline in the end times is 1260 days/ 42 months: 30.5.25 is 1260 days after 17.12.21 & 17.6.25 is 42 months later. This is reminiscent of some prophecies, e.g. according to Saint Odilia ([Link](#)) the (Islamic) conquerors will reach their peak in the middle of the 6th month (June) in the year X+1, similarly according to Marie-Julie Jahenny the Archel de la Torre (leader of 1001 Nights) will not come to Italy until the middle of the year X+1. The Orthodox sources also speak explicitly of the (nuclear) war between Turkey and Russia in a spring (of the year X+1).

## Ultimate SHTF model: crisis peak March/ April 2025

*The righteous will rejoice when he sees vengeance, he will wash his feet in the blood of the wicked. (Psalm 58)*

Since spring 2024, I have taken the empirical Amanita models into account less and less, because due to the enormous density of prophecies in year X, this did not seem necessary to me. But that was not the case, timing is & remains the catch of almost \*all\* prophecies. Example: I have analyzed all available seasonal predictions of the total collapse of the financial system & they see it either in a spring or in a fall - but without convergence. Hence in August 2024 I worked intensively on the empirical models, creating a meta-composite model for 'everything undesirable', which I therefore call the SHTF model. Such a model was not necessary before the year X, because the various SHTF scenarios \*do not\* converge beforehand. To do this, I combined 30+ models according to the polarity:

(1) Highs: Wars (among others based on *Edward Dewey*, *Rudy Bes* & *Jordi Bozzo* [Link](#)), epidemics, earthquakes, volcanic eruptions, inflation, interest rates, oil prices (e.g. the 5.54 year cycle by *Ray Tomes* of the Cycles Foundation [Link](#)), gold prices, agricultural prices, zombies, solar storms, etc. Financial crises are also included, such as the 56 year cycle by *David McMinn* due in 2025 [Link](#) & the 36 year cycle of financial crises by *David Nichols* [Link](#). Quote 2021 Amanita #25/21 Premium area on the subject of solar storms or micronova: "*The secular model has only one hit before the middle of the century, namely in the years around 2025/26 & this is the hit with highest score in centuries.*"

(2) Lows: here we have only stocks & GDP, where lows are undesirable.

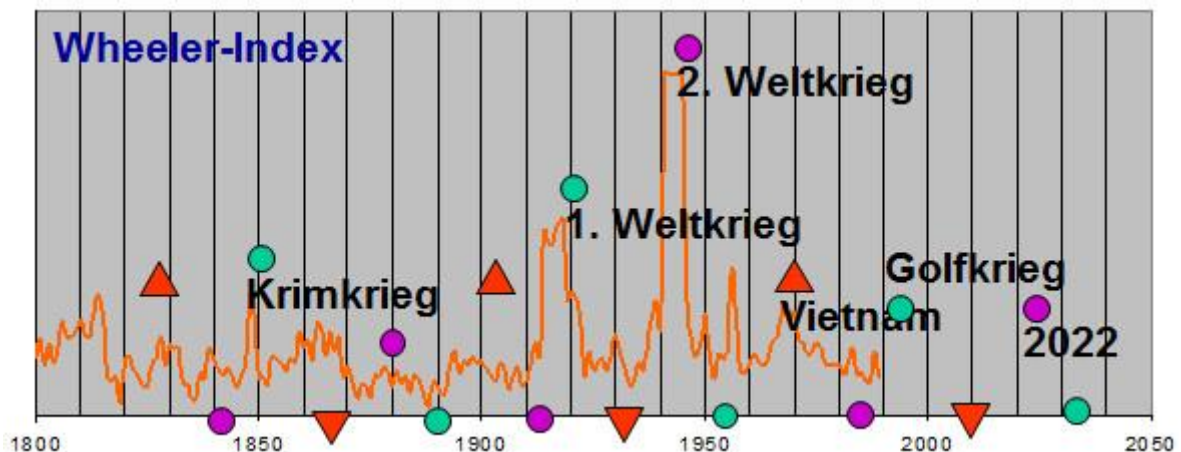

There are master cycles for world events such as 4.593 years, 3.356 years & just under 6 years (666 = about 6 years minus 6 days minus 6 hours), and 5.994 years suggested by *Edward Dewey*. There is \*a lot\* of work behind the SHTF model: first a quarter of a century of preparation & now in the summer to bring it all together. This ultimate supermodel based on many hundreds of factors caught the two crisis peaks in the last decade (March 2020 & spring 2022) very well, even if only a few critical things happened in parallel. In the years 2022-29, the SHTF model has only one peak: around March/ April 2025. So here we can hope for the most critical time in these 7 years, i.e. for the fulfilment of most of the prophecies. This does not really coincide with the conventional model for the year X, but timing is & remains the catch of the prophecies. Smart players already understand this, so *American Airlines* is not offering flights to the little Satan ([Link](#)) until April 2025 (8 months): with 130,000 wage slaves, it is the largest airline in the world, so this makes a general statement.

## Amanita War Model: Monster Hit 1/25/2025 +/- weeks

*I see dead people. They don't know they are dead. (Film The Sixth Sense)*

The SHTF model consists of 30+ individual components, including 6 war models: the most important of these 6 is the Amanita war model with the monster hit 25.1.2025 +/- weeks as the only big hit 2022-28. The Amanita war model caught \*all\* major military conflicts in the 21st century very well in back-testing, i.e. with an accuracy of +/- weeks. Rudimentary forms of the Amanita war model have been around for a long time & these also worked very well in real time. My first war forecast was that there would be a major escalation around 8/8/08: this was the Caucasus War, where the Russian bear awoke from hibernation or coma. The next war forecast was the big war year 2011: in fact, from 1945 to 2022, most of the wars actually took place in 2011, especially in the Middle East. Covid is the hybrid WW3 & a major pest eruption was forecast precisely for mid-January 2020. Of course, the 2021 forecast of the outbreak of the Ukraine war around February 22, 2022 was also important, as this marked the outbreak of conventional World War III. To my knowledge, absolutely \*nobody\* in the world could make anywhere near so many so precise war forecasts (based on empirical models, not prophecies): all glory be to God!

The oldest component in the Amanita war model has existed since the 1990s. In the Vienna Working Group for Stock Exchange Astrology founded by *Peter Fraiss*, we saw the key role of the orbital angular momentum of the sun as a secular master constellation for wars, which only indicates a war peak every 30-100 years. Our calculations already in the 1990s showed a war peak around 2022, as already mentioned in the Amanita newsletter 15.6.11: in fact, the Ukraine war from February 24th, 2022 was the beginning of the conventional Third World War. As far as I know, I was the \*only\* forecaster in the world who was able to locate the outbreak of the Ukraine war as early as 2021 at around February 22nd, 2022. That was one of the reasons why it had been clear to me for decades that the great prophecies would not be fulfilled until the 2020s, and only much later did I realize that the Kali Yuga would end on September 15, 2023. The orbital angular momentum of the sun was researched by the German researcher *Theodor Landscheidt*, who did ground-breaking work & with statistical monster effects - like almost never before in astrology, because conventional astrology is largely rubbish that does not stand up to empirical scrutiny, as I found out in my diploma thesis & doctoral thesis on the subject.

There are many other constellations & cycles with different lengths, examples:

1. The longest master cycle of war maxima (shortly before the end of the war) is the 53.5-year cycle, with a huge magnitude of 0.304 according to *Edward Dewey*, with a special correlation with the United Satan: due around the mid-2020s ([Link](#), [Link](#)). The last low was in the 1990s, then after 9/11 the war against 'terror' (i.e. against us humans) began.
2. The long-term master constellation is solar highs (11-year cycle), as the Russian scientist *Alexander Chizhevsky* discovered a century ago (founder of helio-biology): due around July 2025 (+/-8 months).
3. The longer-term master cycle is just over 6.66 years and can be traced back to the An Lushan rebellion on December 16, 0755. At the turn of 2017/18 we saw the last hit, with a total of 6 major war outbreaks, including the *Trump* monster starting the economic war with China and *Sophia* (AI leader) declaring war on humanity.

4. One of the 6 war models is based on the ET wars, the ET master cycle is 60.66 months, the last hit was Covid on 12/31/19: Covid is an important part of preparing the invasion respectively the lethal injections are already part of the ET invasion (alien DNA included). The big alien war started in August 1979, during the construction of the underground base in Dulce, New Mexico, according to *Phil Schneider* ([Link](#)).
5. The 666-day cycle is also very important: early 2020 Covid, 12/17/21 Ukraine & 10/7/23 Middle East - the devil number 666 is still the key.
6. The medium-term master cycle for wars is just under 568 days (1,555 years), it alone has caught almost all terribly nice outbreaks of war since 1914 within weeks, sometimes even within days: due at the turn of the year 2024/25. The last hit was around May 13, 2023, when Russia detonated an atomic bomb in Alaska as a warning, according to *Hell Turner* (link no longer works). The previous hits are: December 17, 2021 Russian declaration of war on the goddamn NAZO whores, spring 2020 Corona virus war against humanity & August 27, 2015 war with millions of rapugees against Europe.
7. 327-day cycle is also quite strong and is due to occur in early fall 2024.
8. The short-term master cycle 260.2 days (Maya-Tzolkin) is due around February 1st, 2025 +/- weeks, 260 days is one vibrational level lower than 1260 days (= main timeline according to the Bible).
9. Then of course there are many astro models, such as the Bradley Siderograph & the Barbault model etc. The asteroid Megaira (464) in Scorpio (especially 28°) is an important war constellation, e.g. 17.12.10 (outbreak of Middle East war) & 15.3.20 Covid - as in the next 5 years only on 26.12.24. This is not surprising, because Megaira is one of the 3 Furies (vengeful Erinyes goddesses) in Greek mythology, they act out the wrath of God, praise be to Christ! Also important is the dwarf planet Ixion (orbital period 248 years) at 12° every 15-25 years.

### US war model: fateful day around 12/18/24?

*There is a time for everything [...]  
a time to love and a time to hate,  
a time for war and a time for peace.  
(Ecclesiastes 3)*

One of the 6 war models is the USA war model, which is the only short-term model, it has a hit every 2-5 months. It has an almost maximum strong hit on 12/18/14 +/- weeks (17 points), medium strong with 9-10 points are early April 2025 & 1st half of July 2025, the weakest hit is mid-October 2024 (4 points). The longest US war cycle is half a Neptune cycle 82.4 years: no wonder *Nostradamus* calls the USA the 'great Neptune'. Neptune is the deceiver & fraudster: nobody can deceive & cheat better than the big & little Satan. This very long cycle is relatively inaccurate +/-1-2 years, but caught the 3 biggest US wars: 1775 War of Independence, 1861 Civil War & New Year 1941/42 World War - the next one is due around 2024. The half cycle & sometimes quarter cycle also work partially, but not consistently. The US master cycle is more precise 6.1666 years, the half cycle is due in mid-December 2024 (+/-2 months), the last hit was at the end of 2021 Ukraine = start of World War 3 (12/17/21 Russian declaration of war).

In principle, it makes sense that the US war model is due sooner than the global war models. Because according to 1 *Peter* 4-17, the Last Judgement begins in the house of God: the USA sees itself as 'God's own country' & Israhell sees itself as a chosen people (which was partly the case in the Kali Yuga until 9/15/23). So first we ruin the axis of evil US Israhell & then we take care of the rest in a compassionate and brutal way.

Currently, the prophecies for the Great Satan USA are much clearer than for Europe. Sister Anne de la Foi (1879) saw 4 changes of government within months in the United Satan - where #4 probably means the clearing out of the US pigsty by bear & panda bear. The first change of government was the coup by the Whore of Babylon on July 17/18, 2024 by murdering the pig. US government change #2 to Trump is probably supported by troops from Texas & Florida, David Croly saw as early as 1888 that the leaders in the US Civil War are Texas & KALifornia ([Link](#), [Link](#)). The 3rd change of government is then probably the defeat of the Texas faction = blond

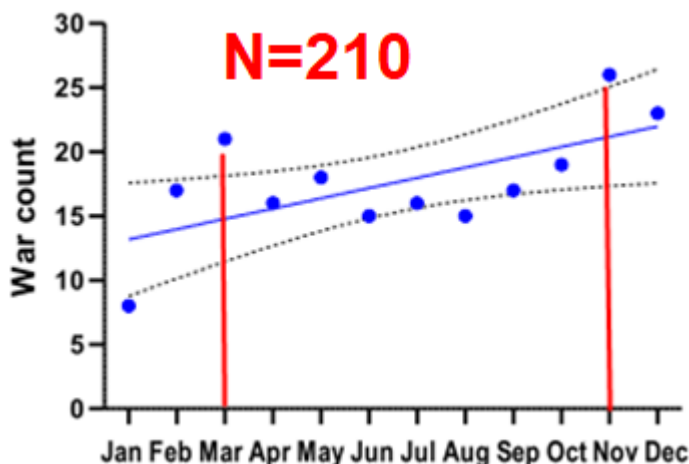

Trump child molester, with *Obummer* & Co. briefly coming to power - before the wonderful liberation by Russia & China. *Trump*, like *Biden*, is a notorious child rapist with victims aged 10-12 years. At the \$ value of September 2024, he has paid hundreds of millions of dollars in hush money since 1989 ([Link](#), [Link](#), [Link](#)).

It is no wonder that the crazy right-wingers are crawling up behind this super devil, as is [Chris Reed](#). *Reed* (junior prophet LoC=high 500s [Link](#)) has long seen the division of the USA until October 2024 (4-6 months after the US solar eclipse 4/8/24). In the high 500s you are a slave to love & therefore you are in great danger of sex scandals up to LoC=599, like *Reed* with his dirty & perverse aura ([Link](#)). You have to dissolve these attachments & break the chains of love (LoC>600): that is the only way to leave this prison planet forever & attain moksha (liberation). The candle swallows & robe-worshippers like *Steve Cioccolanti* ([Link](#)) of course always follow Omerta, the Mafia law of silence ([Link](#)).

Interestingly, 17+ prophecies speak of – nuclear? – showdown in the evil empire around December 18th (end of October – end of January):

- (1) *Jesus Christ* spoke of an escape in winter: did he speak only of Israhell or of USrahell? A lot supports the assumption that he indeed referred to day X in a winter.
- (2) For the first half of the 21st century, *Nostradamus* gave only one timeline: mid-December 2021 (73 years 7 months after the founding of Israhell on May 14, 1948). Code for mid-December in another year too? The phenomenon of anniversaries is quite strong, the conventional WW3 indeed broke out on 12/17/2021.
- (3) *Guerrero* saw the Russian invasion (?) around January of an unspecified year ([Link](#)): "*She said that it happened with Turkey just before Christmas. Everyone went along with it, except us (Germany). A few weeks later [~January] the events happened with Russia.*"
- (4) In the movie Night Info Day (2020), the nuclear attack on the great Satan happens on December 7th.
- (5) Historical patterns also support this: we find the largest US disasters mainly around April 15th and December 16th. The strongest focus is around April 15th, see [Eric Hadik](#) ([Link](#)) among others: April 19th, 1775 War of Independence, April 12th, 1861 Civil War, April 15th, 1865 Lincoln assassinated, April 21st, 1898 Spanish-American War, April 18th, 1906 San Francisco earthquake (most deaths in US history), April 6th, 1917 entry into World War I, April 19th, 1933 gold ban, April 19th, 1961 Bay of Pigs invasion, April 19th, 1995 Oklahoma terrorist attack as a precursor to 9/11 - a little further away is the largest US nuclear accident on March 28th, 1979 (3 Mile Island).

We have a weaker focus around December 16th: 12/16/1773 Boston Tea Party, from 12/16/1811 the largest US natural disaster, the New Madrid earthquake, 12/7/1941 the largest US entry into war, 12/14/20 the first US Covid lethal injection & 12/17/20 outbreak of conventional WW3. A little further away are the *Kennedy* assassination on 11/22/63, the storming of the Capitol on 1/6/21 & the first Gulf War from 1/16/91. Incidentally, the deadliest war in millennia also began on 12/16/0755: the An Lushan Rebellion with 30-40 million victims, only the modern wars have been more productive. By the way, most wars start in November, see chart below ([Link](#)).

On 11/30/2024, Chiron is the first slow-moving planet to pass over 19°24' Aries, the point of the great North American eclipse 4/8/2024 & on 1/28/2025 for the second time, and on 12/21/2024 Lilith: this indicates that this wonderful crucifixion of North America will happen in December 2024-January 2025 ([link](#)). The solar eclipse on 4/8/24 was within 17 arc minutes of Chiron, which only happens about every 50,000 years, i.e. Chiron is \*the\* key. At the beginning of 2024, I presented amazing research results on the connection between Chiron solar eclipses and stock markets in the premium area. But there is also hope in February-March 2025, when the war planet Mars is stationary-direct in square 90° to 19.4° Aries & Chiron. Let us pray 24/7 that God surprises us 108 times with His brutality! The crown virus shitshow escalated within days in March 2020, when Chiron (= illness & healing) & lunar nodes activated the point of the solar eclipse on December 26th, 2019. And the denazification began on 2/24/22, almost exactly on the same day with the square 90° from Jupiter to the eclipse point 12/4/21. The eclipse point transits are very important for world events, usually +/- a few days.

- (6) Chuck-Johnel Youngbrandt spoke of the first nuclear saviors against the Whore of Babylon in a December.
- (7) The FSB calendar 2024 spoke of the capture of the Whore of Babylon starting in November 2023 ([Link](#), [Link](#), [Link](#), [Link](#), [Link](#)).
- (8) The lying press keeps trying to convince us that there will be a nuclear winter, but we know from the prophecies that this will not happen. But it could also simply mean a nuclear war in the winter.
- (9) In the 1940s, Reg King ([Link](#)) spoke of the invasion of Russian ground troops on January 26th.
- (10) The \*planned\* US elections on November 5, 2024 and the inauguration on January 20, 2025 are a huge escalation point +/- weeks according to many prophecies and political analyses. In particular, many sources speak of an October surprise ([Link](#), [Link](#), [Link](#), [Link](#), [Link](#), [Link](#), [Link](#), [Link](#), [Link](#), [Link](#)), especially October 4-9, 2024 ([Link](#), [Link](#)), the anniversary of the 2 Yom Kippur wars 1973 & 2023. The film Hunt for Red October also suggests that the Khmer Rouge/ Rothschilds will take complete power in an October.
- (11) One prophecy spoke of December 18th of a year as the day of death, which can mean a number of things, although happy nuclear liberators are the most obvious meaning ([Link](#)).
- (12) Bro John in Mo had a dream of a nuclear attack just before Christmas in 2014 ([Link](#)).
- (13) John Paul Jackson spoke of a (nuclear) US New Year terror & Nostradamus of the New Year's gift of the sword. The only question is whether this means the Western or Jewish New Year, the latter being on October 2-4, 2024.
- (14) In two films from the Die Hard series with Bruce Willis, there are massive terrorist attacks just before Christmas. The first film in 1995 exactly predicted 9/11: in fact, the gold was taken out of the Fed in New York just before 9/11.
- (15) A clairvoyant from the Amanita network spoke of January 28, 2025 as a key day.
- (16) According to Vicki Goforth Parnell, atom bombs fall on the evil empire \*during\* an (irregular) darkness, and other sources say similar things. John 4:35 mentions a 4-month cycle before the return of Christ, which can be clearly located. Because around 3/13/24 & 7/13/24 we experienced irregular eclipses for the first time in centuries (?), although practically no one in the world checks this ([Link](#), [Link](#), [Link](#), [Link](#)). The next irregular eclipses (for 3 hours or days) are due around 11/13/24, 3/13/25 & 7/13/25. This points to around mid-November, unlikely mid-March.
- (17) According to Father Sophronios Sakharov, the Balkan war between Albania, Kosovo, Serbia & North Macedonia will begin in March ([Link](#), [Link](#)). Similarly, the Waldviertel farmer SZ speaks of atomic bombs in the Balkans/ near the Adriatic when there is hardly any vegetation in the fields, which is around March. In principle, that makes sense, because that should only happen after we have ruined the great Satan.

There are almost exclusively quite unpopular or completely unknown sources: that's a very good thing, because the (m)asses always bet on the wrong horse, especially because they want to ride a lame and blind horse like Irlmaier.

## Rebirth of the world in spring 2025: 32+ factors

*Then he [God] said to them, "Defile the temple and fill the courts with the slain. Go!" So they went out and began killing throughout the city. (Ezekiel 9)*

The dark age of the black goddess *Kali* ended on 9/15/23 & since then we have been practically in spiritual no man's land, because no significant impulse of the new age has yet come in: when will that be the case, i.e. when will the planet be reborn? First death & then rebirth, that is the divine order. In the Bible the motif of a woman giving birth is described to describe the rebirth after the Kali Yuga, Revelation 12-5: "And she gave birth to a child, a son who will rule all nations with an iron scepter. And her child was caught up to God and to his throne." According to *Revelation 12*, the birth pangs of the new age began with the Virgo constellation on 9/23/17, exactly 42+42 months ago: for 800+ years, 2016/17 has been prophesied by many sources as a key end-time year. The question now is when after the onset of labor, the birth will take place (=beginning of the emperor's work in the world). 32+ sources point to spring 2025 & especially the end of March to mid-April 2025 for the new birth:

(1) The key passage about labor in Revelation 1 2-5 apparently contains a code for 2025. There are actually only 3 Bible passages for the 'rapture': 1 Corinthians 15: 52, Luke 17:34f & 1 Thessalonians 4-16f, the first of which also contains a code for 2025. Human labor lasts on average 7-8 hours, here we could use a key of 1 hour = 1 year (x8766). This is important, because according to Revelation the 'rapture' (=soul review) is immediately after birth. It is similar with the great end-time speech by *Jesus Christ* in *Matthew 24-25*: in *Matthew 24* (-> 2024) it is about the signs of the coming & in Matthew 25 (-> 2025) about the actual coming.

(2) March 30, 2025 is Nisan 1, 5950 according to the Nag Hammadi Dead Sea Scrolls calendar ([Link](#)), which means the beginning of the last Jubilee year (50 years) until the end of the Biblical 6000 years. The transition will not be fully completed until the 2060s-2070s.

(3) 4/20/25 is Easter Sunday: day of resurrection = new birth (after death), astrologically this is already the vernal equinox on March 21st.

(4) Troy Black ([Link](#)) said that the persecution of Christians will end in March 2025 with a freedom march by US troops.

(5) The Garabandal miracle (I saw a huge pillar of light on my Garabandal trip in 2023) is a symbol and expression of the new birth. *Phoebus from Vienna set the Garabandal miracle* 4 years ago (spring) 2025 ([Link](#)), because the miracle is mid-March to mid-May of each year. *Glenn Hudson*, the quasi-spokesperson for Conchita Gonzales ([Link](#)), favors mid-April, but the Mossad (via *Rubenstein = Hubert Schulte-Kellinghaus*) favors 8.5.25 (day of Stanislaus of Krakow).

There is the following divine continuation: (1) Fatima May 13, 1917, (2) Garabandal June 18, 1961 (3) Medjugorje June 24, 1981. The distance between Fatima and Garabandal is 2301 weeks ('coincidentally' the number 2300 from *Daniel 9 +/-1*), the distance between Fatima and Medjugorje is 3345.4 weeks. *Sergej Kolzov* has now published a Fatima corrector ([Link](#)). The key date July 30, 2025 is 2301 weeks from Medjugorje & 3345.4 weeks from Garabandal: fulfillment of the last (10th) secret? May 4, 2025 is 6666/2 weeks after Garabandal, that should also mean something, similar to March 18, 2025 (March 18 is the birthday & the day of the annual apparitions of the main seer *Mirjana Dragicevic-Soldo*).

The Medjugorje visionaries received many codes 25 (->2025) from the divine: the 6 seers were constituted on June 25, 1981, *Jakov Colo* has his annual apparition on December 25, *Ivanka Ivankovic-Elez* on June 25, *Mirjana Dragicevic-Soldo* had daily apparitions until December 25, 1982 & *Marija Pavlović-Lunetti* always receives her messages on the 25th of the month. In June 2024, everything was suddenly different, with the climax (novena) on June 25, 2024: dramatic messages suddenly came & for the first time since 2005 (->25) 2 visionaries were present at the same time ([link](#)). In addition, there were suddenly daily apparitions for *Marija* again, as last happened 42 years ago: as in the beginning, so in the end. These 25' codes are a strong indication that in 2025 *Mirjana Dragicevic-Soldo* will pass on the 10 secrets to *Father Petar Ljubicic* (as decided 42 years ago [Link](#)) & he will publish them.

(6) Venus = Lucifer = light bearer has an orbital period of 2(0)25 days and thus points to 2(0)25. In fact, Venus is the brightest planet in terms of albedo (Venus is pure white), which confirms the original meaning of Lucifer = light bearer and thus the rebirth of light. Japan had the highest stock

market capitalization in the world in 1989, the Nikkei 2(0)25 is thus a symbol for the global stock market and this is a code for the year 2(0)25.

(7) Bibhu Dev Misa ([Link](#)) claims the end of Kali Yuga on March 21, 2025 according to his calculations.

(8) Alice Bailey, the mother of all egoteric aunties, prophesied already in the middle of the 20th century that the avatar of the new age (=Emperor *Henry the Lucky*) would appear from 2025 onwards ([Link](#)).

(9) In the 14th century, Ragno Nero spoke of a rebirth of the family of God in 2024 ([Link](#)), that is, we manifest new aspects of God.

(10) At the end of 2024 to the middle of 2025 we will have all 3 slow movers at 0°, 29°=death (27.5-30° Pisces Dwad) & 0°=rebirth (0-2.5° Aries Dwad): that is sadistically a once-in-a-century or even a once-in-a-millennium event (!), I have traced back 500 years & have not found a second incident with such a cluster within minutes. The whole thing is even stronger because Neptune is at the vernal equinox 0° Aries, which is \*the\* point of birth/rebirth/new birth in the 360° zodiac: in the house system this is the ascendant & it is also called the cosmic gap ([Link](#)). On 11/21/24 Pluto will be at 0° Aquarius for the last time, then on 3/30/25 Neptune will be at 0° Aries & on 7/7/25 Uranus will be at 0° Gemini.

The war degree 0° Aries is very important for the great Satan (= most warlike nation in human history): when the first US civil war broke out on April 12, 1861, Neptune was within 3 arc minutes of 0° Aries. When the war entered after the Pearl Harbor hoax on December 7, 1941, Neptune was within arc minutes in opposition 180° of 0° Aries. And when the US entered the war on April 6, 1917, Chiron was again close to 0° Aries (+/-3°). At the end of January 2020, Lilith passed over 0° Aries: that's when the first Covid cases were reported in the Divided States. At the beginning of July 2024, Neptune the trident was within one minute of arc (!) of 0° Aries, as on April 12, 1861: within days we gave the blond child molester a slap in the ear & killed the demented child fucker with great glee (cycle of about 164.8 years).

That is why we find most outbreaks of epidemics in the last 2800 years (since 765 BC in Assyria) with the slow-moving planets in the Pisces dwad 27.5-30°. Between the end of 2024 and summer 2025, \*all\* slow planets (Jupiter, Saturn, Chiron, Uranus, Neptune & Pluto) are in the Pisces dwad of epidemics 27.5-30° (Chiron only almost): this is a pretty unique opportunity for death (based purely on this constellation, a once-in-a-millennium chance). We should make the best possible use of this opportunity, we cannot afford to dawdle any more - hallelujah, praise be to Christ! At the crucifixion on April 3, 0033, Neptune was at 0° Aquarius, just like Pluto in 2024. Only after this wonderful bank-clearer will we be ready for the new birth from spring 2025 (for those who are still left). Because of the wonderful death wave around 0°, 0° Aries is one of the two great degrees of war in the zodiac, and this is clearly evident - the other is 311° = 11° in the 11th sign: 11 is the Jewish number of revenge. The focus point for the new birth is clearly around the solar eclipse March 29, 2025, because there is a huge stellium with 7 planets & points around the vernal equinox 0° Aries: Neptune, Saturn, lunar nodes, Sun, Venus, Mercury & Moon.

(11) Saturn 0° Neptune: This is the aspect of Christianity & socialism, as well as general concerns with questions of faith, spiritual crises & reorientations ([Link](#)). In addition, the Vatican is often symbolized by a ship=Neptune. The heliocentric aspect Saturn-Neptune marked the great key moments in Christianity:

\* 4-6 BC Birth of Christ (180°)

\* 6-8 AD Event in the temple at the age of 12 (90° on November 22nd, 0006)

\* 0033 Crucifixion (180° on October 26th, 0033)

\* 1790-92 Persecution of Christians French Revolution (180° on November 19th, 1792)

\* 1818/19 *Karl Marx* founding socialism (90° on October 11th, 1819)

\* 1881/82 *Nietzsche* -statement "*God is dead*" & beginning of the 'Jewish' invasion of Palestine (0° on May 26th, 1882)

\* 1917 Great persecution of Christians after the revolution in Russia (0° on August 10th, 1917)

\* June 29th, 1962 Enthronement of Satan in the Vatican according to *Dr. Dr. Dr. Malachi Martin* (90° on January 31st, 1963)

\* 1989 Autumn fall of the Berlin Wall = end of repression of Christianity in the Eastern Bloc & greatest victory of Pope John Paul II (0° on July 18th, 1989)

\* 2015 invasion of millions of rapugees into Europe = knockout blow for Christianity by Islam, but also 2016 Trump victory cheers for Christianity (back then still a white soul), 2016 beginning of the end times as prophesied for 800+ years (90° on January 29th, 2016) In the 4th harmonic of Saturn-Neptune we have a cycle of 9-10 years, but 0° & 180° every 18-19 years are the strongest, the half cycle 90° is significantly weaker. Most events happen in the application, i.e. in the year before. Saturn 0° Neptune heliocentric on December 11th, 2025 will therefore have a major effect in 2025, and a much weaker effect in 2026. In the summer of 2025, Saturn-Neptune is at 0° geocentrically stationary at 0-2° Aries = rebirth: this can be interpreted as the rebirth of Christianity.

(12) Jupiter at the gate of heaven 108° (18° Cancer): next to the degree of Christ 347° (in the 347th verse of the Apocalypse, Satan is imprisoned in the lake of fire = Christ's final victory), this is the most important degree for Christianity. To open a gate, you need a key: for the gate of heaven, you need the key of David. Sometimes the critical zone expands to 140.4° (20.4° Leo) = 144,000 chosen ones. A similar statement is thousands of years old from the Bhagavata Purana: birth of the Avatar with Jupiter, sun & moon in the pushya nakshatra ([Link](#)). I have the sun & ascendant at the gate of heaven, Jupiter & midheaven at the degree of Christ & Mars at the degree of the chosen ones. This Jupiter cycle of 11.86 years brings great changes, especially in the Vatican:

\* Summer 0033: first Pope Peter after the resurrection.

\* 0756: Vatican founded

\* 1054: Eastern Church schism

\* 1517: *Martin Luther* schism

\* From 1918: great persecution of Christians under communism

\* From 1965: devil's Vatican Council 1961-65 implemented

\* 1978: *Pope John Paul I* was murdered after 33 days by the 33° Lodge because he wanted to remove Freemasonry from the Vatican. This was the first papal murder since the saeculum obscurum 882-1046 with 8 murdered Popes.

\* 11/9/89-1990: End of the persecution of Christians in the Eastern Bloc, fall of the Berlin Wall as the greatest victory of a pope in the last centuries, *John Paul II* had pulled the strings in the background for the end of communism. On 11/9/89 Chiron was at heaven's gate, too (+/-1.5°).

\* 9/11/01: first major attack by Islam on the Christian-dominated West

\* 2013: coup in the Vatican due to the illegal election of *BerGOGLio*, the biggest upheaval in the Vatican in centuries

\* Q3/2025 (+/- months): biggest upheaval in the history of Christianity?

(13) Around 2/24/25 Mars is stationary at heaven's gate 108° (+/-1°), which only occurs once in centuries & marks the big battle (=Mars) for heaven (=108°). Here Mars especially signifies archangel Michael & his millions of warrior angels, who brutally punish & abuse the Yin side.

(14) Christ degree 347° (17° Pisces): In the 347th verse of the Apocalypse, Satan is imprisoned in the Lake of Fire, which is the final victory of Christ. That's why the Vatican is at 13° East = 347° Christ degree. Similar to 108°, this is a degree for the persecution of Christians:

\* In 2015, during the Islamic knockout blow against Christian-dominated Europe (invasion of millions of rapugees), Chiron passed over 347°.

\* Within \*days\* of the Wuhan quarantine in January 2020, Neptune transited over 347°: persecution of Christians in the Neptune style, i.e. so hidden that it was 99% undetected. And yet, for the first time in 2000 years almost all masses were stopped around the world.

\* In March 2022, Jupiter passed over 347°, which is why I correctly predicted in the premium area that the persecution of Christians via Covid terrorism would end around March 2022. Besides, around March 2022 Russia (the only Christian nation on the planet) ruined Satan's legions, with her instruments Ukraine & dirty NAZO pigs.

\* At the beginning of the great Masonic persecution of Christians in 1790 after the French Revolution, Saturn was near 347°, as from early May 2024 to February 2025 (even with Nessus with a key role in the Amanita war model): exactly at the beginning of May 2024, an incredibly large number of assassination attempts on those politicians opposing the great & small Satan (=USrahell) began.

We see here that from autumn 2024 to summer 2025 the 4 great master constellations for Christianity and the Vatican converge: Saturn-Neptune, 347°, Jupiter 108° & Mars stationary 108°. Statistically, this is only to be expected every 1000-5000 years and thus fits perfectly with

Armageddon, the final battle of light against darkness. This convergence is strongest in the first months of 2025, and October 7/8, 2024 is also relatively strong: Mars for the first time over the holiest degree 108° & Saturn heliocentrically over the Christ degree 347°. These constellations are similar to those of January 2020, where Neptune was at 347°, Chiron & Lilith at the war degree 0° & there was a massive 6-fold stellium at hell's gate 288° (18° Capricorn), opposite heaven's gate 108° - but they are much stronger. *Joseph Tittel* sees 2025 as the worst year for the Vatican in centuries ([link](#)), since 2016 *Tittel* has been forecasting the \*full\* world war 3 for 2025-32 ([Link](#)). This is also when the 500-year cycle of major world events is due (great jubilee year).

(15) In the 14th century, the Italian-German monk Ragno Nero spoke of the rebirth of 5 aspects of God in 2024 ([Link](#)), with Sapientia (= wisdom) being the mother who gives birth & Opulentia (= wealth) providing the milk for the rebirth. Here the divine order is restored: (0) God (1) man (2) woman (3) children.

(16) The song of the linden tree says in verse 24 (->2025 because of code +1) that the strong hero (=emperor) comes from the east, with white flowers. In other prophecies, white lilies (=Bourbons) are specifically mentioned: white lilies stand for femininity & rebirth or new birth ([Link](#)). In Greece, there was a myth that Hera's mother's milk (which flows from birth) overflowed & created the Milky Way & the lilies.

(17) Nostradamus 4-86 mentions the imperial coronation at Sun 0° Saturn in the water sign, which will occur on March 12, 2025.

(18) Elizabeth April ([Link](#)) spoke of a rebirth in April 2025.

(19) Dr. Jayant Athavale ([Link](#)) already in 2006 saw the birth of the divine kingdom (or empire) in 2025.

(20) 444ProphecyNews.com is the most important prophecy site in the 666 net, with up to 402 prophecies/ month, the domain registration was on 4/16/18: 2x42 months or 2x1260 days later is mid-March to mid-April 2025.

(21) 4/12/25 is 2315 days after 12/10/18: on 12/10/18 was the first official Jewish animal satanism (murder of an innocent lamb = Christ) in JerUSAlem in almost 2000 years. The 2315 days according to the dragon prophecy of Jonathan Kahn ([Link](#), [Link](#)) come from Daniel 8-14 with a mixture of the calendars 365.24 days & 360 days (until the last Nibiru passage 3500-3600 years ago a year had 360 days): "Only after 2300 evenings & mornings will the sanctuary be rededicated [= new birth]." The sanctuary of JerUSAlem was desecrated by the Jewish voodoo & after 2300 days the great cleansing takes place (thank God mainly through death). On Tuesday 4/23/24 at 5 a.m. the first official Jewish cow satanism in JerUSAlem took place after a break of almost 2000 years ([Link](#)): 2315 days later is August 25, 2030. Incidentally, the desecration of the world by the Covid plandemic of the WHO mafia lasted \*exactly\* 2300/2 days: March 11, 2020-May 6, 2023. As is so often the case, time references are multiple codes.

(22) Russia will destroy Turkey with nuclear weapons in the spring of the year X+1 according to the prophecies, after a war between Greece and Turkey for about half a year (beginning in the year X). The Orthodox elder Ioannis Kalaidis ([Link](#)) placed this liberation on a year with the Orthodox Easter on May 5th: in the decades since 2013 this has \*only\* been the case on May 5th, 2024 ([Link](#)). Father Paisios, however, placed this on the time after the common Easter of the Western Church & Eastern Church ([Link](#)): April 20th, 2025th is the only common Easter 2017-28 ([Link](#)). Here, spring 2024 & spring 2025 were marked, a tolerance of +/-1 (year) must always be allowed: because of the end-time effect "(almost) everything comes (too) late", almost always the later timeline is relevant (or even a year later).

This is very important for the spiritual rebirth of the world, because according to Rabbi Gaon of Vilna (1720-95), the Christ return is right after Russia liberates Constantinople (Istanbul), possibly the week after ([Link](#)) – but almost certainly in the spring (mid?) of 2025. Rabbi Gaon of Vilna correctly prophesied already in the 18th century that the end times will begin when Russia reconquers Crimea: this was the case in 2014 (in the centuries up to the 20th century, Crimea was always part of Russia). According to Beatrice ([Link](#)), the Christ return is on a full moon: 4/13/25, 5/12/25, 6/11/25 & 7/10/25. On May 11, 330, Constantinople became the seat of Emperor Constantine, so there is some evidence that May 11-15, 2025 will be the date for the liberation of Hagia Sophia or the reconnaissance of the soul (or both).

May 14th/15th also has the sun at the alpha degree of humanity 108°/2, so Israhell(14.5.48) & Austria (5/15/55) have the sun within arc minutes of 24° Taurus. From the new birth in spring 2025, Austria will be the new alpha people, for Austria 5/15/25 is the 70th birthday: 50 & 70 years are the two most important long cycles in the Bible, the 70 stands for the highest & perfection. Incidentally, the key of David was handed over to someone from the Amanita network on 15.5.15, near Philadelphia (USA): 15.5.25 is exactly 40 quarters later. Seraphim of Sarov (1754-1833) is one of the most important Russian saints, he stated that Russia takes most of the Turkish turkey & then according to him Russia joins Vienna, mentioning 7 million crowns (of the emperor) ([Link](#)).

(23) Michelle Katherine Orts received a coded message on June 6, 2022 (=6.6.6) regarding 'Liberia' in 3 years = approximately June 6, 2025 ([Link](#)): Code for major earth changes (rebirth of the earth) & liberation = Liberation (Liberia), because only the divine is free (but not man, as Freemasonry would have us believe).

(24) Gaia Chinniah (LoC=595) spoke of death & rebirth for the world around the beginning of 2025 ([Link](#)).

(25) On 9/27/21 I suddenly found a lace undershirt in my closet, I certainly hadn't bought it. When I asked the boss, he said it was part of the wedding dress for the wedding with the lamb. The size 50 was a code for my age 50 (until July 2025) & specifically for big events 1260 days/ 42 months later: end of March 2025 (wedding feast with the lamb?). The latest events confirm this, because on 8/22/24 I received the wedding ring to my surprise & on 8/30/24 gold dust (bridal glitter) suddenly appeared in my hair: the MD Athavale has examined these divine particles in the laboratory ([Link](#), [Link](#), [Link](#)).

(26) 2025 is 70 week-years ( $7 \times 70 = 490$  years) from the decree of the reconstruction in JerUSAlem (=Golden Gate) by Sultan Suleiman in 1535 ([Link](#)) – whom we beat in 1529 when he wanted to conquer Vienna. The 70 weeks are mentioned in Daniel 9-25 (->2025), which speaks of  $7+62+1$  weeks, although it is  $62+7+1$  weeks: Daniel 9 is a temporal fourfold code. Christian Widener exposes the nonsense of the Christian devils with their assumed absurd break of almost 2000 years between the 69th & 70th week of years ([Link](#)), but with the false solution based on a later inscription from January 1537. Because the decree for the reconstruction of JerUSAlem was issued by the Sultan in 1535, therefore 1535 was the most important event in JerUSAlem since the construction of the Dome of the Rock (=abomination of desolation) in 0688. The Khazarian mafia invasion of JerUSAlem in 1967 took place 62 weeks ( $62 \times 7 = 434$  years) after 1535 & 7 weeks later ( $7 \times 7 = 49$  years) the first official Jewish animal satanism in almost 2000 years took place on 12/10/2018 (=desecration of JerUSAlem). In addition, in 2018 the Trump monster recognized JerUSAlem as the capital of the Rothschild state.

### Comparing Two Seventy Week Periods to the Popular Gap Theory

(27) Dr. Charles Peter Wagner already said in the early 2000s that in 2025 China will be the biggest Christian missionary on the planet ([Link](#)): that only works with a giant spiritual rebirth. The underground church in China is very powerful. Wagner was good in spiritual warfare ([Link](#)) & punished the Yin side cruelly, in contrast to the pacifistic Christian devils.

(28) Catholic Jubilee Year 29.12.24-14.12.25: this only occurs every 25 years.

(29) Chris Reed spoke of a (US) new birth at the turn of the year 2024/25 (9 months after conception with the US solar eclipse on April 8th, 2024), but the baby will remain in the incubator, so to speak, until 7/11/2025. Around July 10<sup>th</sup>-11<sup>th</sup>, 2025 we have almost only harmonious aspects 60° & 120° & the sun is at the gate of heaven 108° (18° Cancer). For 5 years, the 650-day cycle (+/- 4 days) has been the most important: 3/11/2020 WHO plandemic, 12/17/2021 Russia-Ukraine, 10/7/2023 Israel-Gaza - due around July 13th, 2025.

(30) On March 6, 2024, I had a dream with several codes pointing to June 2024 & mid-March 2025. Shortly afterwards, the Pope's trip to Moscow in June 2024 was suddenly announced (and immediately denied/ cancelled) & Medjugorje awoke, these were foreshadowings.

(31) On 9/7/2024, I complained to the Boss that this disgusting procrastination could not go on forever like this. The following night, in a 'dream', I negotiated with God about a key date for humanity & we agreed on 3/14/25. However, I was not allowed to remember which key event we were negotiating about; it \*could\* have been the Garabandal soul review, the Garabandal miracle or the Medjugorje secrets. Then I looked the date up: 3/14/25 is a lunar eclipse & Purim, the most joyous Jewish feast. It is also the beginning of the almost-tetrad 3/14/25-8/28/26 ([link](#)). In the dark age under Jewish rule until 9/15/23 the tetrads were very important, the tetrad 2014-15 was the beginning of the end times ([link](#)). Joseph Tittel also mentioned 3/14/25 ([Link](#)).

Note: only the transpersonal souls as bearers of the soul of humanity have such global negotiating authority, see Dr. Varda Hasselmann ([link](#)). In 2024, there will only be 14 transpersonal souls, previously there were twice as many: many were deprived of this role, among other things because their personal soul turned black. At the beginning of 2011, I was initiated by a top healer HR: she \*was\* a transpersonal soul herself & had asked thousands of times whether a certain person had a transpersonal soul - but had \*never\* received a YES before I arrived. HR was the best clairvoyant I had met up to that point, and it was only topped in the Merlin lineage from 2012 onwards. In 2014, I met another transpersonal soul & wanted to initiate her, but she refused, so later she was stripped of this role.

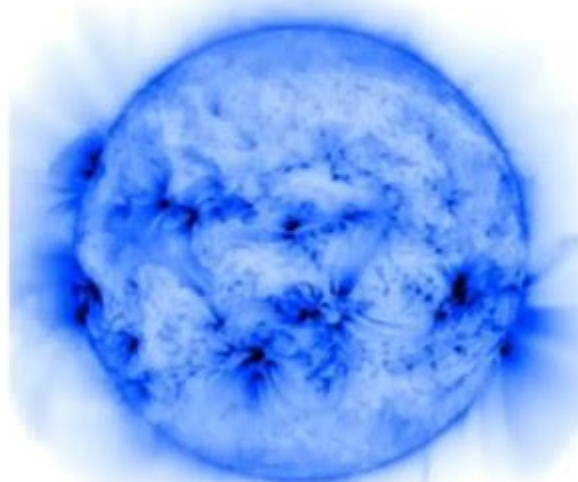

(32) The 4-month cycle according to John 4-35 points after the irregular eclipses in mid-March & mid-July to mid-November 2024 & mid-March 2025. In mid-March 2024 we experienced the first irregular solar eclipses in thousands of years ([Link](#), [Link](#)). & in the evening (universal time) on Sunday 7/14/24 there were the next irregular solar eclipses, see former NASA scientist Prof. James Kaufman ([Link](#), [Link](#)). In the image below, I have inverted the colors for visibility. There were differences, however: in mid-March perhaps only ¼ was obscured, but on 7/14/24 more than ¾ was obscured - but this eclipse lasted less than a minute. It is striking that all irregular eclipses were around the 13th of the month, as were all the Fatima Marian apparitions. The Trump assassination attempt was also on July 13th & the most precise prophecy on this came from Brandon Biggs around March 13th, exactly 4 months before. Therefore, we see a cycle of 4 months here several times, which could be a code for the 3DD three-day darkness in 4 months (Thursday-Sunday according to Marie-Julie Jahenny & general biblical logic). We also find this 4-month cycle \*before\* the harvest=3DD & new birth in John 4-35:

*Do you not say yourselves, 'It is still four months until the harvest?' But I say to you, open your eyes and see that the fields are white [=bride of Christ], ripe for harvest.*

## Prepping

*When he is tried, let him be found guilty, and may his prayers condemn him (become sin).*

*May his days be few, may another take his place of leadership.*

*May his children be fatherless and his wife a widow.*

*May his children be wandering beggars, may they be driven from their ruined homes.*

*May a creditor seize all he has, may strangers plunder the fruits of his labor.*

*May no one extend kindness to him or take pity on his fatherless children.*

*May his descendants be cut off, their names blotted out from the next generation.*

*May the iniquity of his fathers be remembered before the Lord,*

*may the sin of his mother never be blotted out.*

*May their sins always remain before the Lord, that he may blot out their name from the earth.*

*For he never thought of doing a kindness, but hounded to death the poor*

*and the needy and the brokenhearted.*

*He loved to pronounce a curse-may it come back on him.*

*He found no pleasure in blessing-may it be far from him.*

(Psalm 109)

So we have a little more time that should be used for prepping on all levels. In March 2020, almost all of humanity became preppers for a short time, even if it was just extra rolls of toilet paper. Even the child rapist's coup in 2020 was a warning, because the name *Biden* means something like 'unfortunately a judgment' in Hebrew, see Pastor Perry Stone ([Link](#)).

That was God's offer: to encourage people to prep on \*all\* levels for at least 4 years before day X. After a brief positive initial impulse in March 2020, however, the opposite unfortunately happened: the tense & completely absurd clinging to so-called 'normality' (which in reality is completely abnormal) is even worse than before 2020. The worst is the so-called 'awakened truth movement' (= Trutzer) or the alternative media, which often spread even worse lies than the lying press. The lying press at least admits the dramatic climate change (albeit with the wrong attribution of causes), only the Trutzer are almost 100% opposed to the truth: there are no bigger idiots.

In the summer of 2023, for the first time in Amanita's 24 years, 5% of the strategic depot was used for prepping, because prepping goods have \*by far\* (!) the highest return in the end times. Then a year later in the summer of 2024, this value was increased to the final 20%. Prepping is a long-term & extremely complex affair, see the distinction between the time levels 5 years to one day before Day X according to the *Canadian Prepper* ([Link](#)). The goal is certainly food for a whole year, apart from many other things. In reality, however, almost no one is prepared for even a minimal SHTF scenario that goes beyond pure civil defense (2 weeks). Even according to FEMA data, only 5-6% of US citizens can sustain themselves for a month without outside supplies ([Link](#)). This percentage is probably much lower in Europe (1-3%?), because the USA is a huge country, which

is in parts very sparsely populated & people there are naturally much more self-sufficient. However, apart from peripheral areas such as northern Scandinavia etc., Europe is much more densely populated, has a much more solid infrastructure & has far fewer natural disasters (hardly any hurricanes & earthquakes), which greatly reduces the need for prepping. The next few months seem to be the last opportunity for prepping, although realistically since August 2024 the systemic risks have been so great that in principle there could be disruptions at any time that would severely hamper prepping.

Let's pray day and night that God's judgment will now unfold even quicker & crueler, because all these things \*must\* come to pass before the Christ can return! Violence, pain & suffering is the only language that humanity understands: we must speak the language of the most evil race in the galaxy, otherwise communication is not possible.
